1. DEVICE REGISTRATION

For first time log in on new device, user needs to register device to use Techcombank Business Mobile

- ◆ 1.1. First time log in
- ◆ 1.2. Register passcode
- ◆ 1.3. Device management

► 1. Device registration

1.1. First time log in

After completing the login and changing the password on the computer (via the web platform), the user logs in for the first time on the mobile application using the login name and new password.

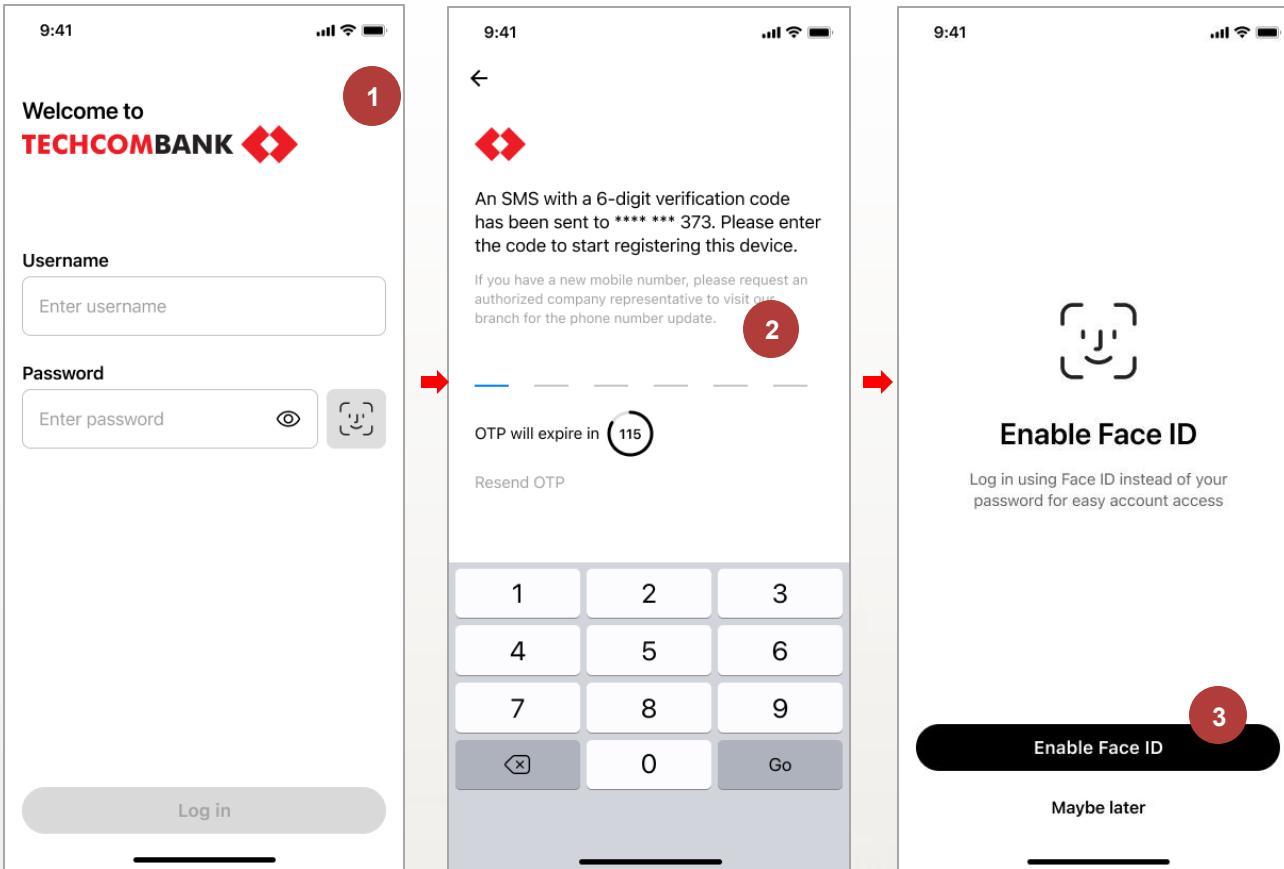

1 Input user name and password

2 Enter the OTP code sent via text message/email to register the device

3 Select **Enable Face ID/Touch ID**. Select **OK** to allow Techcombank access Face ID/Touch ID then verify your Face ID/Touch ID in appeared screen.

Note:

- You need to log in to web to activate user account before log in to mobile
- If Face ID/ Touch ID are not enabled, user needs to input username & password every time you log in

► 1. Device registration

1.2. Register passcode

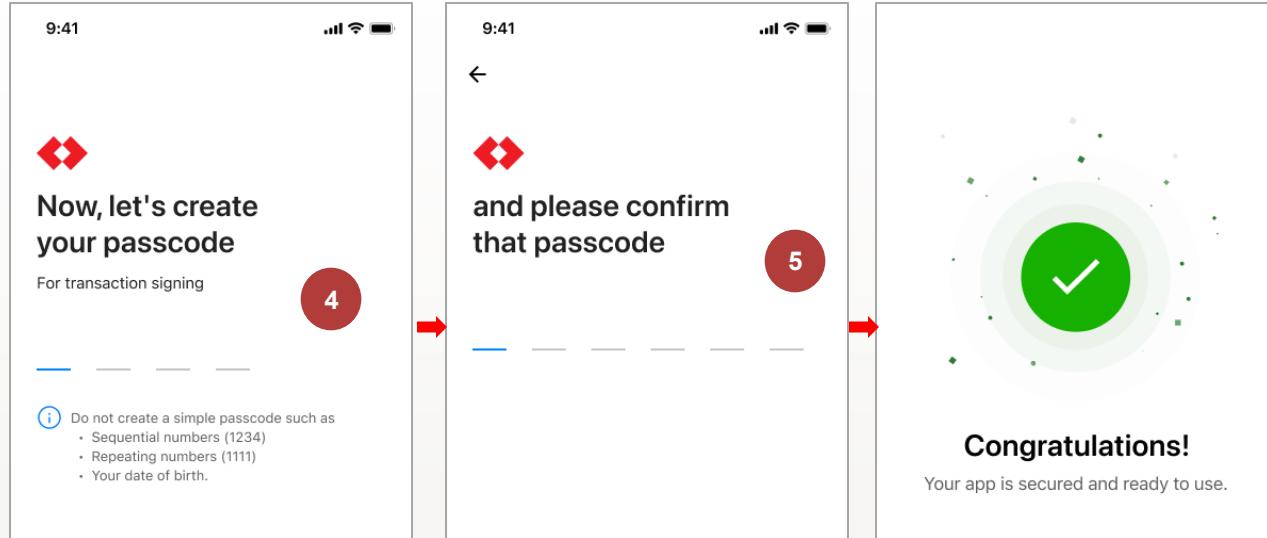

After first time log in on mobile, user need to register passcode to apply on functions which required 2nd authentication in the future

4 Input your **6-digit** passcode

5 Confirm your passcode.

Do not create simple passcode such as:

- Sequential numbers (1234)
- Repeating numbers (1111)
- Your date of birth

NOTE

- *Users need to log in to a computer to activate the account before logging in on a phone*
- *If Face ID/Fingerprint is not applied, the user must enter the username and password every time they log into the account*
- *When accessing the TCBB application, if the mobile device does not have a security lock, the system will display a warning*

1. Device registration

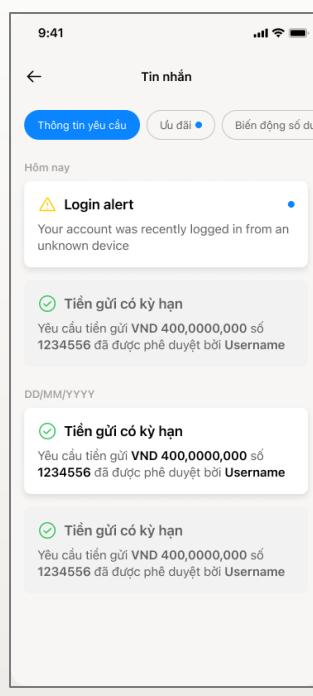

1.3. Device management

From 1/1/2025, when logging in to TCBB **Web** from an untrusted device, customers will receive a login alert. The Device Management feature allows user to monitor login activity across all devices and protect your account from unauthorized access. If your account is accessed from an unfamiliar device on the web, the system will send a warning notification via the TCBB mobile app. (Note: You need to have the TCBB app installed to review and manage login alerts on untrusted devices.)

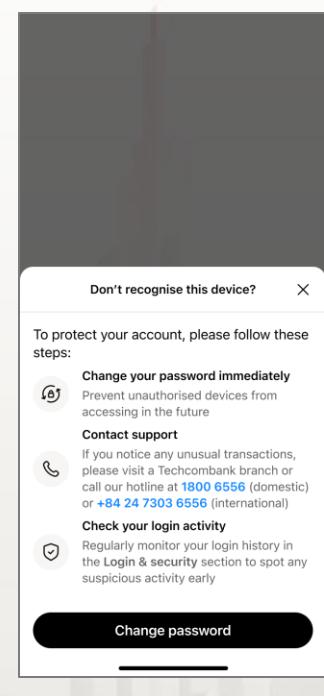

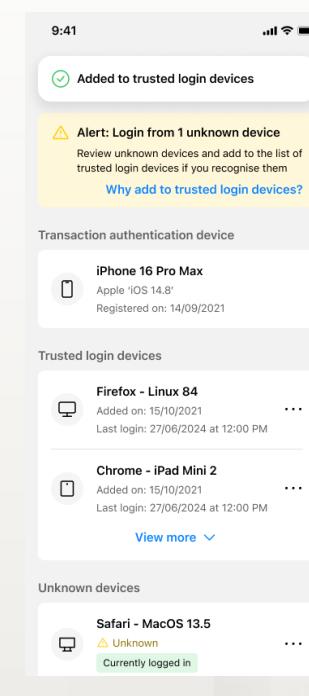

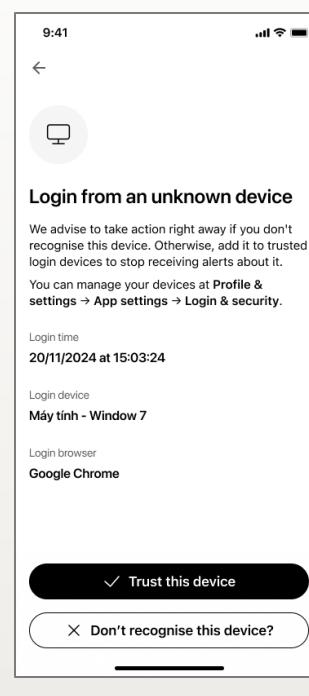

Push noti

In-app noti

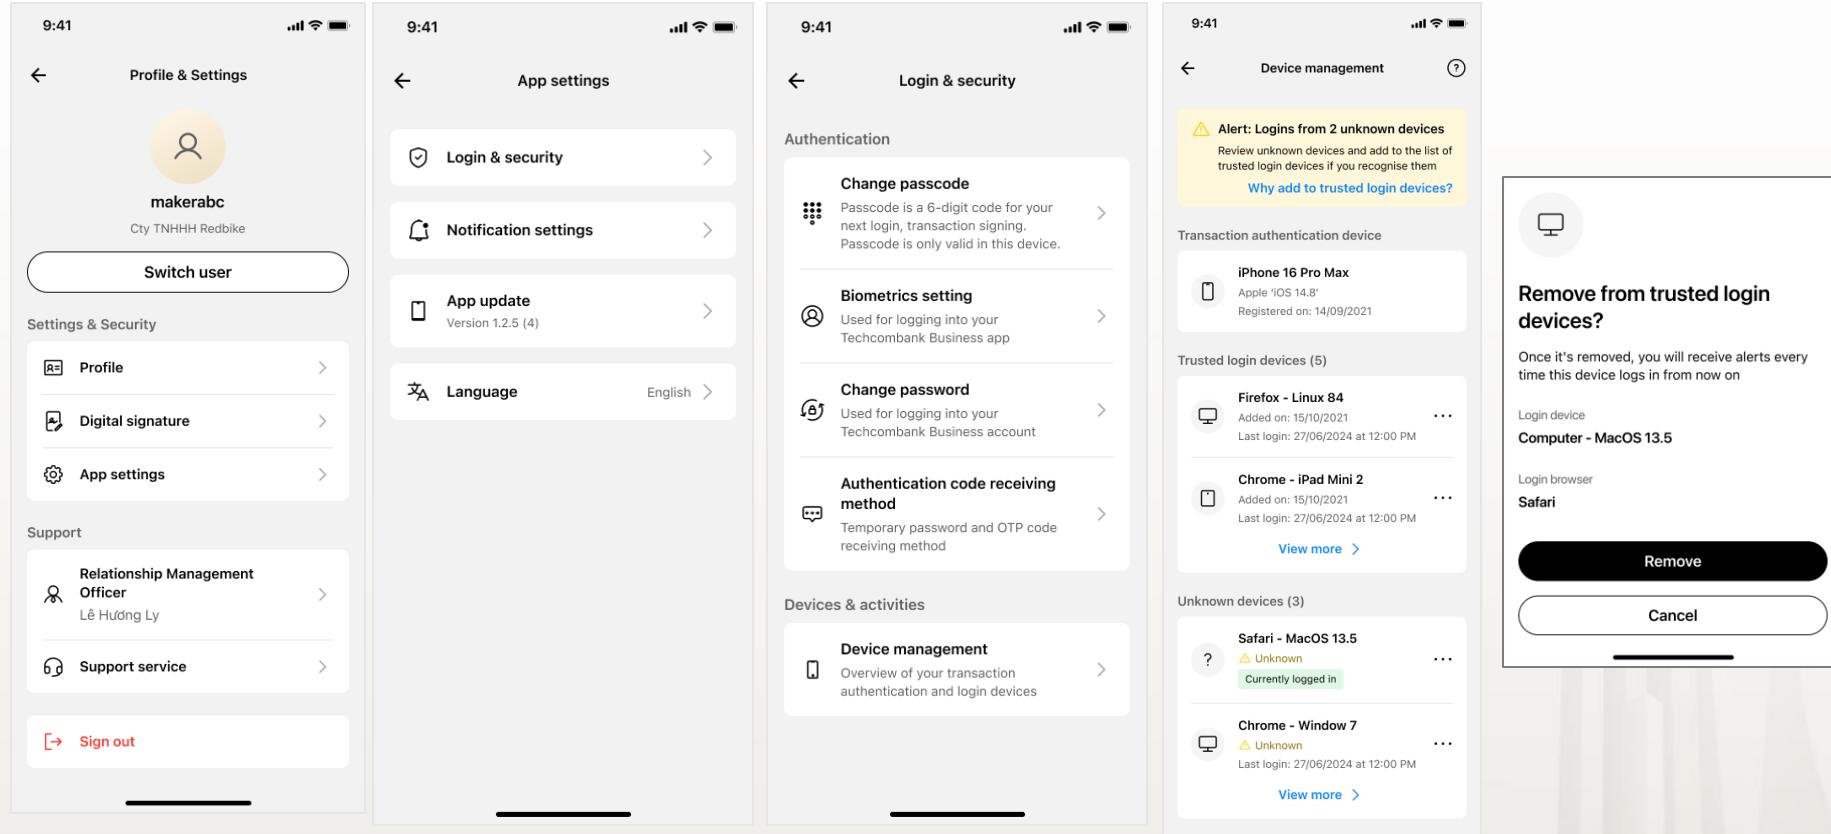

Customers can choose either 'Trust this device' or 'Don't recognize this device' (with guidance to visit the nearest TCBB branch or contact the hotline and change the password to protect the account)

1. Device registration

1.3. Device management

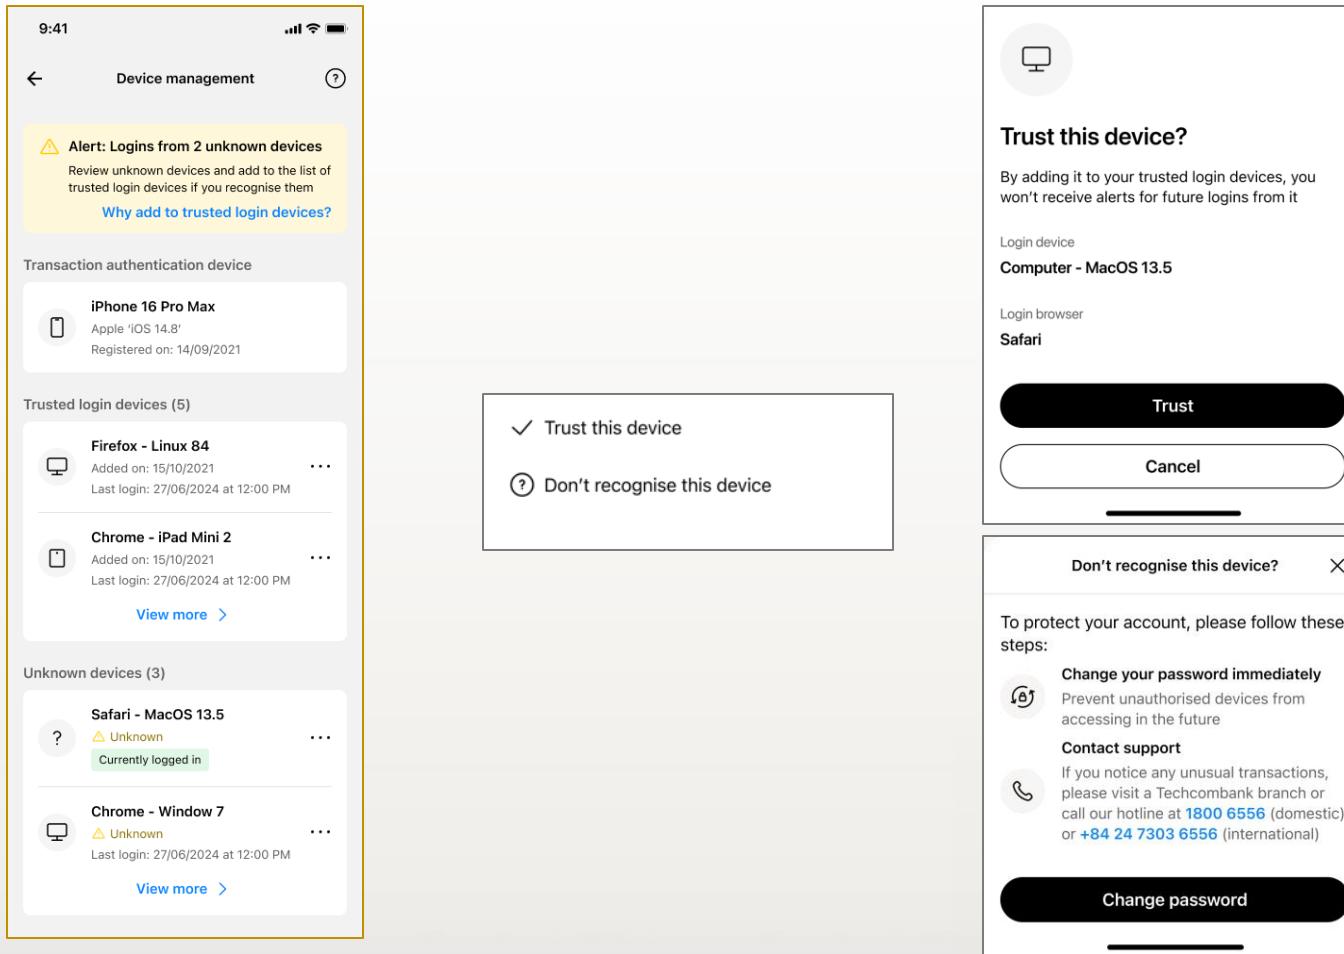

User log in TCBB app > Profile & Settings > App settings > Login & Security > Device management

1. Device registration

1.3. Device management

To manage unfamiliar devices, for frequently used devices, users can add them to the Trusted Login Devices list or select 'Don't recognize this device.' The option 'Trust this device' can only be performed on the mobile app

2. UPDATE ID & ADD BIOMETRIC INFORMATION

- ◆ 2.1. Eligibility conditions to use the feature
- ◆ 2.2. Steps to update ID and add Biometric Information

2. UPDATE ID & ADD BIOMETRIC INFORMATION

2.1. Eligibility conditions to use the feature

About device set-up :

- ❖ Use a mobile device that supports reading information from the chip in the CCCD or Identity Card (NFC).
 - For Android: List of NFC-supported devices [\[here\]](#)
 - For iOS: Mobile devices from iPhone 7 onwards support the NFC scanning feature
- ❖ Require at least Techcombank Business version **2.6.3**
- ❖ Instructions for NFC scanning operations for different phone models [\[here\]](#)

Regarding personal identification documents:

- ❖ 12-digit CCCD with NFC chip (issued from 01/2021)
- ❖ Identity Card (issued from 07/2024)

2. UPDATE ID & ADD BIOMETRIC INFORMATION

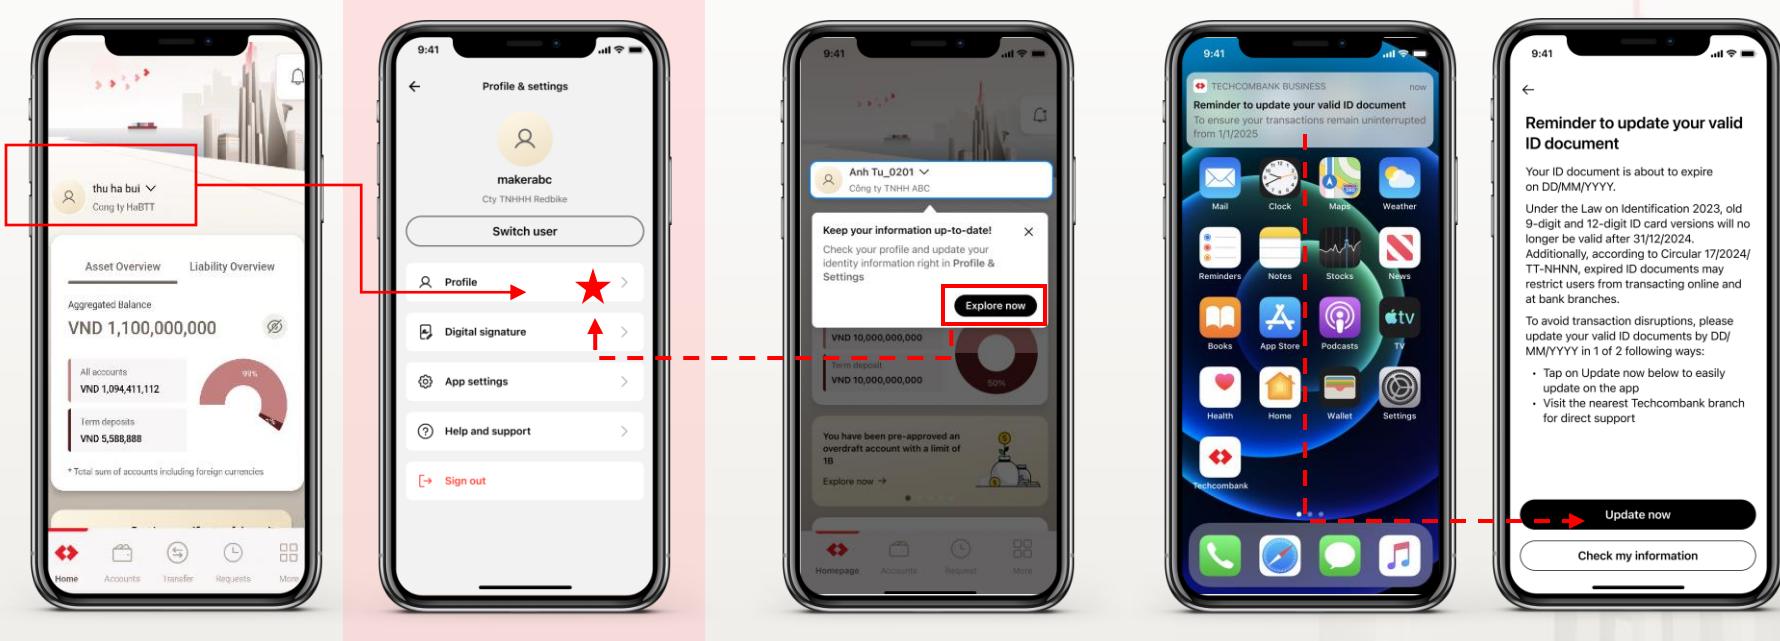

2.2. Steps to update ID and add Biometric Information

Ways to update Personal ID and add Biometric Information

Method 1: From the Home Screen
> Select User > Profile & Settings >
Personal Profile

Method 2: Or click on
"Find out now" when
there is a notification
on the Home Screen

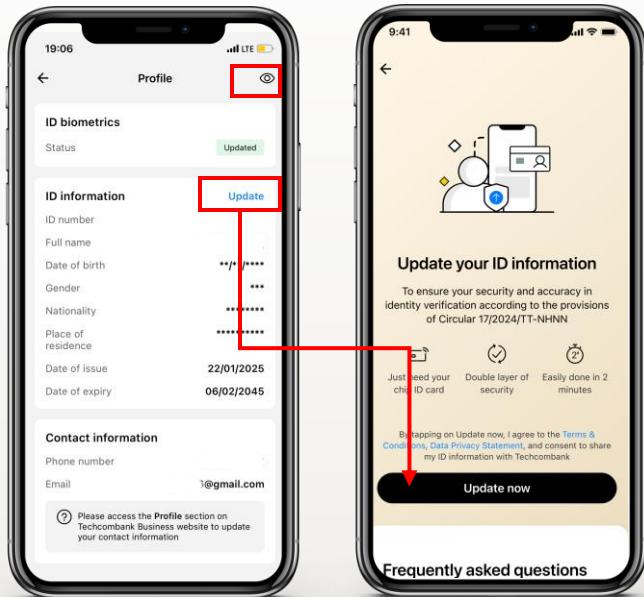

Method 3: Click on the app's
notification on the device

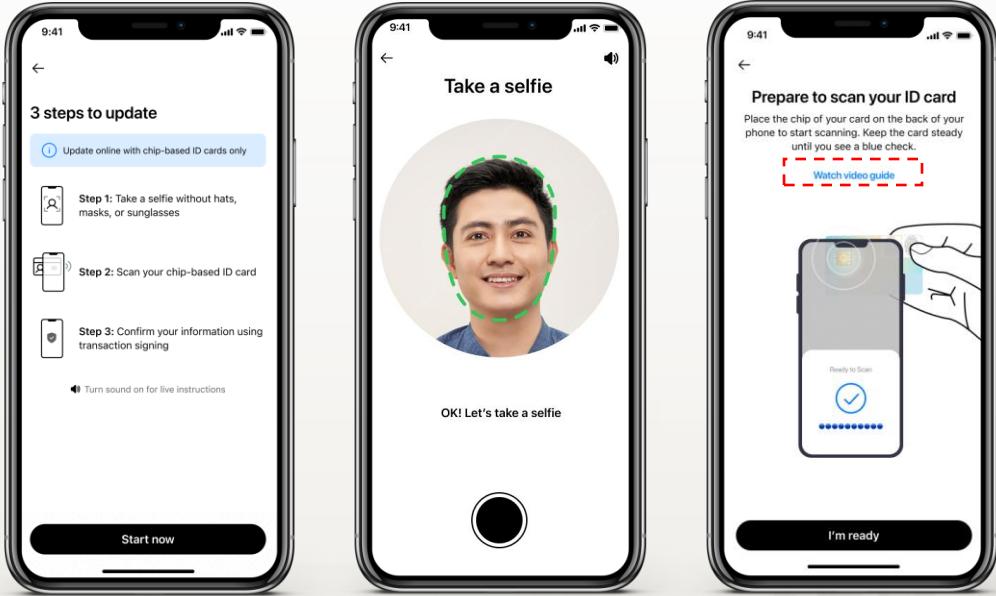

2. UPDATE ID & ADD BIOMETRIC INFORMATION

2.2. Steps to update ID and add Biometric Information

- 1 Select the eye icon to view the identification information that has been provided. Select **Update** to begin

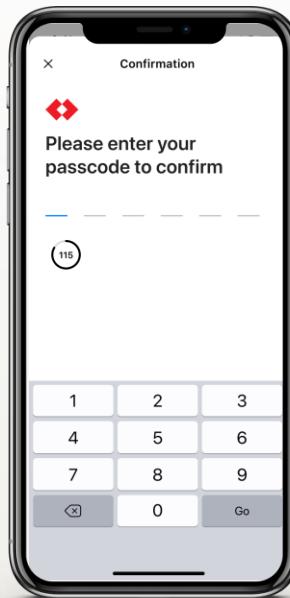

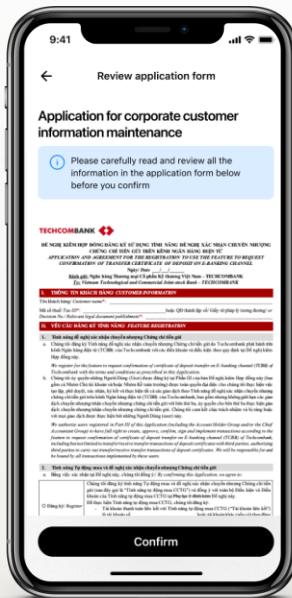

- 2 Take a selfie and scan the NFC of the ID Card. For instructions on scanning the NFC chip on different phone models, refer to [here](#)

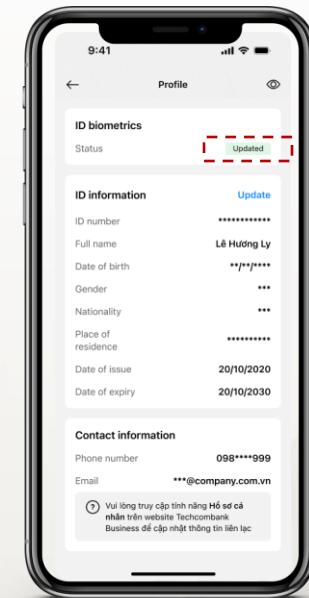

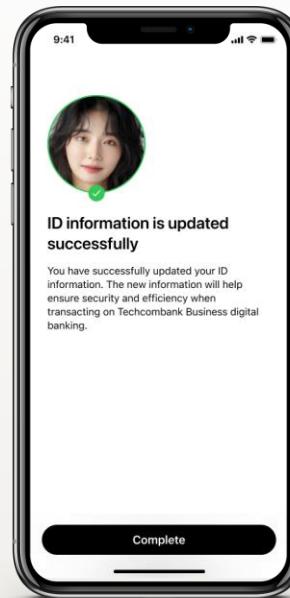

2. UPDATE ID & ADD BIOMETRIC INFORMATION

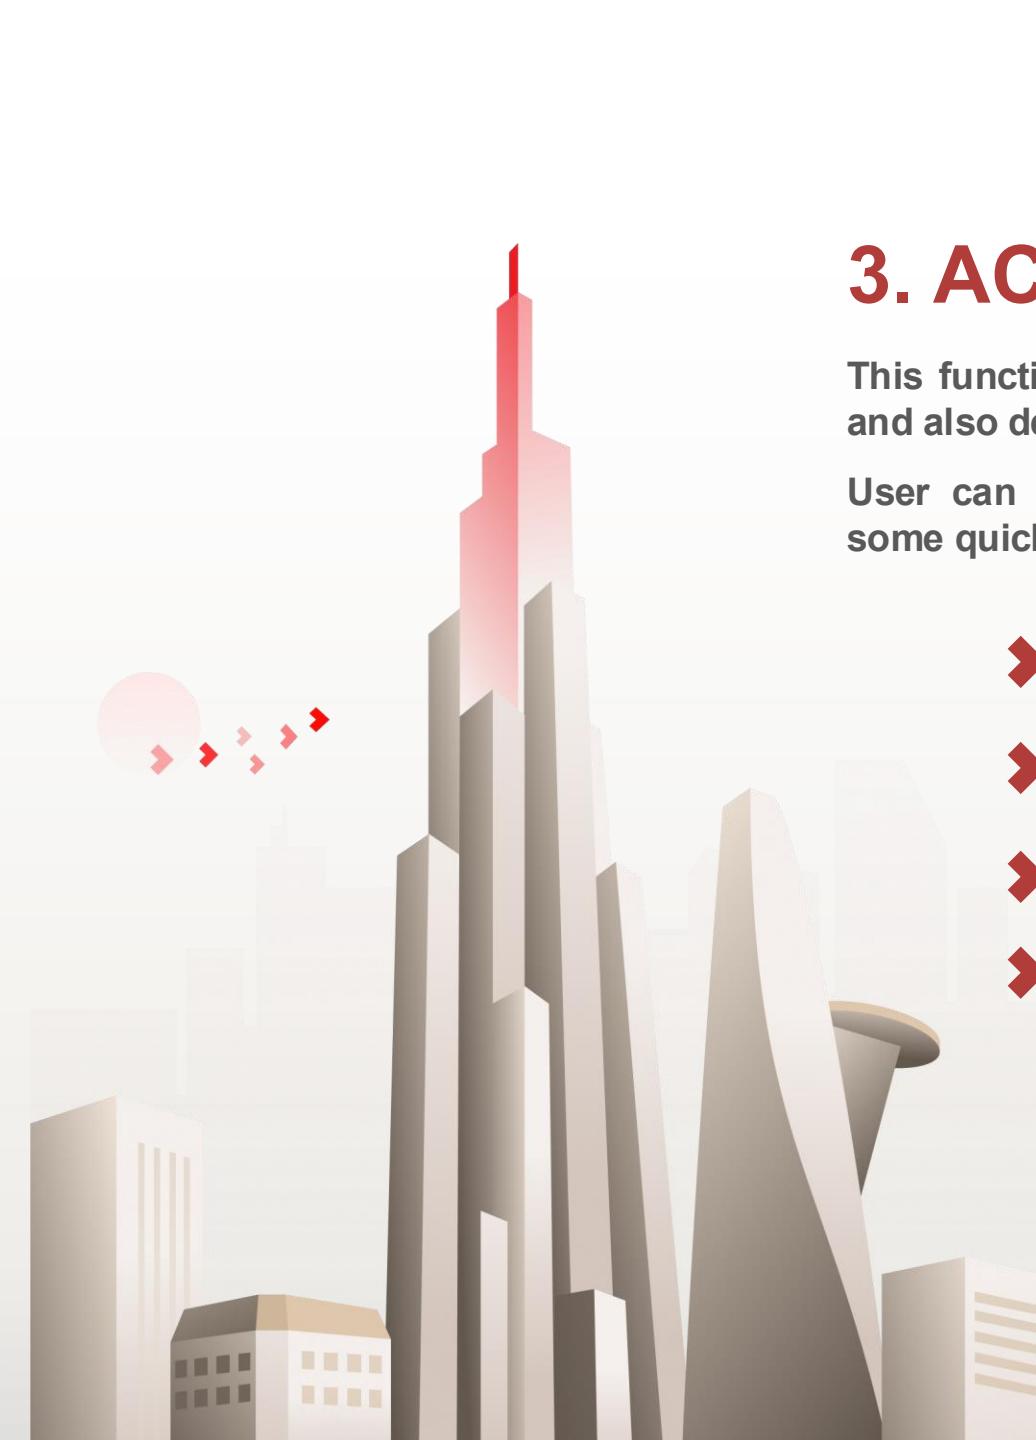

2.2. Steps to update ID and add Biometric Information

- 3 The system generates a request to change information with the newly updated and collected information. Confirm using a passcode

- 4 Successfully update identity information! Biometrics status changes to Updated.

3. ACCOUNT

This function allows user to have an overview and also detailed information of accounts.

User can manage favorite account and have some quick navigation.

- ▶ 3.1. Account Summary
- ▶ 3.2. Account Information
- ▶ 3.3. View Transaction Information
- ▶ 3.4. Download statements

3. Account

3.1. Account Summary

User can **view account list** of current and capital accounts based on the entitlement. User **can view the account information**

View account list

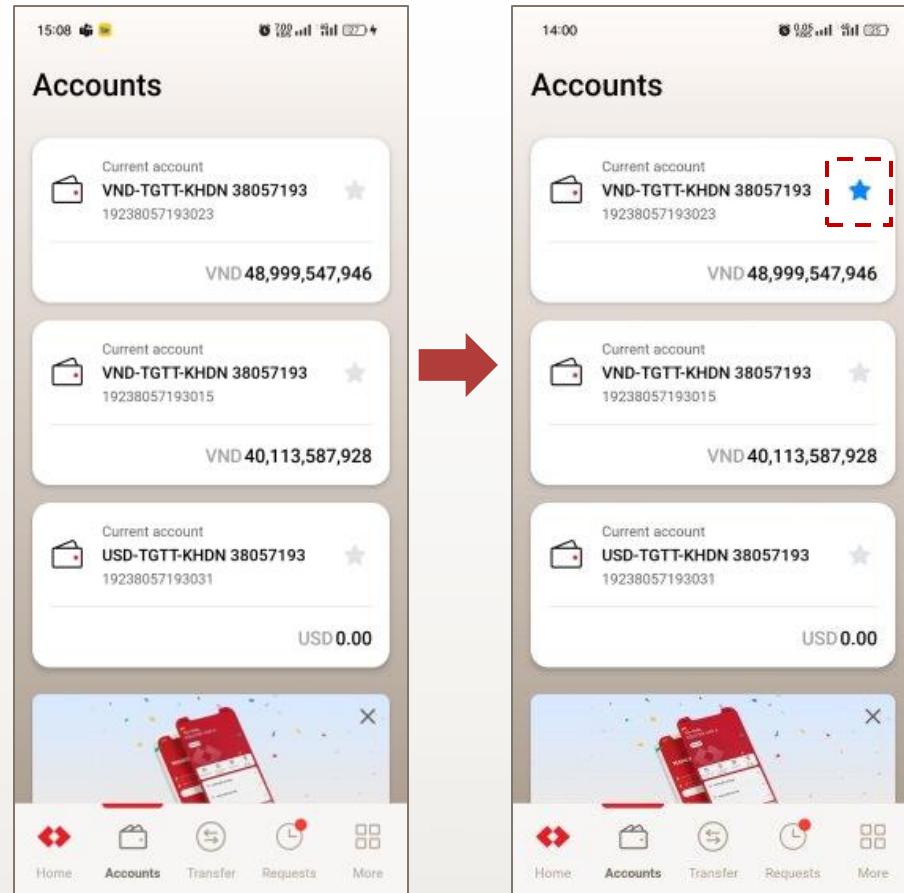

Click on **Accounts** on bottom menu. User can view below information

- Account name
- Account number
- Account type
- Currency
- Current balance

Add favorite account

User add favorite account by select star button on account card. User can remove favorite account by tap on blue star.

Note: On mobile, there are some function are not available such as: Sort, search, filter

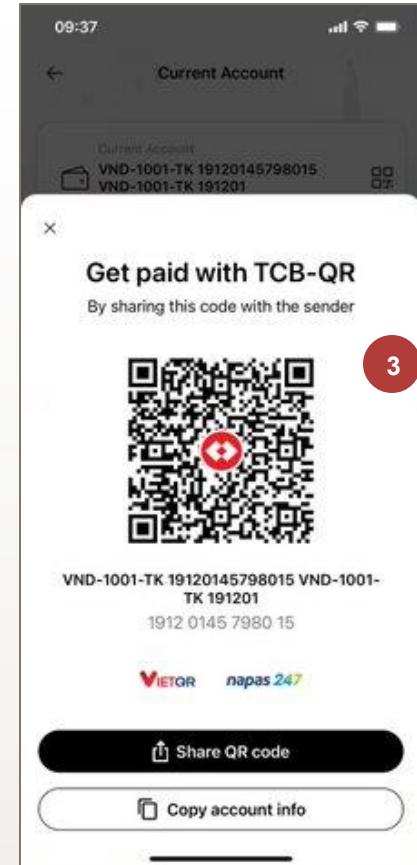

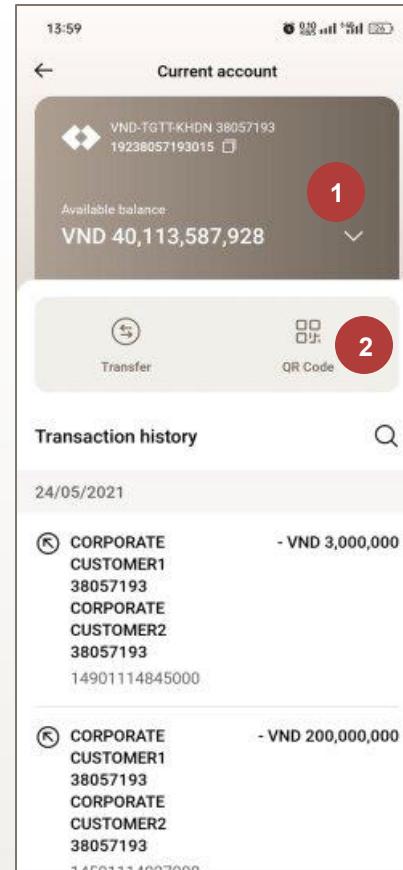

3. Account

3.2. Account Information

1 View account info

Detail information of account includes

- Available balance
- Current balance
- Open balance
- Locked amount
- Overdraft amount

2 View transaction history

User can view incoming and outgoing transaction from all channel of the selected account

3 Create QR code

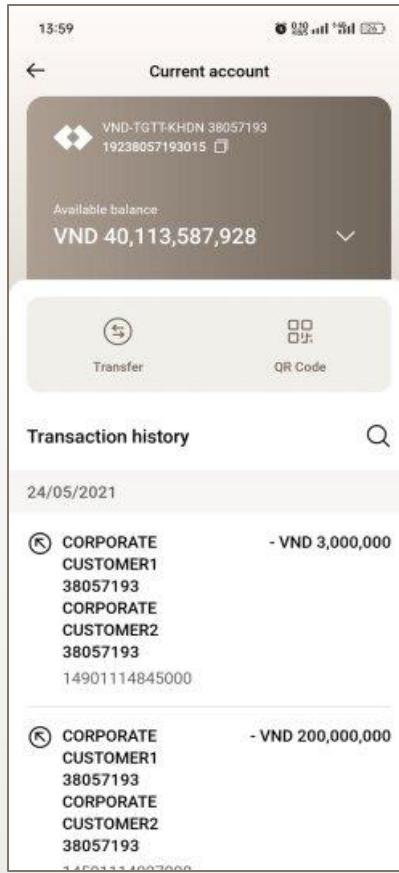

User can create QR code and share to counter party. When counter party scan the QR code, they will have account information to transfer money to.

3. Account

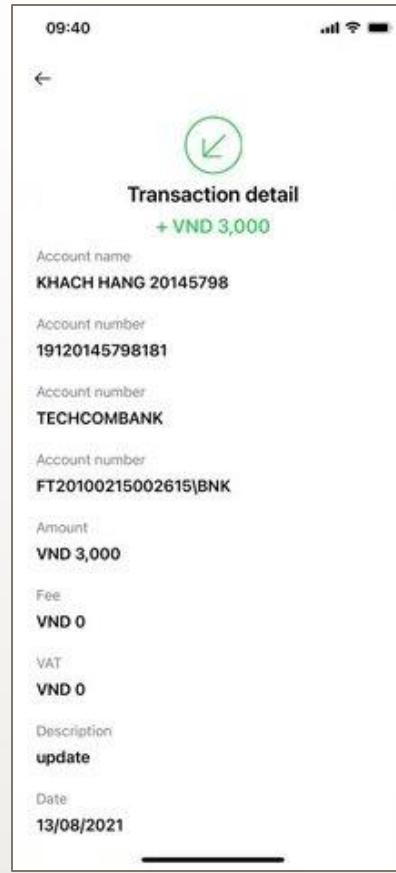

3.3. View Transaction Information

From transaction history screen user can tap on a transaction to view the transaction detail

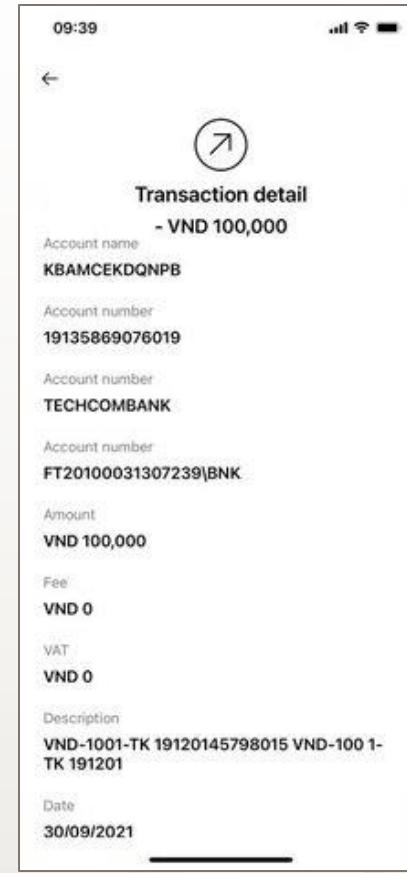

Transaction history

Incoming transaction

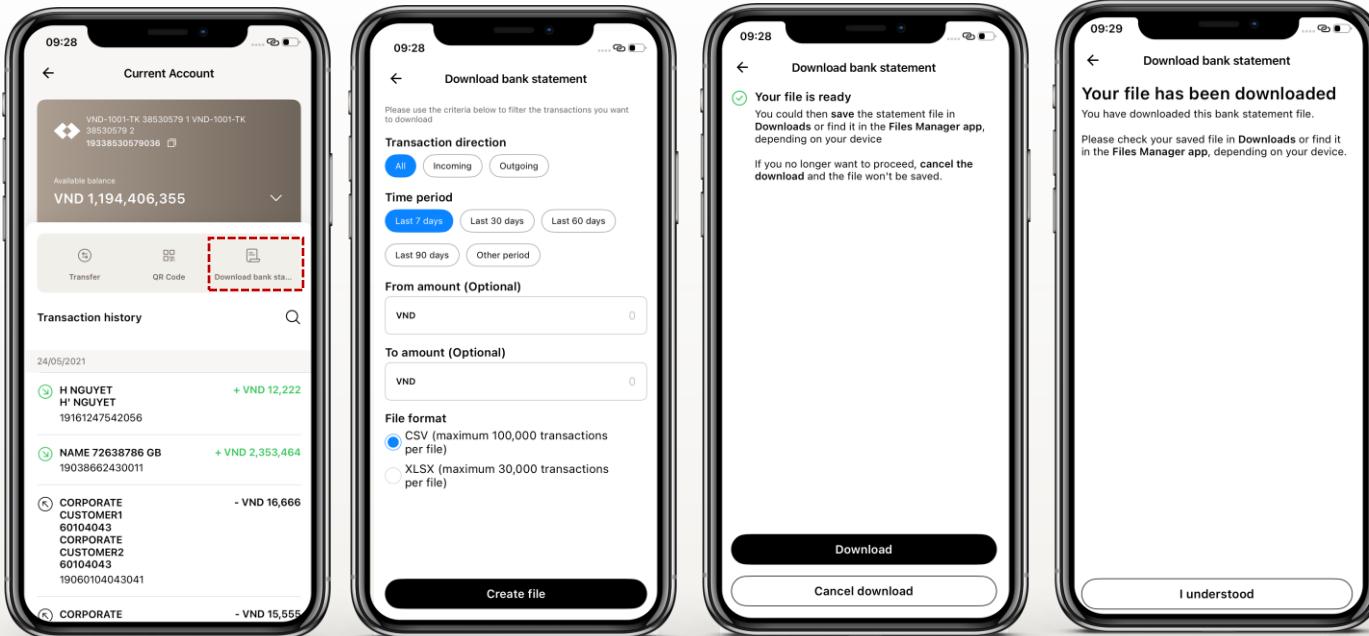

Outgoing transaction

3. Account

3.4. Download statements

To support data backup needs, from October 25, 2025, the 'download bank statement' function is available on Techcombank Business mobile app, offering the same output as the web version (up to 100,000 transactions per CSV file and 30,000 per XLSX file).

Log in TCB app > Select **Current Account** > **Download bank statement** > **Create file** > **Download**

4. MONEY TRANSFER

This function allows users to transfer money within Techcombank or to other banks

- ▶ 4.1. Own account transfer
- ▶ 4.2. Transfer to saved beneficiary
- ▶ 4.3. Transfer to new beneficiary
- ▶ 4.4. Multiple approval

4. Money Transfer

4.1. Own account transfer

1 Select **Transfer**

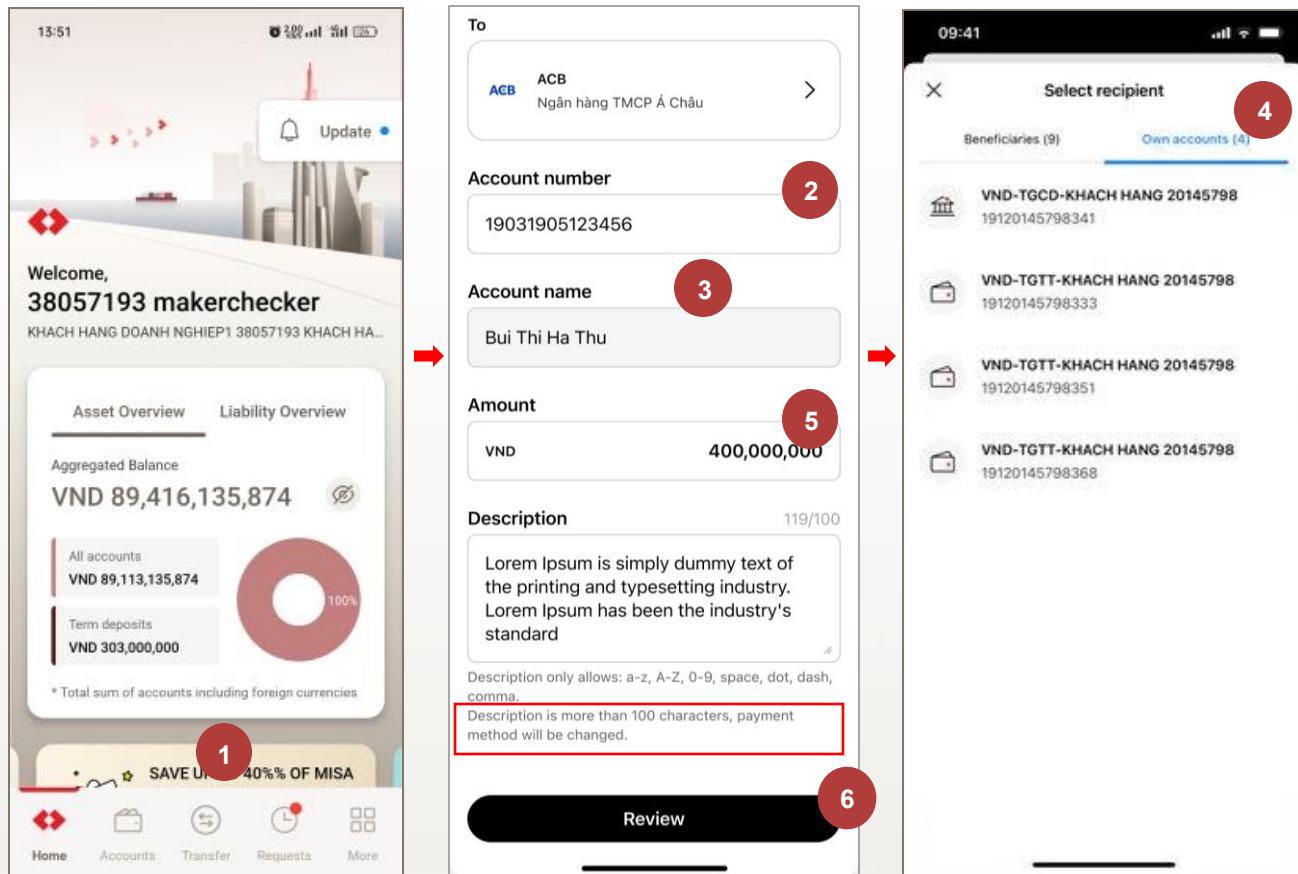

2 Select account you want to debit money

3 Tap on **Select recipient**

4 In appeared box, select **Own account** then select account you want to transfer money to

5 Enter amount of money & description

6 Select **Review** then select **Submit** in appeared screen if you don't want to change any information.

Note: User can enter 140 characters for the description content. However, because Napas (24/7) limits the number of content characters to 100 characters, when user enters more than 100 characters, the system will display a warning "Payment method will be changed."

4. Money Transfer

4.2. Transfer to saved beneficiary

User can transfer money to saved beneficiary as below:

1 Select **Transfer**

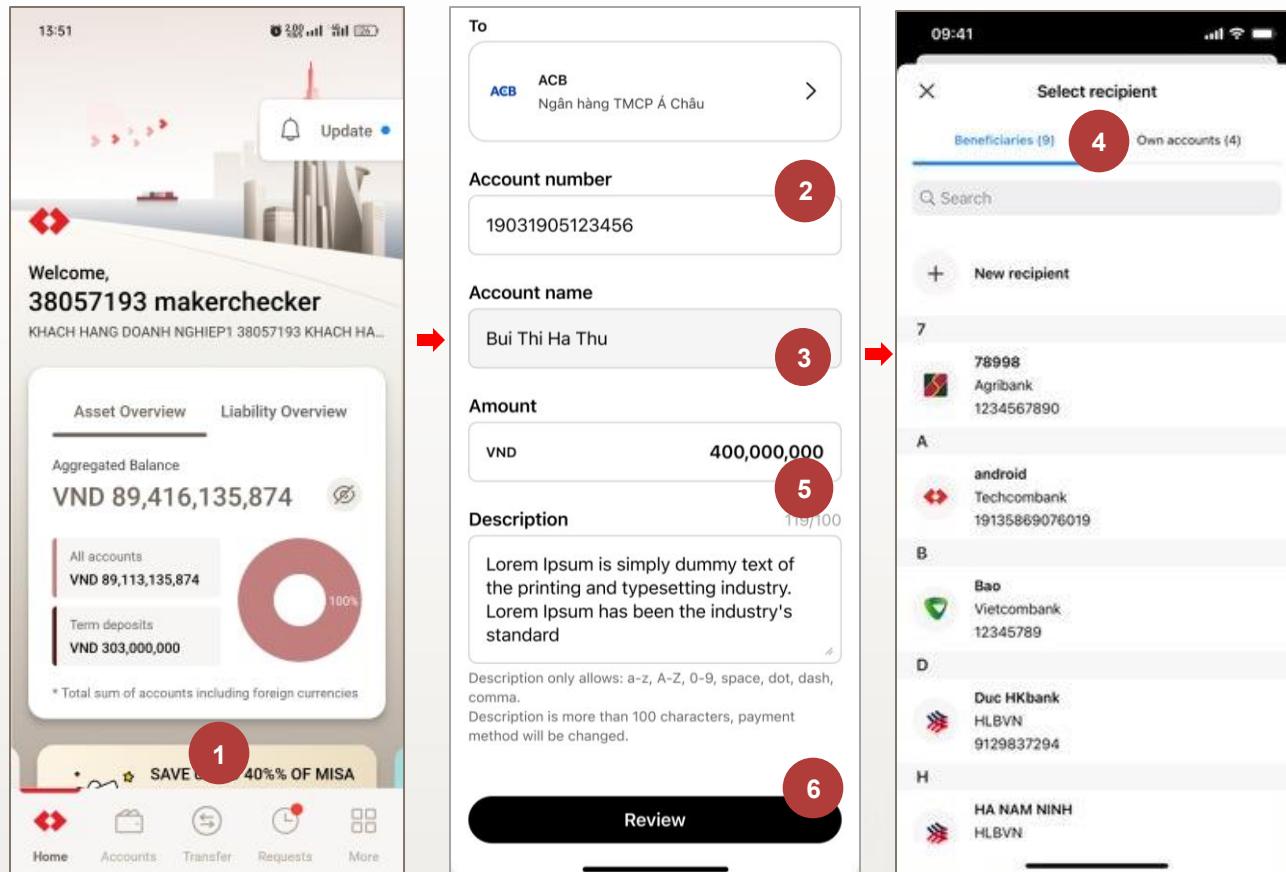

2 Select account you want to debit money

3 Tap on **Select recipient**

4 In appeared box, select **Beneficiary** then select beneficiary you want to transfer money to

5 Enter amount of money & description

6 Select **Review** then select **Submit** in appeared screen if you don't want to change any information.

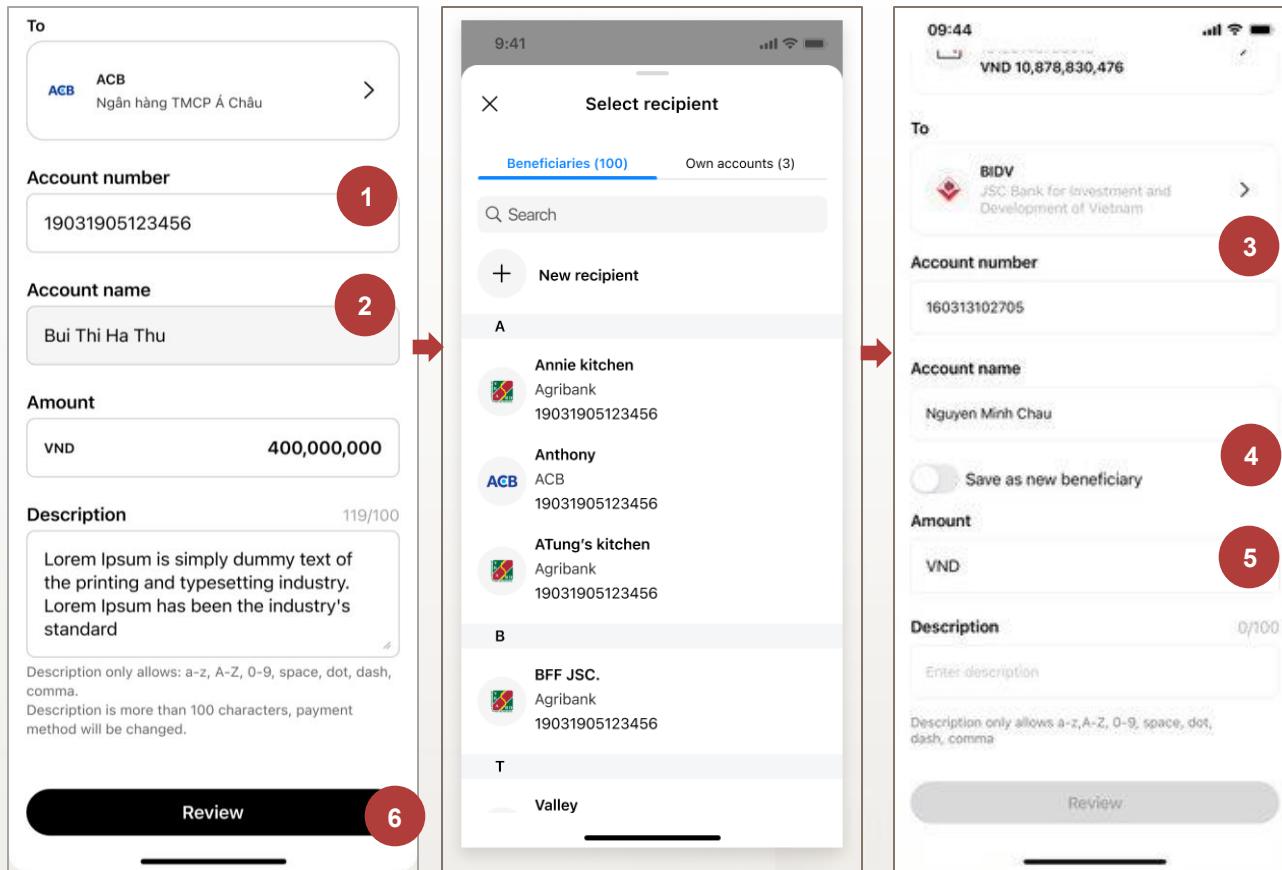

4. Money Transfer

4.3. Transfer to new beneficiary

Select **Transfer**, then select **new transfer**

- 1 Choose account you want to debit from
- 2 Select **New recipient**
- 3 Select beneficiary bank & account number
- 4 Input beneficiary name in case you select **save as new beneficiary**
- 5 Enter amount of money & description
- 6 Select **Review** then select **Submit** in appeared screen if you don't want to change any information.

4. Money Transfer

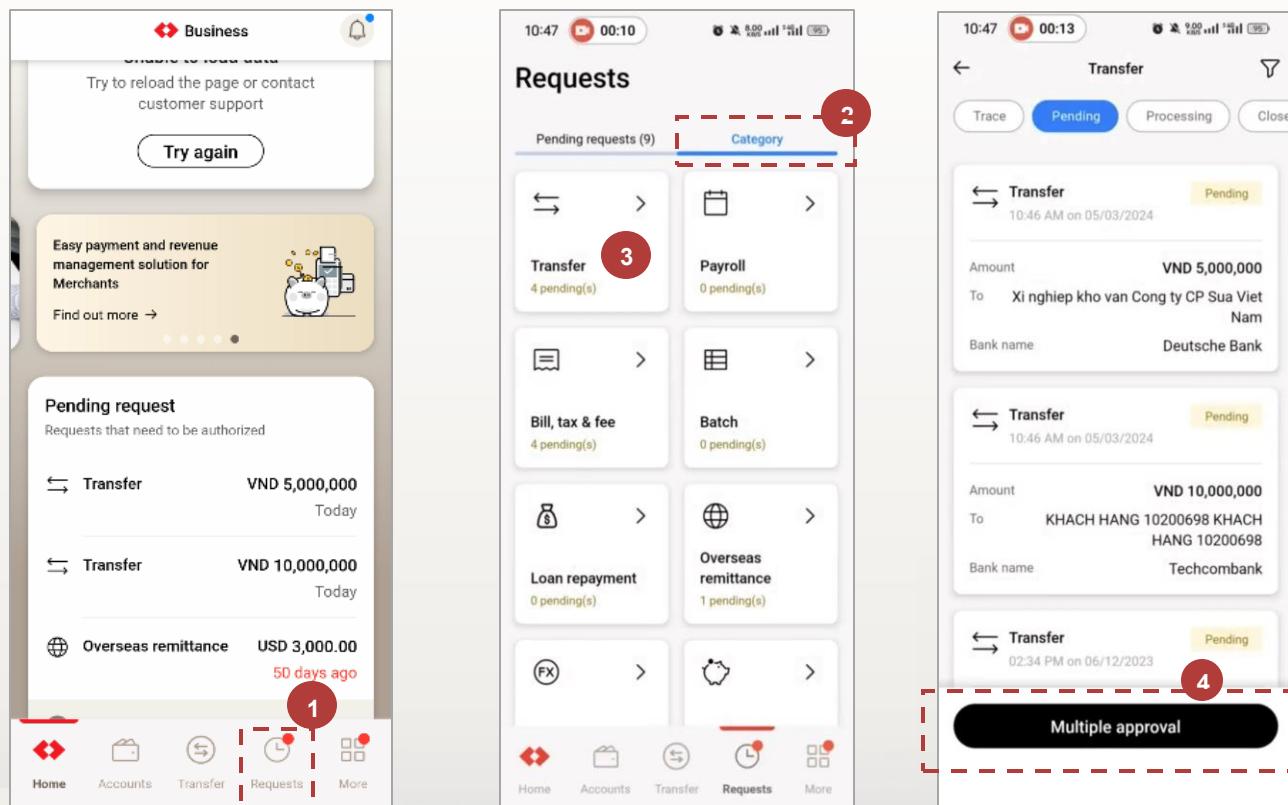

- ▶ Techcombank Business will choose the payment gateway automatically when maker initiate the transactions. If the amount of money lower than 500.000.000 VND and beneficiary bank is in NAPAS network, payment will be prioritized on 24/7 channel. In other case, payment will be process on normal channel.
- ▶ Techcombank Business system will retrieve account name from payment gateway. In case the account name is not available, user need to input account name manually.
- ▶ User cannot change account name if it is populated by system.
- ▶ User can do both intrabank and interbank transfer in this screen.
- ▶ User can enter 140 characters for the description content. However, because Napas (24/7) limits the number of content characters to 100 characters, when user enters more than 100 characters, the system will display a warning "Payment method will be changed."

4. Transfer

4.4. Multiple approval

To start approve multiple transactions on the TCBB App, users perform the following steps:

- 1 User checker logs in to TCBB and selects **Requests**
- 2 Select **Category**
- 3 The system will also display requests according to each type of transaction, access the **Transfer**
- 4 Select **Multiple approval**

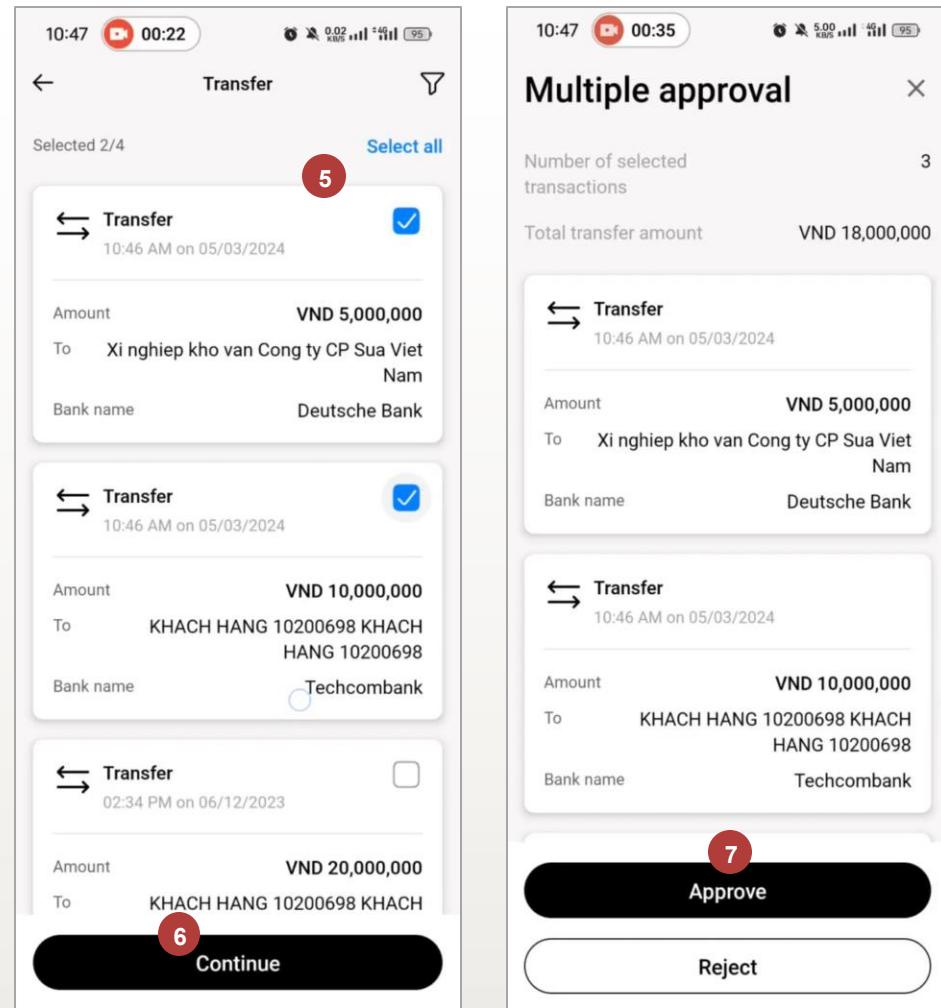

4. Transfer

4.4. Multiple approval (continue)

- 5 Select each transaction they want to approve multiple requests or select all.
- 6 Select **Continue**. The system will switch to the interface to execute **Multiple approval**
- 7 Select **Approve**. The system will review and then either warn error transactions or approve transactions which are ready to be processed.

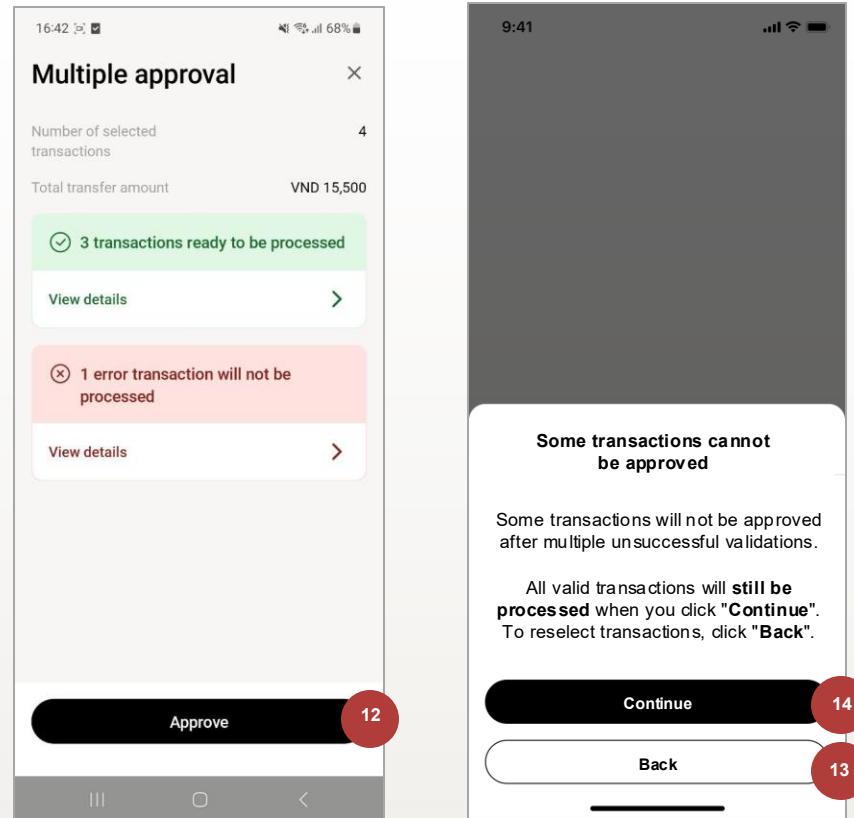

Note: Users can only move to the next step if there is at least one transaction selected for approval.

4. Transfer

4.4. Multiple approval (continue)

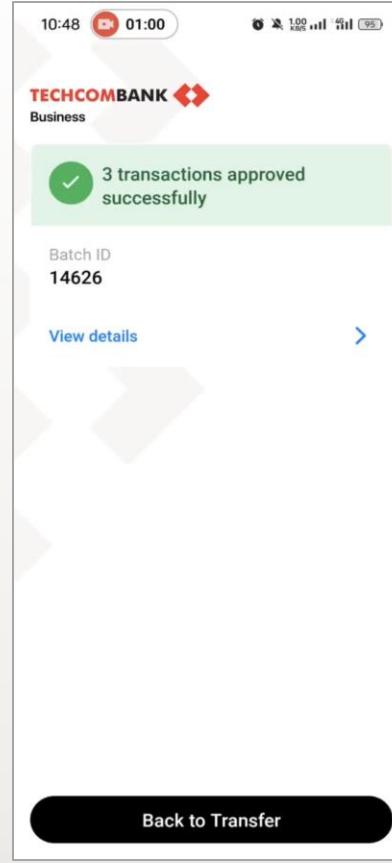

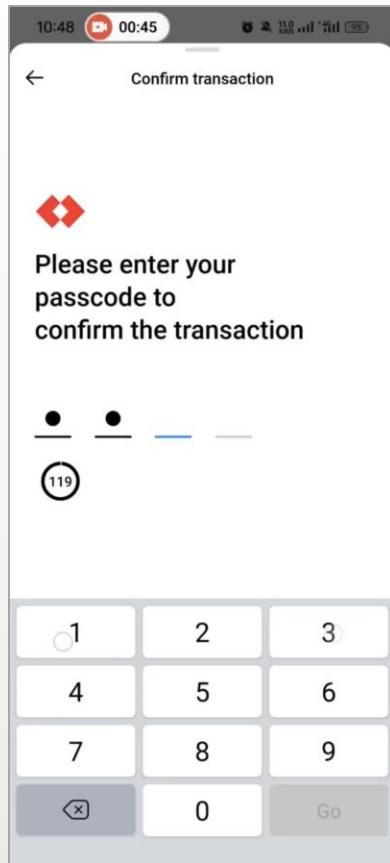

- 8 The system also verifies the necessary conditions to complete the request approval, and if not, there will be a warning to the user. User selects “**Approve**” to proceed.
- 9 User selects “**Back**” to select new transactions in the case some transactions will not be approved after multiple unsuccessful validations.
- 10 Select “**Continue**” to continue making valid transactions

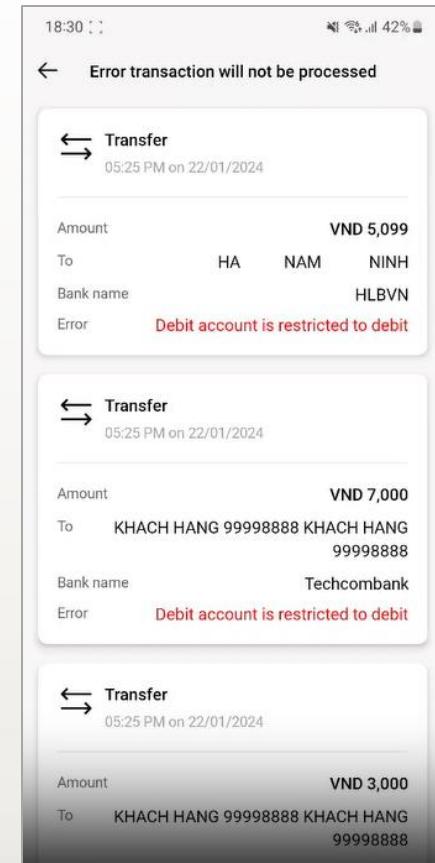

4. Transfer

4.4. Multiple approval (continue)

- 11 On the TCBB Mobile App, a request to enter a passcode to confirm the transaction will be displayed.
- 12 The completion screen approves multiple transactions.

In case of unsuccessful approval, the screen will display the message: "Error transaction will not be processed".

4. Transfer

4.4. Multiple approval (continue)

Notes when browsing multiple transactions on TCBB:

- Customers need to select a minimum of 1 transactions and can select a maximum of 50 transactions in one approval.
- Multiple approval feature NOT applies to foreign currencies (In case the Customer uses the Transfer section to transfer foreign currency between business accounts on TCBB).
- Approving multiple approvals will also remove transactions which transfer from overdraft accounts to debit accounts of corporate customers.
- The system displays transactions by default for the past 90 days. If customer wants to view a longer period, they can use the Filter feature to select a time range of up to 3 years.

Some error warnings when the system authenticates money transfer transactions (similar to when approving single approval)

- The debit account is insufficient to process all transactions.
- Transfer amount exceed available balance.
- Overdraft accounts cannot be transferred to accounts within the same company.
- Users don't have permission to perform this action.

5. MANAGE REQUEST

Users can manage (approve/reject, cancel) transaction requests made on both web and mobile app with transaction status or category

- 5.1. Overview
- 5.2. Maker – Cancel request
- 5.3. Checker – Approve request
- 5.3. Checker – Reject request

5. Manage request

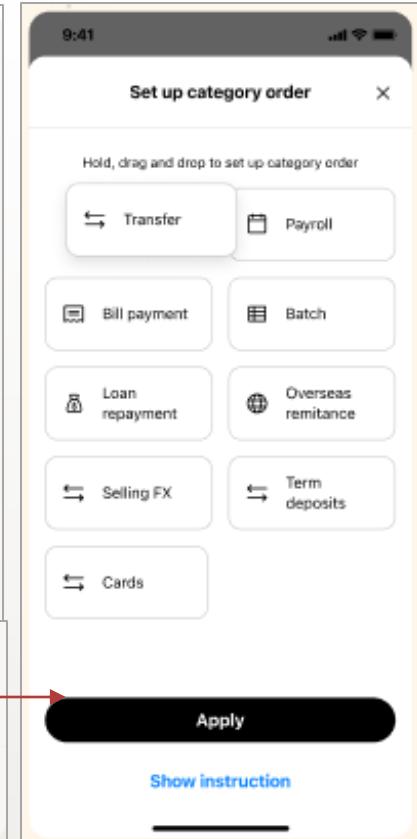

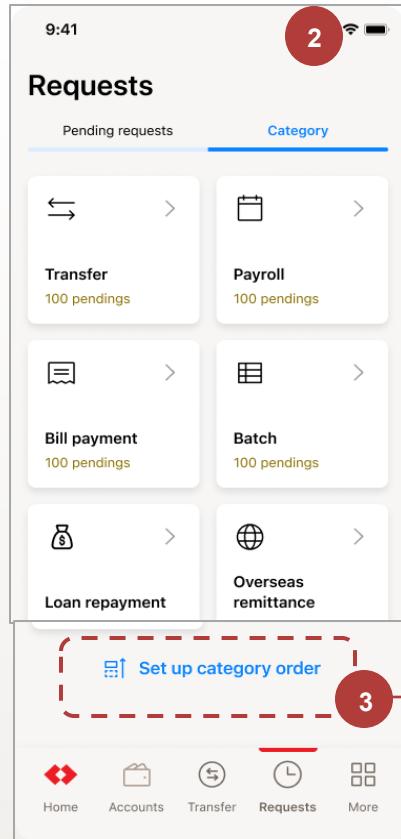

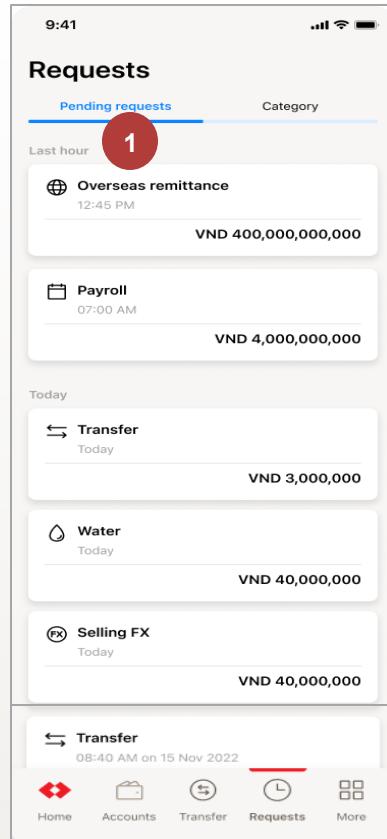

5.1. Overview

Requests on TCB Mobile are structured with following criterias:

- Pending requests
- Category (Type of transaction)

1 Click Pending requests

User can see all pending transactions (from latest request)

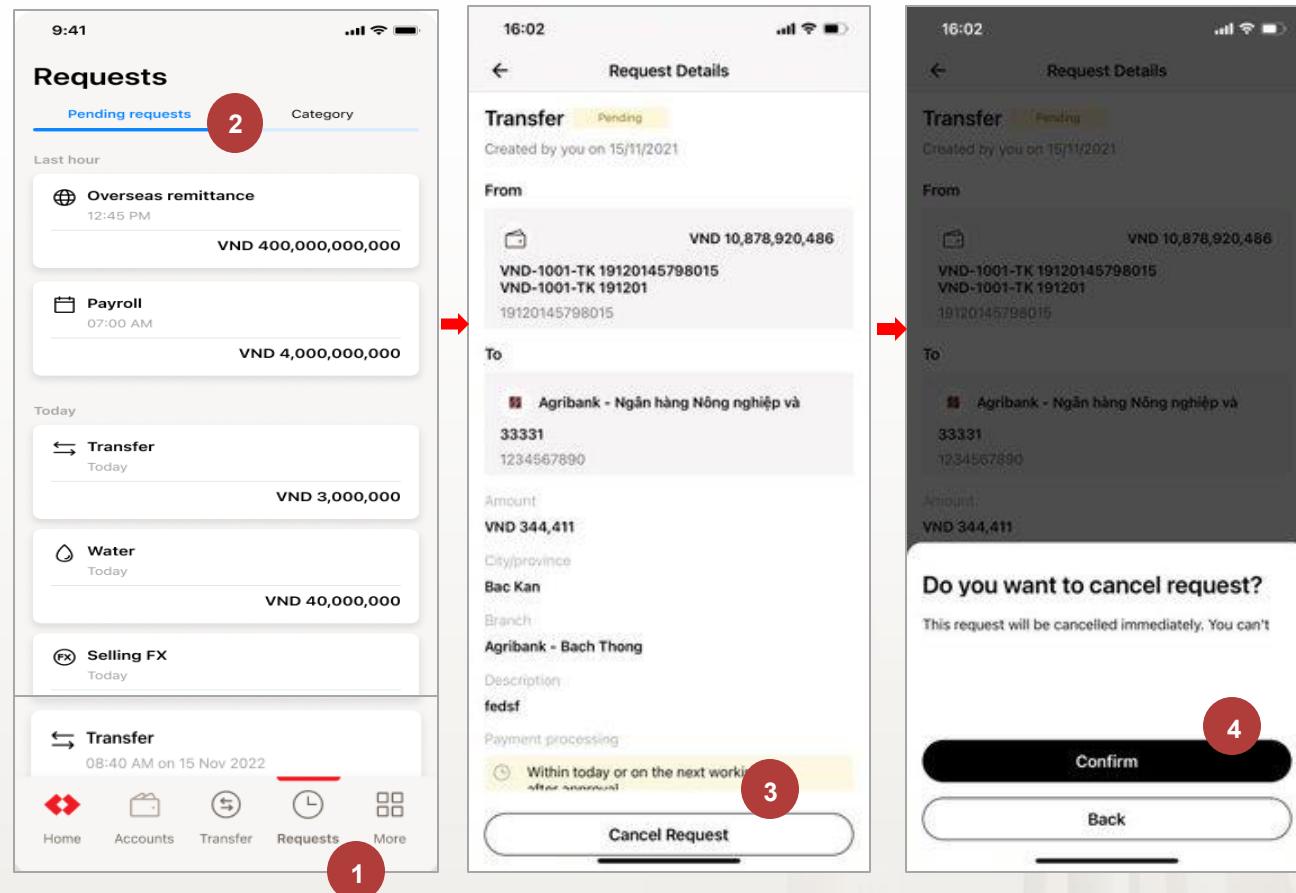

5. Manage request

5.2. Maker – Cancel request

User maker select **Request** from TCB mobile homepage Requests to follow status of all requests or cancel pending requests (if need)

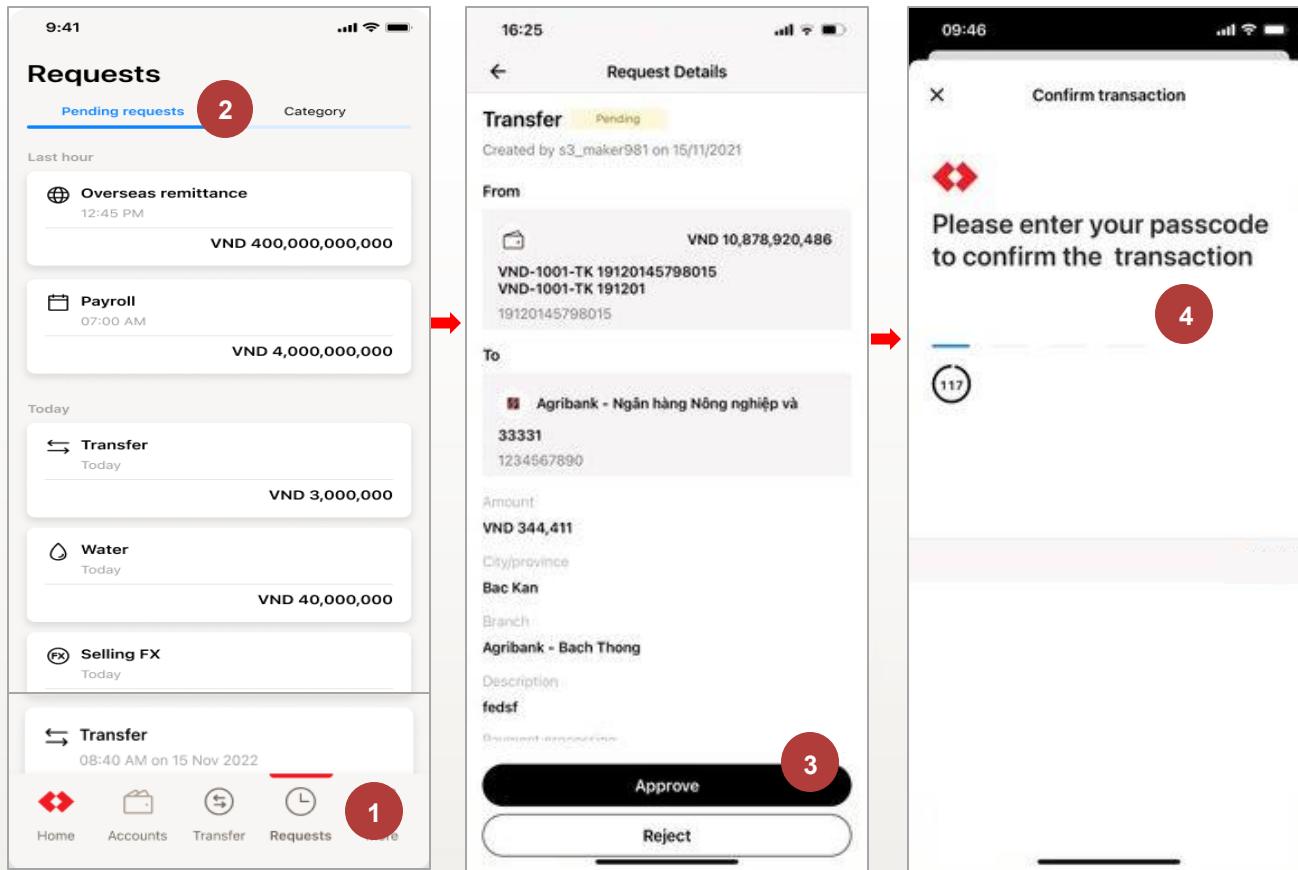

- 1 User maker select **Requests** from menu and click **Pending requests**
- 2 Select the transaction need to be canceled
- 3 Click **Cancel request**
- 4 Press **Confirm**.

5. Manage Request

5.3. Checker – Approve request

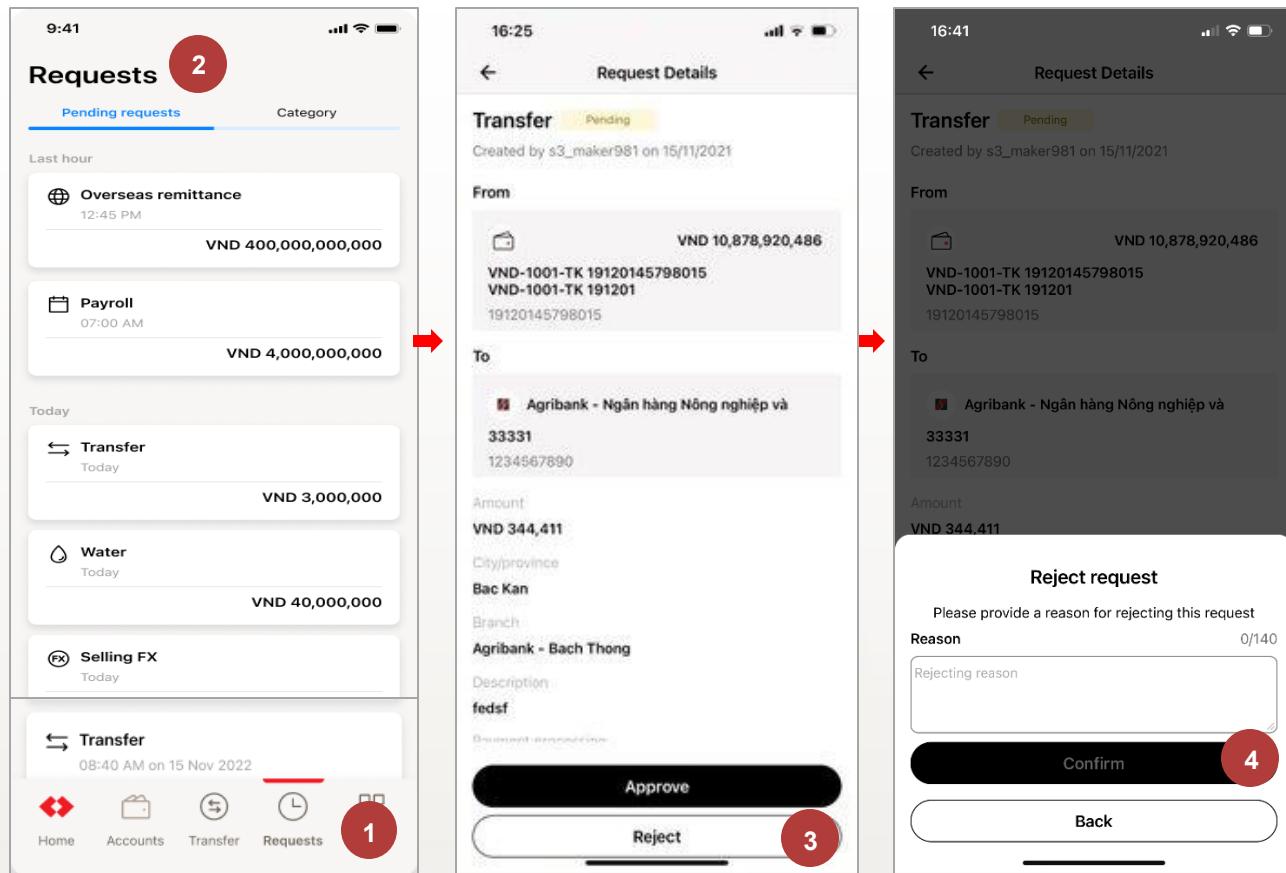

- 1 Select **Request** in bottom menu then click **Pending requests**
- 2 Select request need to approve
- 3 Review all the information then tap on **Approve**
- 4 Enter user checker's passcode to confirm transaction.

5. Manage Request

5.3. Checker – Reject request

- 1 Select **Request** in bottom menu then click **Pending requests**
- 2 Select request need to view detail
- 3 Review all the information then tap on **Reject** if transaction has something wrong
- 4 Input reject reason (if any) then select **Confirm**.

6. TRANSACTION SIGNING

Checker can authorize transactions on
Techcombank Business and sign the
transactions on Techcombank Business Mobile

6. Transaction Signing

1 Select notification when user authorize transaction on Web

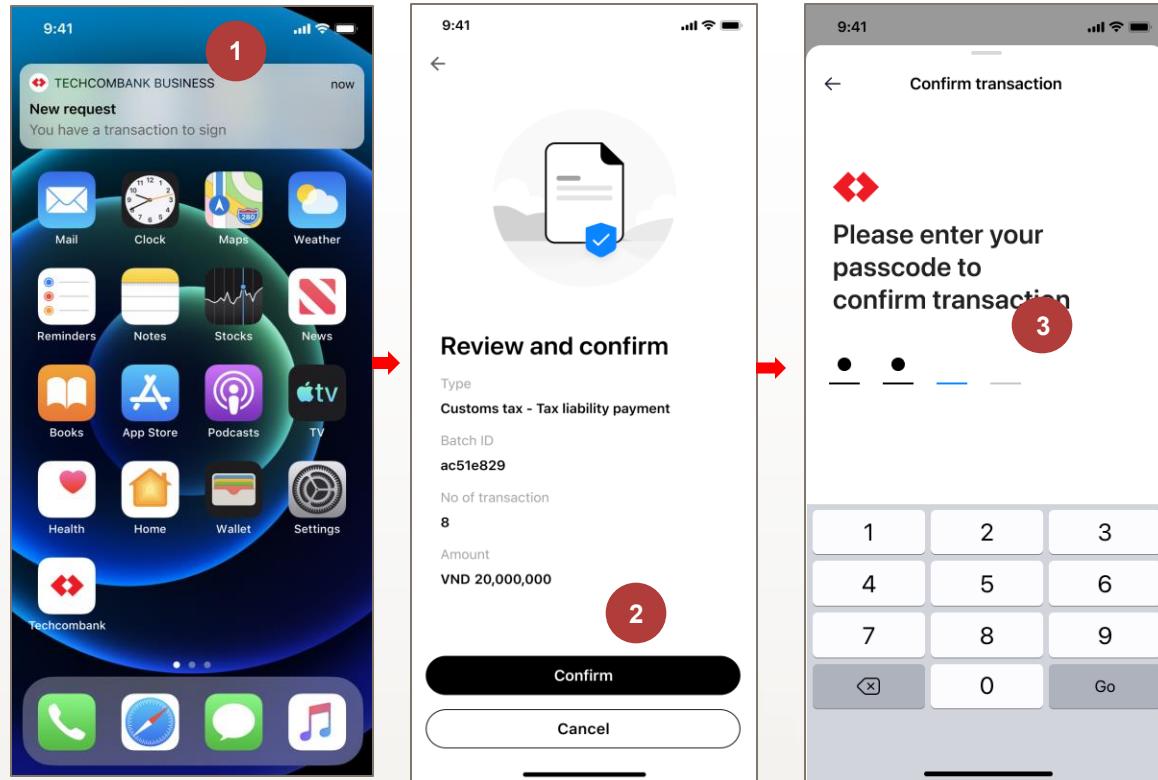

2 Select **Confirm**

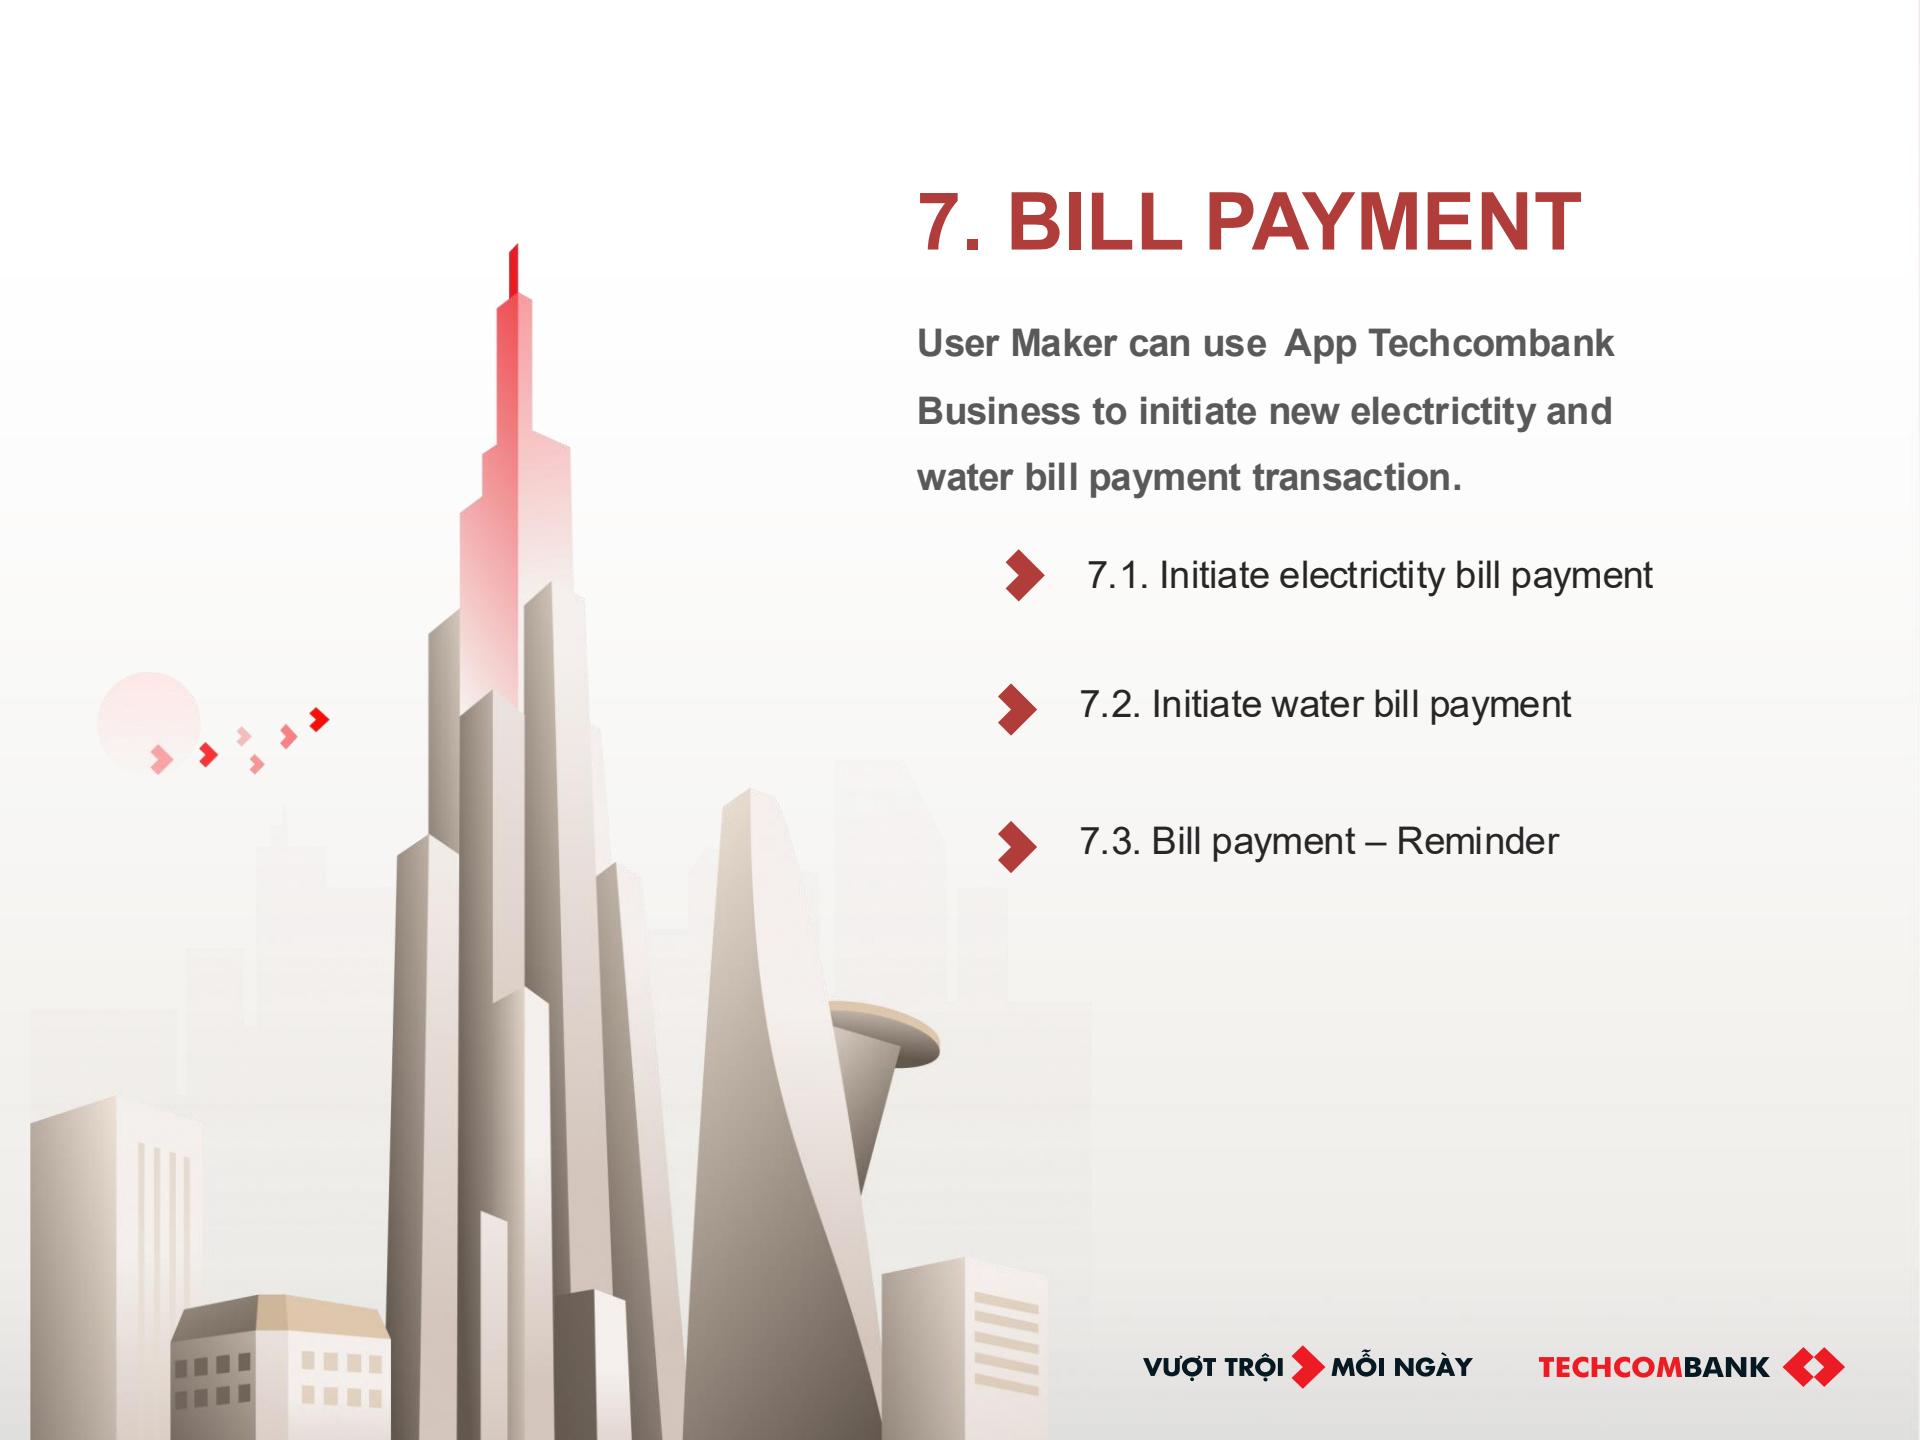

3 Input passcode when user register the device

Note: In case the user does not want to signing the transaction from the web, the authentication request can be bypassed in one of two ways:

- Turn off the signing request notifications displayed on mobile phones
- After the maximum authentication time (within 2 minutes), the system will automatically turn off the signing request.

User can then approve or reject the transaction completely on the TCBB application.

7. BILL PAYMENT

User Maker can use App Techcombank Business to initiate new electricity and water bill payment transaction.

- ▶ 7.1. Initiate electricity bill payment
- ▶ 7.2. Initiate water bill payment
- ▶ 7.3. Bill payment – Reminder

7. Bill Payment

7.1. Initiate electricity bill payment

1

Choose **More** > select **Bill payment**

2

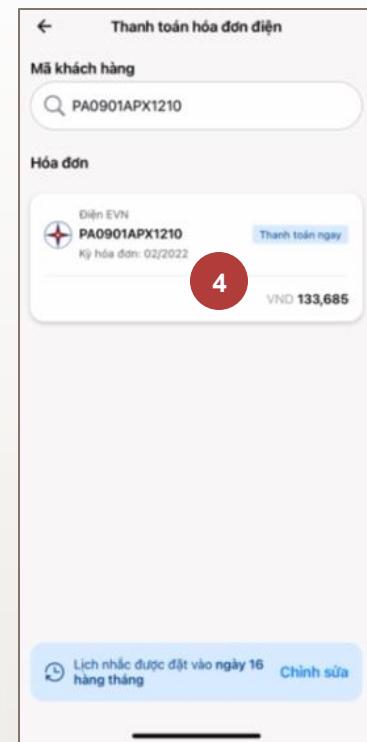

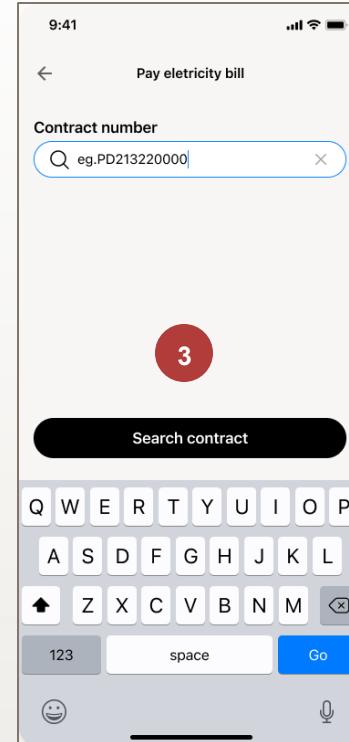

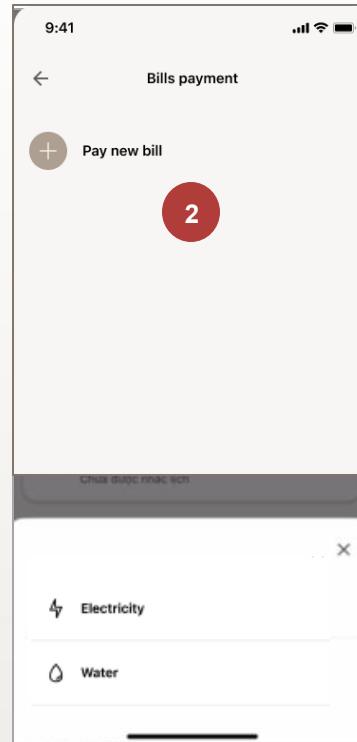

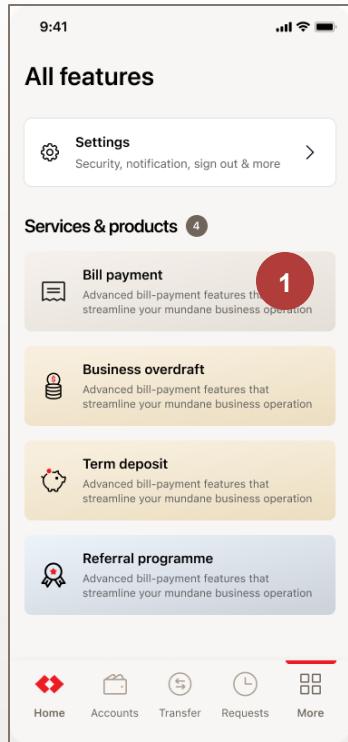

Select **Pay new bill** and **Electricity**

3

4 When the last checker start to view detail pending transaction for approval, system will hold the list CDs and keep the current total payment amount for **10 minutes**.

5 After select “**Approve**”, user need to enter the passcode to confirm transaction.

6 Approved successfully – user has completed 2/4 steps of transaction.

After the User approves the order, the transaction will be **transferred to the Payment and Transfer Processing Bank** to complete the CCTG purchase transaction.

9. Bao Loc Certificate of Deposit

9.2. Buy CD Bao Loc – Approve on App TCB Mobile

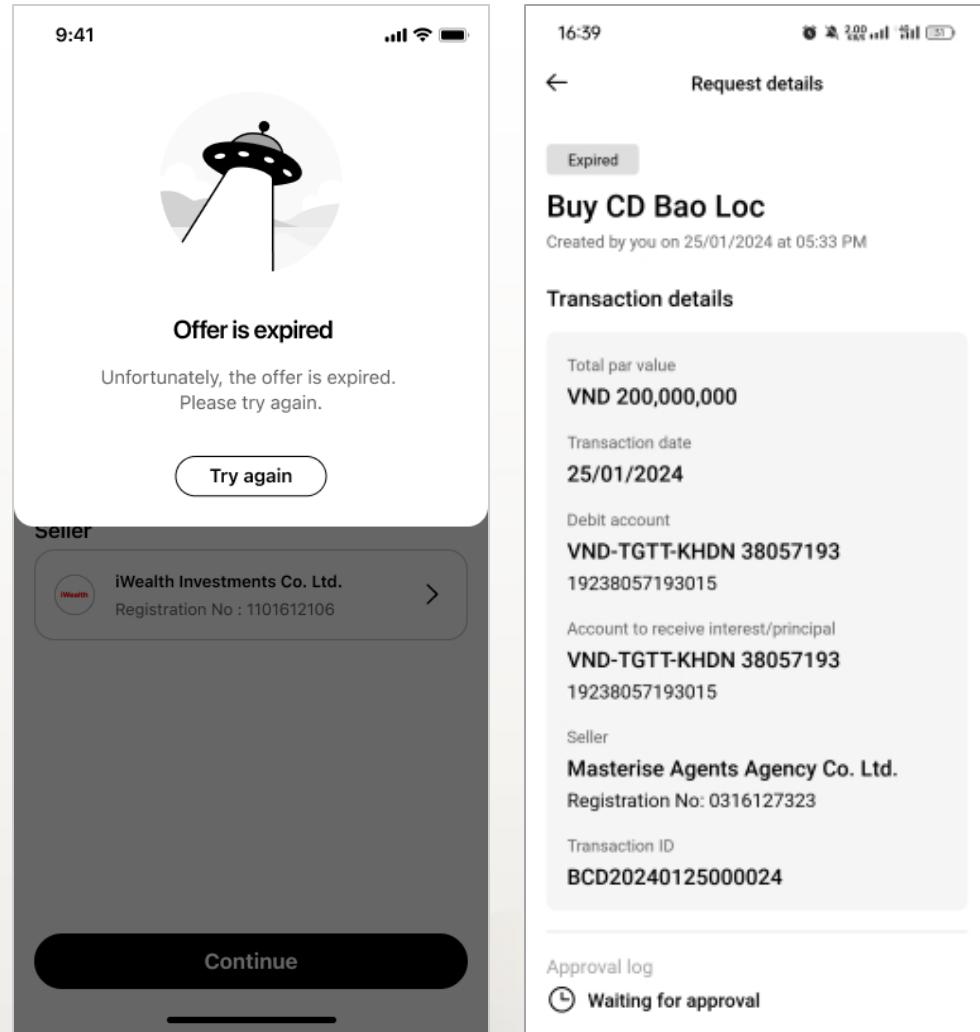

Notes:

If last checker can't process the approval within 10 minutes, system will stop holding list CDs and select new list CDs, then the total payment amount would be changed.

At the cut off time (COT), all pending transactions would be canceled by system automatically and status will be **Expired**.

Note: If the user's role is maker & approver:
Initiating and approving transaction still would be apart:

- After submit new transaction successfully, user need to go back **Home** > **Request** to approve the transaction.
- When user start to view detail transaction for approval, system will hold list CDs for 10 minutes, too.

9. Bao Loc Certificate of Deposit

9.3. Sell CD Bao Loc – Initiate on App TCBB Mobile (method 1)

- 1 From TCBB Mobile Homepage > More > Select **Bao Loc Certificate of Deposit**.

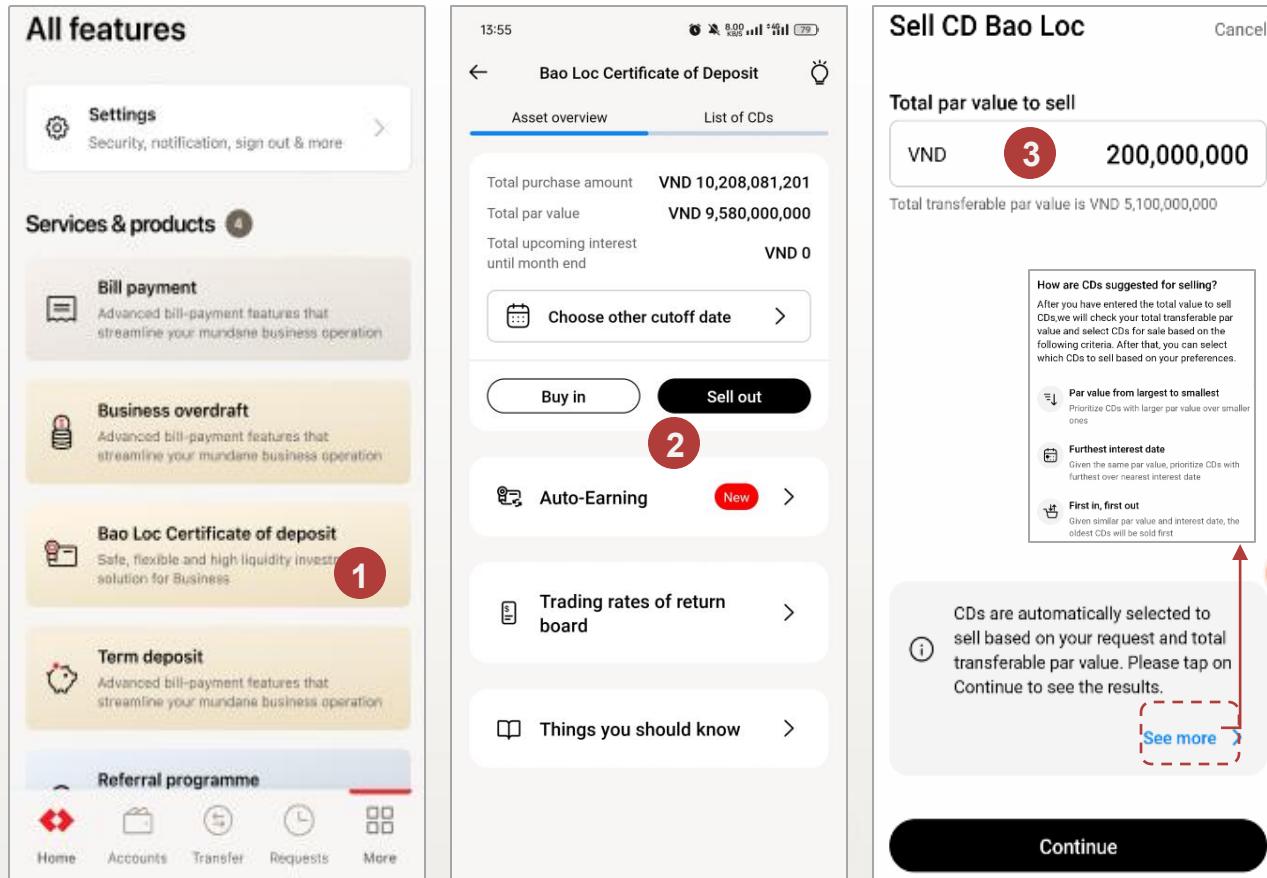

From the List of CDs, user can select 1 transferable CD or a group transferable CDs for selling.

- 2 In other way, user can click button **Sell out** to initiate new sell request.
- 3 User need to enter Total par value to sell (the total par value to sell is from **VND 50,000,000** and gradually increases by **VND 10,000,000**).

Click **See more** to view details
How are CDs suggested for selling?

Click **Continue**.

TCBB display Total par value and list CDs suggested for selling. Select **Continue**.

9. Bao Loc Certificate of Deposit

9.3. Sell CD Bao Loc – Initiate on App TCBB Mobile (method 1 - continue)

The system will display the Total transferable par value and a list of proposed CD Bao Loc

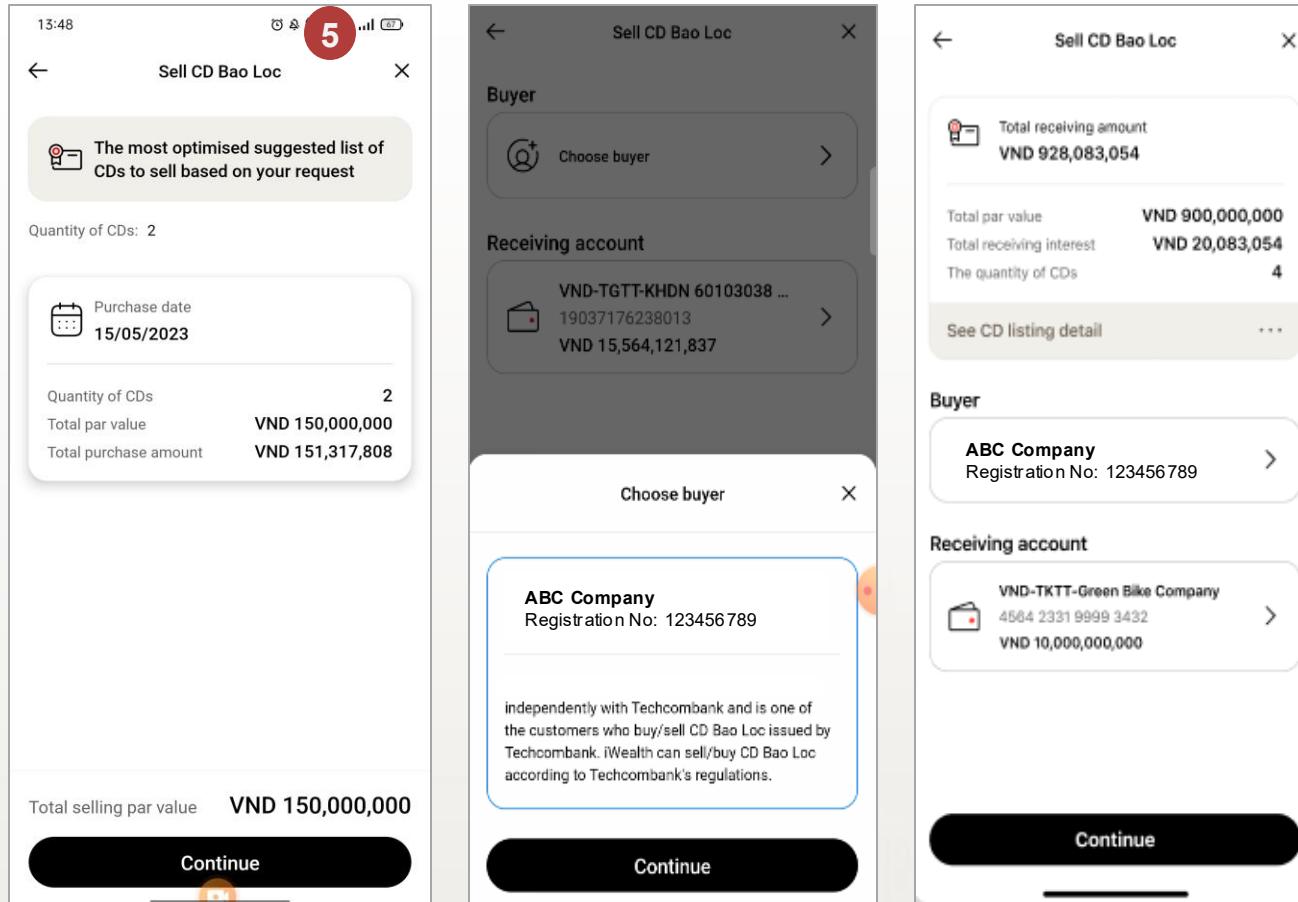

- 5 User can keep the list of proposed CD or change them by ticking/ unchecking each corresponding CD/ group of CDs for selling.

- 6 The user **Choose buyer** and the Receiving account, then clicks **Continue**.

9. Bao Loc Certificate of Deposit

9.3. Sell CD Bao Loc – Approve on TCBB App

Steps of approving are the same buy request.

- 1 User checker select Request > choose the pending transaction need to approve. User can view detail list CDs **Return breakdown** and template **Contract for trading certificate of deposit**, too.
- 2 Enter passcode to confirm approving the transaction.

9. Bao Loc Certificate of Deposit

9.4. Sell CD Bao Loc – Notes

7

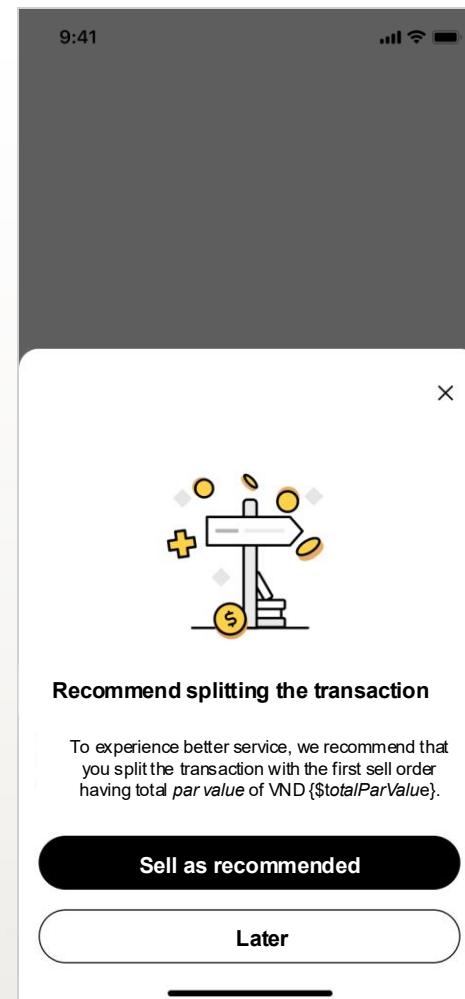

1. Currently, some customers may hold both old and new CD versions, so the system makes sales proposals according to the following principles:

DO NOT sell mix of old version CD and new version CD in 1 transaction.

Priority is given to selling older versions of CDs first.

In case the customer enters the total par value that he wants to sell which is greater than the number of old version CDs he holds, the system will display the message **Selling limit for the first transaction**.

2. Sell orders cannot be created with CDs that are already in another transaction.
3. Cannot initiate transactions outside COT hours. At COT time, unapproved transactions will have a notice of **Expiration** and the order creator needs to re-initiate a new transaction on the next working day.
4. If the user's role is maker & approver: Initiating and approving transaction still would be aparted.

9. Bao Loc Certificate of Deposit

9.4. Manage CD Bao Loc

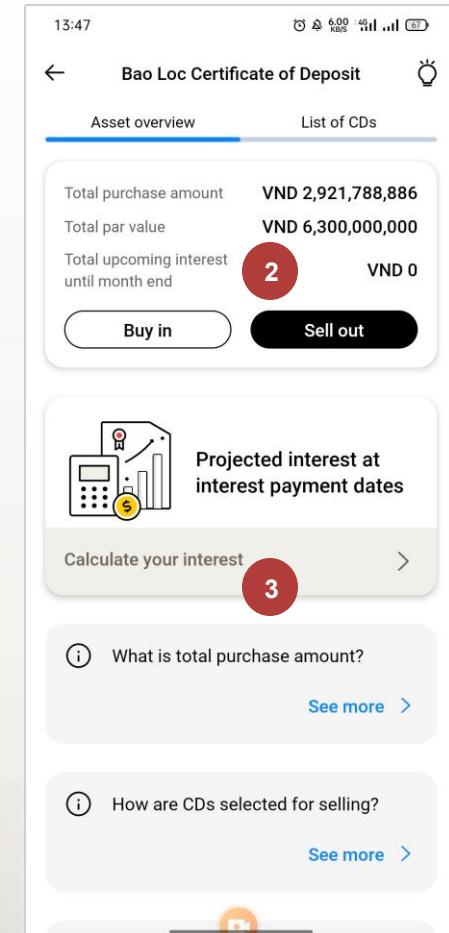

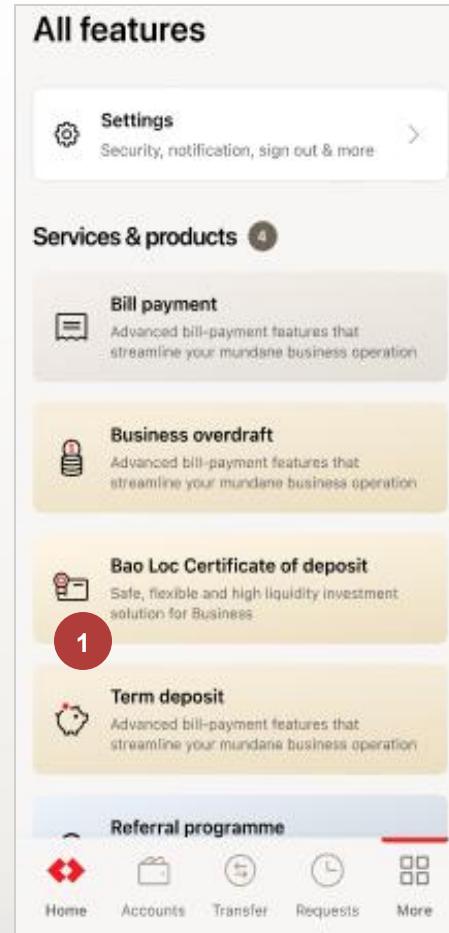

User can enquiry all CDs belong company as following:

1 From the home page of TCB mobile > click **More** > select **Bao Loc certificate of deposit**

2 User can view **Asset overview** - All CDs of company:

- Total purchase amount.
- Total par value.
- Total upcoming interest until month end.

3 TCB Mobile also explains in detail the frequently asked questions related CD Bao Loc transaction for customers' reference.

9. Bao Loc Certificate of Deposit

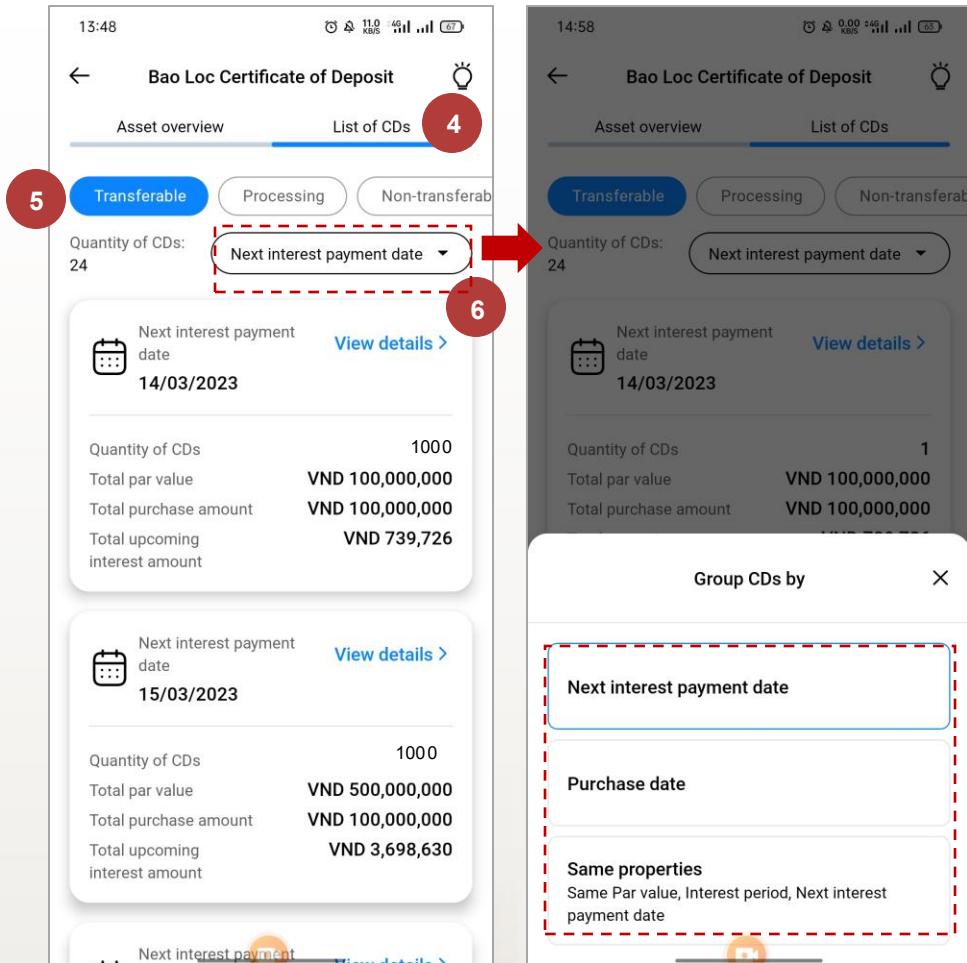

9.4. Manage CD Bao Loc (continue)

4 When click tab **List of CDs**, user can see list of all CDs:

- **Transferable**: CDs can be sold out.
- **Processing**: CDs are hold in other processing transactions.
- **Non-transferable**: CDs are frozen/released.

The system will display **Transferable** CDs in the following criteria:

- **Next Interest Payment Date**
- **Purchase date**
- **Same properties** (Same par value, Interest period, Next interest payment date).

9. Bao Loc Certificate of Deposit

9.4. Manage CD Bao Loc (continue)

Explain detail display status of CDs Bao Loc on App TCBB Mobile:

CDBL status groups on TCBB	Display statuses of each CDBL on TCBB	
Transferable	Transferable	CDs can be sold out.
Processing	Pending sell	CDs in a pending sell transaction need to approve by checker.
	Transferring	CDs in an approved sell transaction and wait for bank process for payment.
	Receiving	CDs in an approved buy transaction and wait for bank process for payment.
	Coupon processing	CDs will be got coupon on the next day. And at 17:00 of T-1, CDs will change status from transferable to coupon processing and will be non-transferable.
Non-transferable	Non-transferable	CDs couldn't be transferred (CDs are blockaded, liberated)
	Inactive	CDs have been used as collateral. (Note: At this time, there is not this status on TCBB Mobile)

9. Bao Loc Certificate of Deposit

9.5. Enquiry CD Bao Loc Transaction

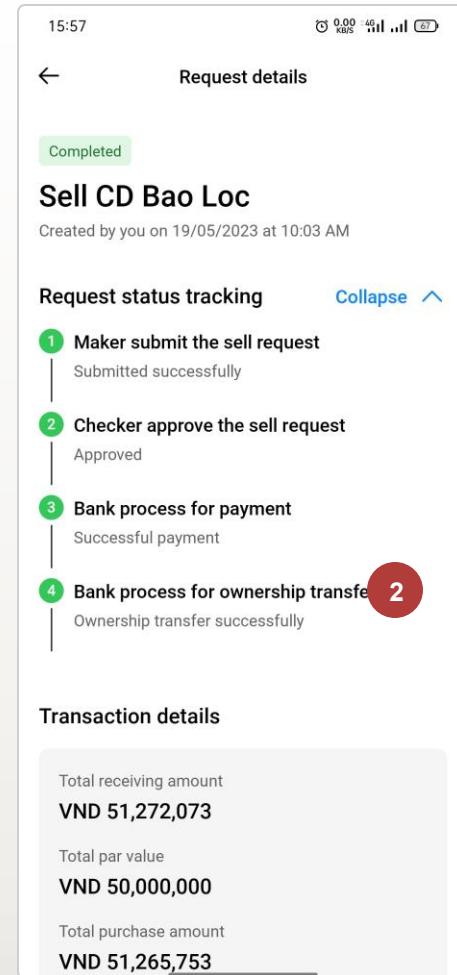

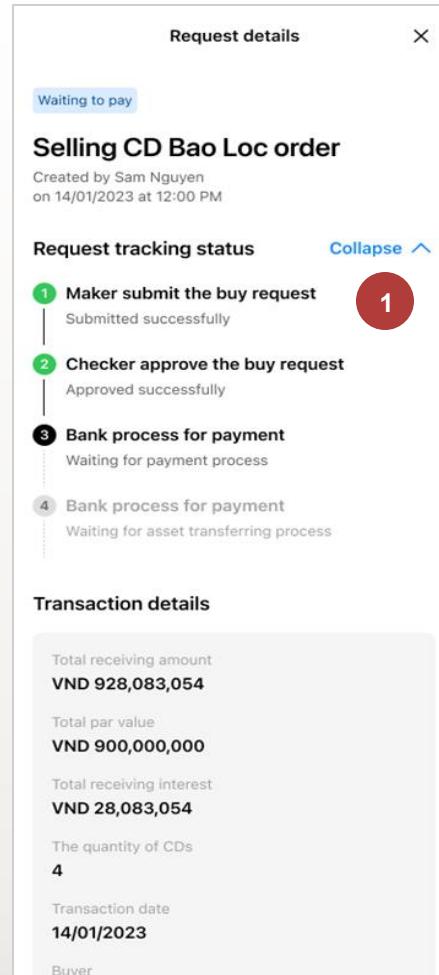

Explain detail display status of CDs Bao Loc on App TCB Mobile:

1 To complete a CCTG Bao Loc transaction on the TCB Mobile App, you need to go through 4 steps as following:

1. Maker submit a buy/sell request
2. Checker approve a buy/sell request
3. Bank process for payment
4. Bank process for transferring

2 When the transaction's steps are completed, the system will mark them in green.

To track the transaction status, the user clicks to **See more/Collapse** the Request tracking status.

9. Bao Loc Certificate of Deposit

9.5. Enquiry CD Bao Loc transaction (continue)

To enquiry **Pending** CD Bao Loc transactions, user can follow one in 2 way below: :

- 3 1. Home TCB Mobile > Select **Pending Request** > Select Pending CD Bao Loc transaction need to approve.
- 4 2. Home TCB Mobile > **Request** > **Pending requests** > Select Pending CD Bao Loc transaction need to approve.
- 5 To enquiry all CD Bao Loc transaction, user click **Request** > **Category** > CD Bao Loc. TCB would display all transactions into 3 groups: **Pending**, **Processing** and **Closed**.

The image consists of four screenshots of the TCB Mobile app interface, each showing a different way to view CD Bao Loc transactions:

- Screenshot 1 (Pending Request):** Shows the main dashboard with a 'Pending request' badge (3) on the bottom navigation bar. It displays a summary of accounts (VND 42,384,560,472) and term deposits (VND 6,064,234,570), and a 'Bao Loc certificate of deposit' section with a bar chart and text: 'Safe, flexible and high liquidity investment solution for Businesses'. A 'Pending request' card is shown with a 'Buy CD Bao Loc' transaction (VND 100,000,000) from 'Today'.
- Screenshot 2 (Pending requests):** Shows the 'Requests' screen with a 'Pending requests (13)' badge. It lists transactions: 'Buy CD Bao Loc' (VND 100,000,000, 04:01 PM on 13/06/2023), 'Open term deposit' (VND 9,000,000, 4 days ago), and 'Open term deposit' (VND 9,000,001, 5 days ago).
- Screenshot 3 (Category):** Shows the 'Requests' screen with a 'Category' badge. It lists transactions categorized by type: 'Loan repayment' (0 pending(s)), 'Overseas remittance' (0 pending(s)), 'Selling FX' (0 pending(s)), 'Term deposit' (6 pending(s)), 'Cards' (0 pending(s)), and 'CD Bao Loc' (0 pending(s)). A 'Set your category order' button is at the bottom.
- Screenshot 4 (CD Bao Loc):** Shows the 'CD Bao Loc' screen with a 'Pending' badge. It displays a single transaction: 'Buy' (VND 100,000,000, 04:01 PM on 13/06/2023) from 'Seller' ABC Company. A note at the bottom says 'You've reached the end of the list'.

10. Apply for online CD Bao Loc trading

10.1. Conditions

10.2. Apply online with 3 simple steps

► 10. Apply for online CD Bao Loc trading

10.1. Conditions

Customers are using TCBB and have **1 Approver or 2 Approvers**

Only **users of the legal representative of the enterprise** can apply for online features

Only carry out online registration for **businesses with 1 legal representative** (in case there are 2 or more legal representatives, customers register at the counter)

Customers can only apply via the online stream if they have **never registered for CD Bao Loc** (if the business already has at least 1 user using the feature, they need to register at the counter).

Some notes when registering to CD Bao Loc online:

- When the legal representative completes signing the form and registering the feature, the CD Bao Loc feature will be decentralized to all users of the enterprise and maintain the current user role.
- When registered user information and legal representative information have not been synchronized, leading to the system not being able to identify the user as a legal representative, the Customer cannot continue the registration process and needs to send a support request > The system will provide detailed information to Techcombank to advise and support customers.

► 10. Apply for online CD Bao Loc trading

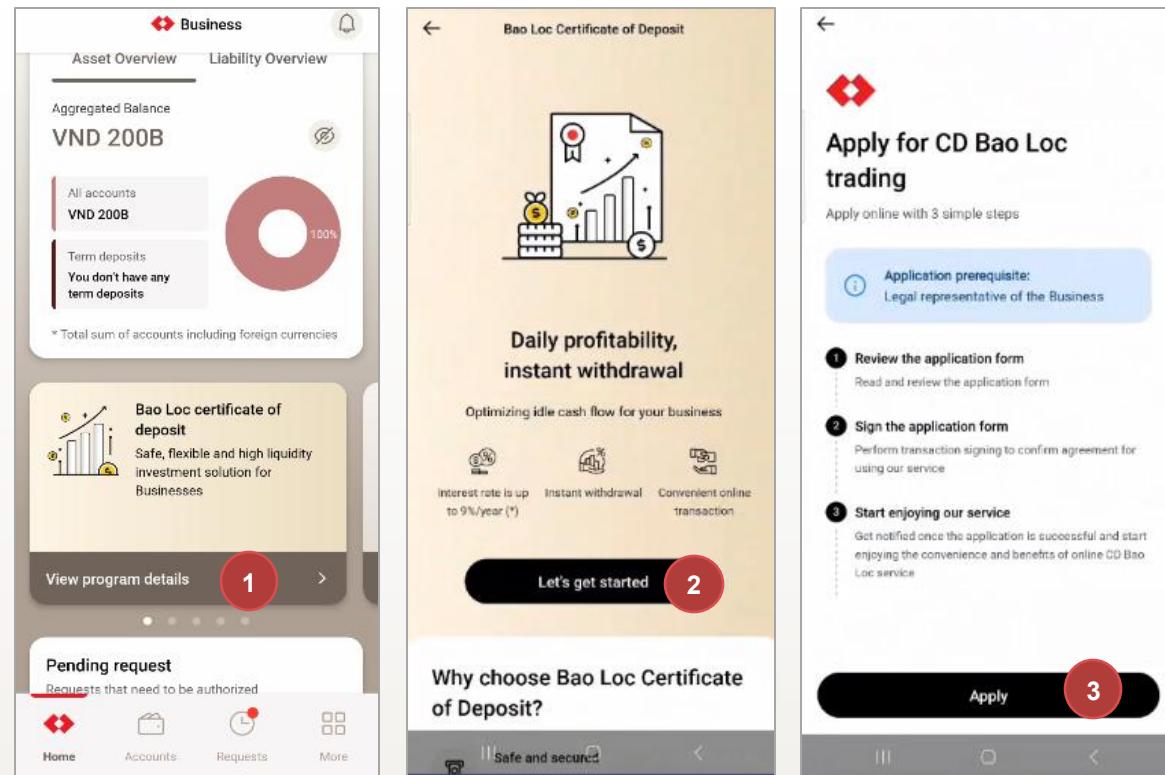

10.2. Apply online with 3 simple steps

1 When accessing the TCB App, if **the user has not registered to trade CD Bao Loc**, the user will see a banner introducing Bao Loc Certificate of Deposit > Click to view details.

2 TCB will introduce CD Bao Loc product, Outstanding benefits of CCTG Bao Loc > users click "**Let's get started**".

The system will switch to an interface with instructions for 3 registration steps and note the registration conditions: Only the "Legal Representative of the Enterprise" can register for this feature.

3 Click "**Apply**".

► 10. Apply for online CD Bao Loc trading

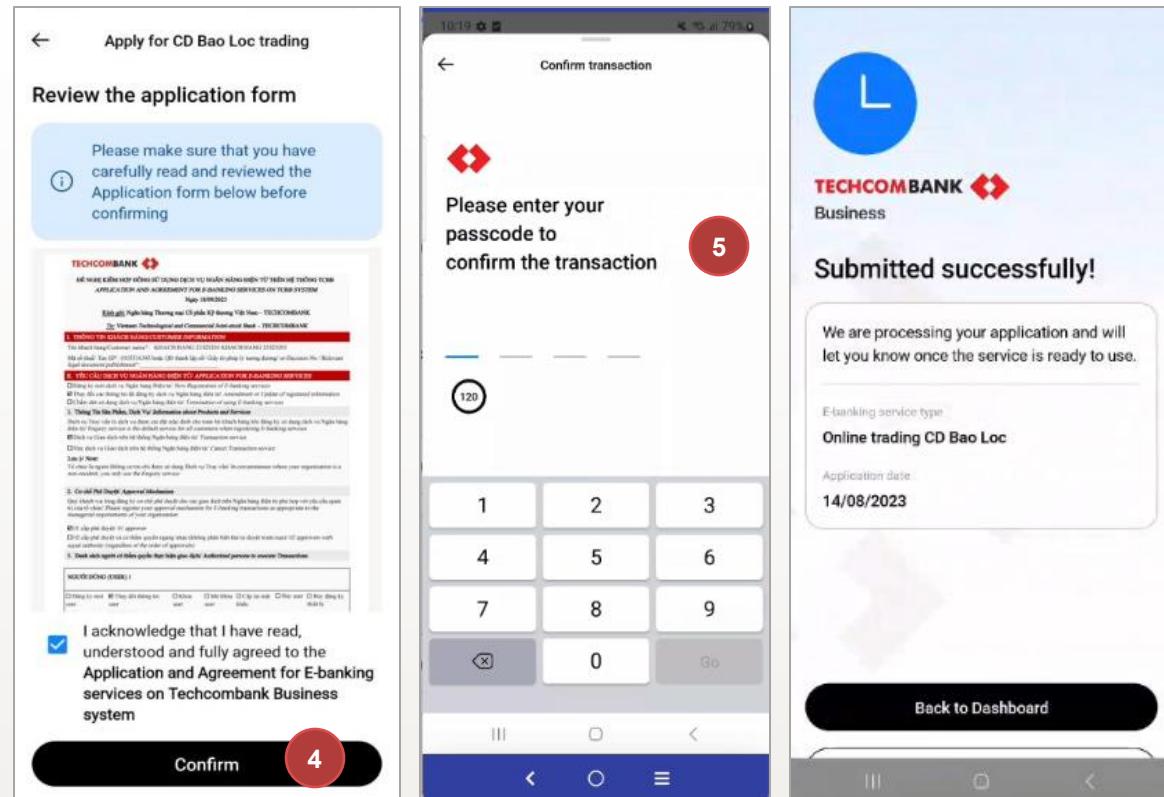

10.2. Apply online with 3 simple steps (continued)

- 4 The system will automatically fill in the information fields in the **Service Request and Contract - form MB02-QT.TDC/124** from customer information and user information including Customer name, Tax code, User TCBB ...

The user checks the information on the request and ticks to agree with the content > click **Confirm**.

- 5 The system will move to the **transaction confirmation** request interface on the TCBB Mobile App to complete the registration process.

Note: Users cannot change the information on the Service Application and Contract.

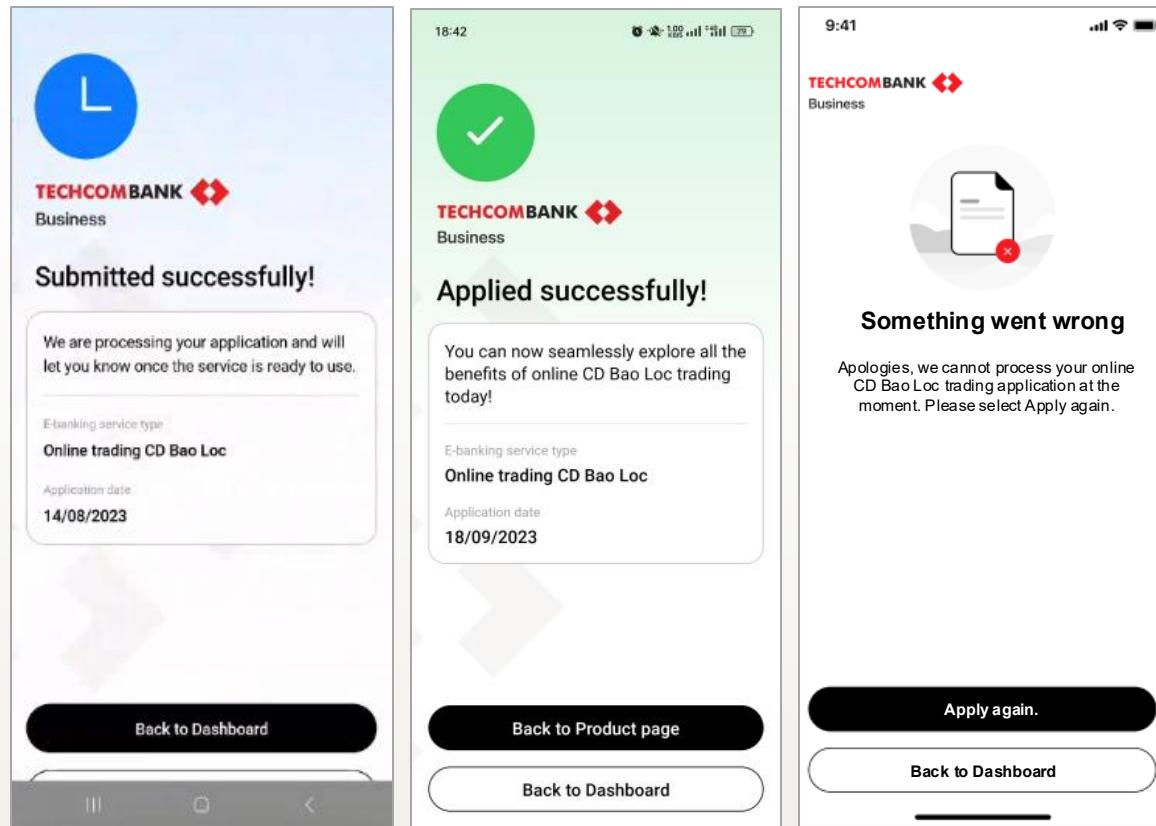

► 10. Apply for online CD Bao Loc trading

10.2. Apply online with 3 simple steps (continued)

After completing the registration, TCB will notify users specifically about the request processing process as well as the registration results:

- 6 The registration request has been sent successfully and the system is processing the request
- 7 Registration was successful, the feature has been activated for all customer users
- 8 An error occurred and registration failed => Recommend the customer choose Register again.

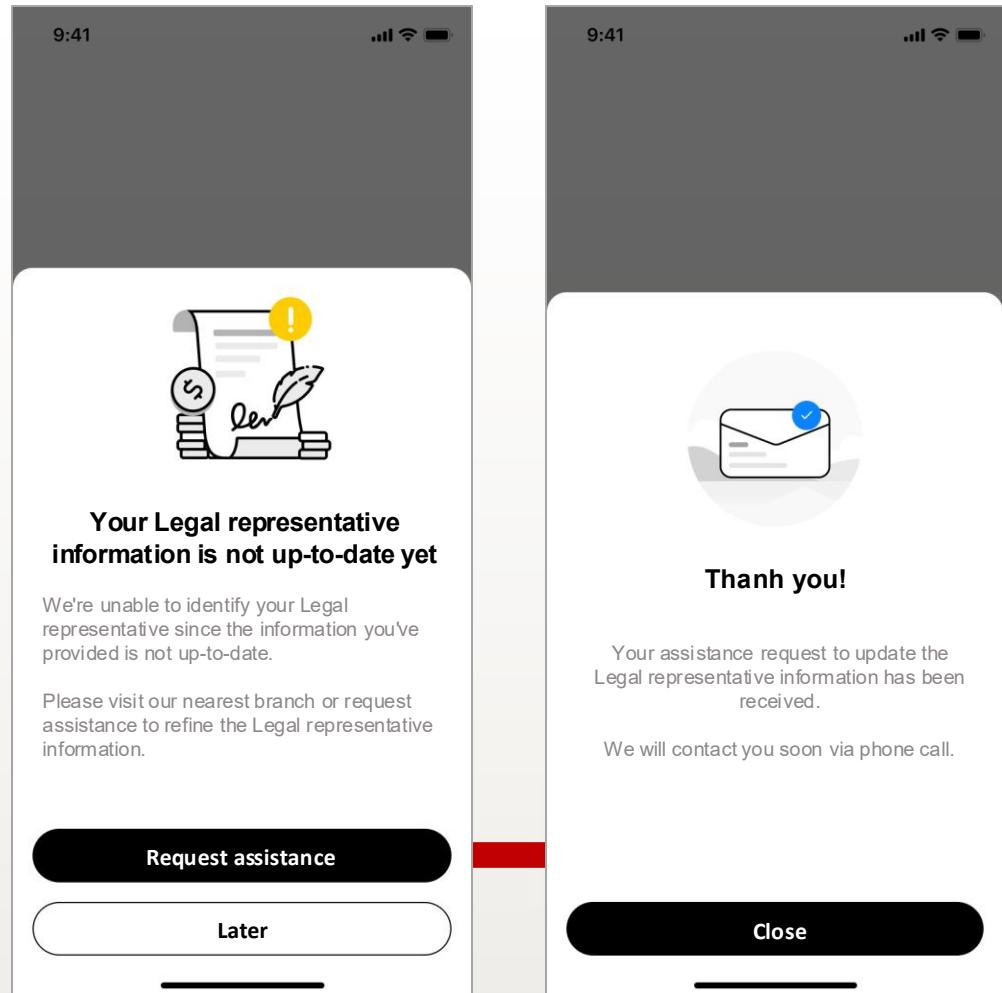

Note: Processing time for customers' feature registration requests is very fast - only about 5 minutes if the system does not encounter any unusual problems - because this is a completely automatic registration flow, without participation of TCB employees.

► 10. Apply for online CD Bao Loc trading

10.2. Apply online with 3 simple steps (continued)

In case the Legal representative information is not up-to-date yet, TCB will have warning and user can select **Request assistance**.

After user send request for assistance, TCB will notify to Techcombank for supporting them updating information at the counter.

11. CD Bao Loc Auto-Earning

11.1. Register the feature

11.2. Advantages of Auto-Earning and remarks

► 11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App

User login App TCB Mobile > Select More > **CD Bao Loc** > Click new function named **CD Bao Loc Auto-Earning**.

Select **Let's get started**.

The system will switch to the registration instruction interface and note the registration conditions:

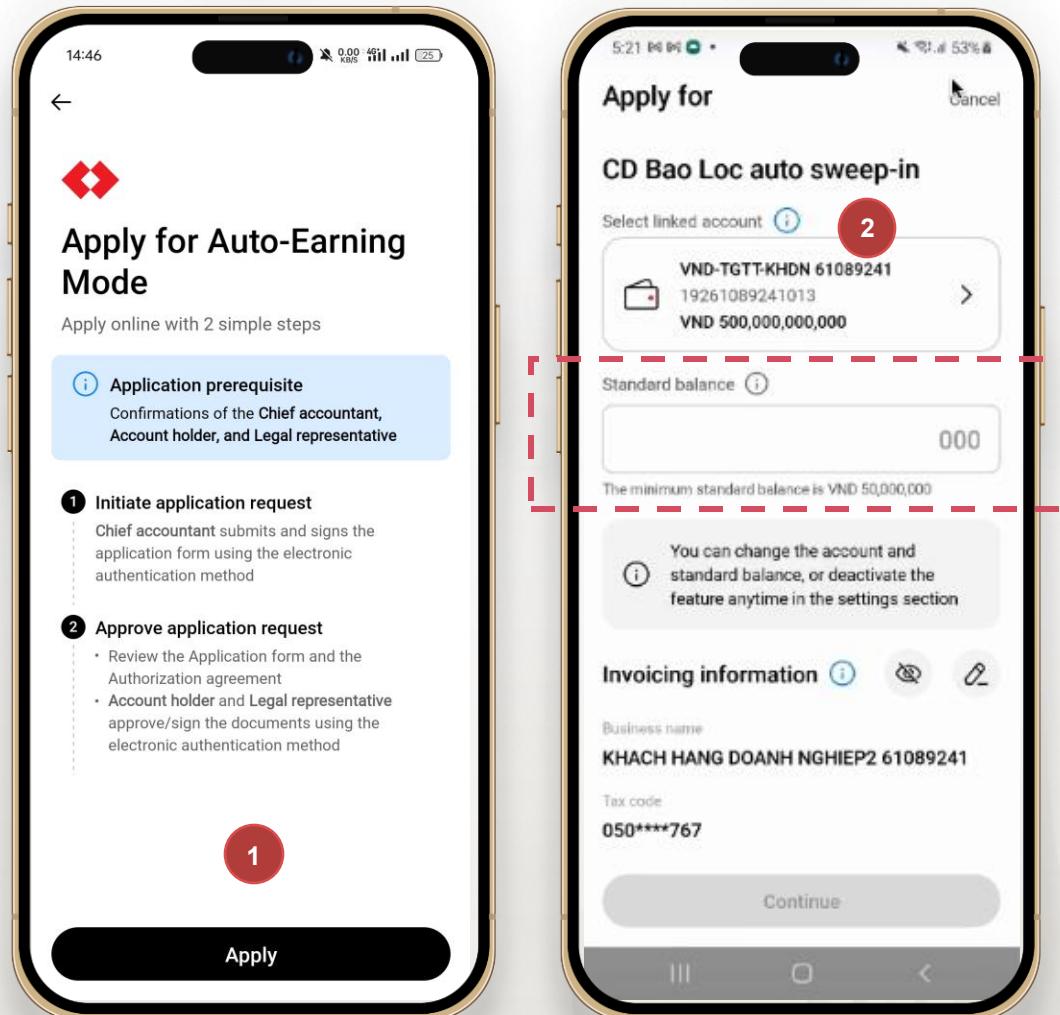

- Chief accountant submit the request.
- Account holder and Legal representative approve the request.

Select **Apply**.

TCBB switch to the registration information interface.

Users select account linked with Auto-Earning and enter the Standard balance (The minimum standard balance of account).

Select **Continue**.

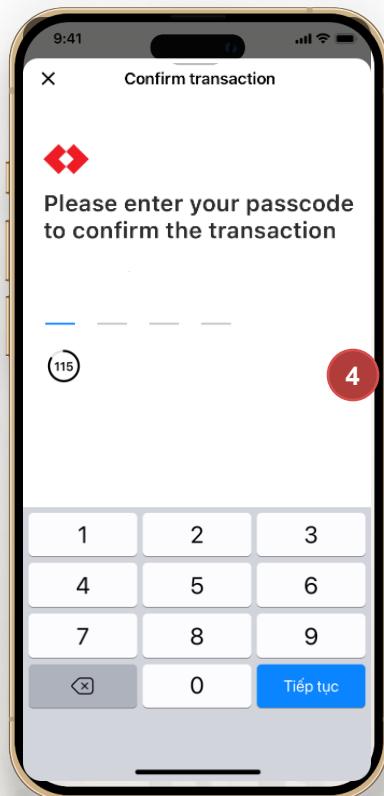

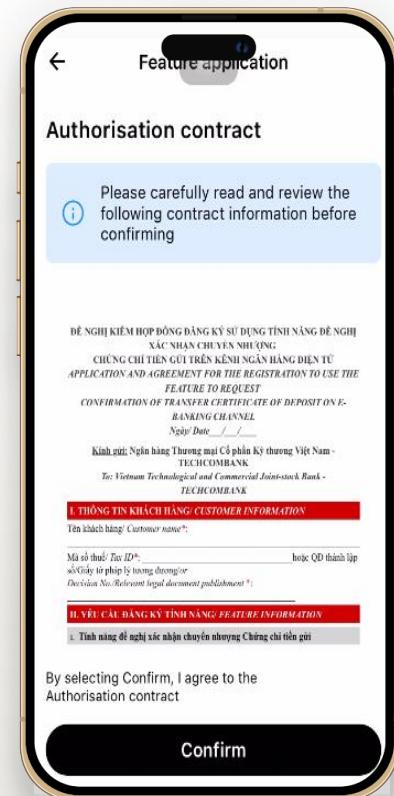

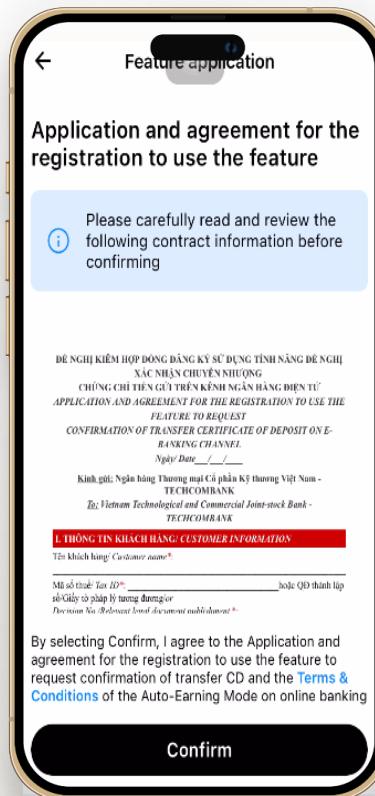

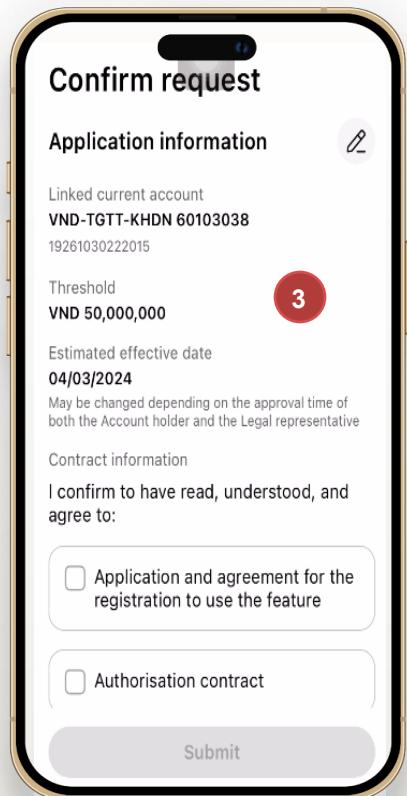

► 11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App (continue)

3 TCBB will automatically fill the customers' information into the forms: **Application and agreement for the registration to use the feature** and **Authorisation contract**.

Users review information and select **Confirm** to agree with the Terms and Conditions.

4 The system switch to **Confirm transaction** and user enter passcode to complete submission.

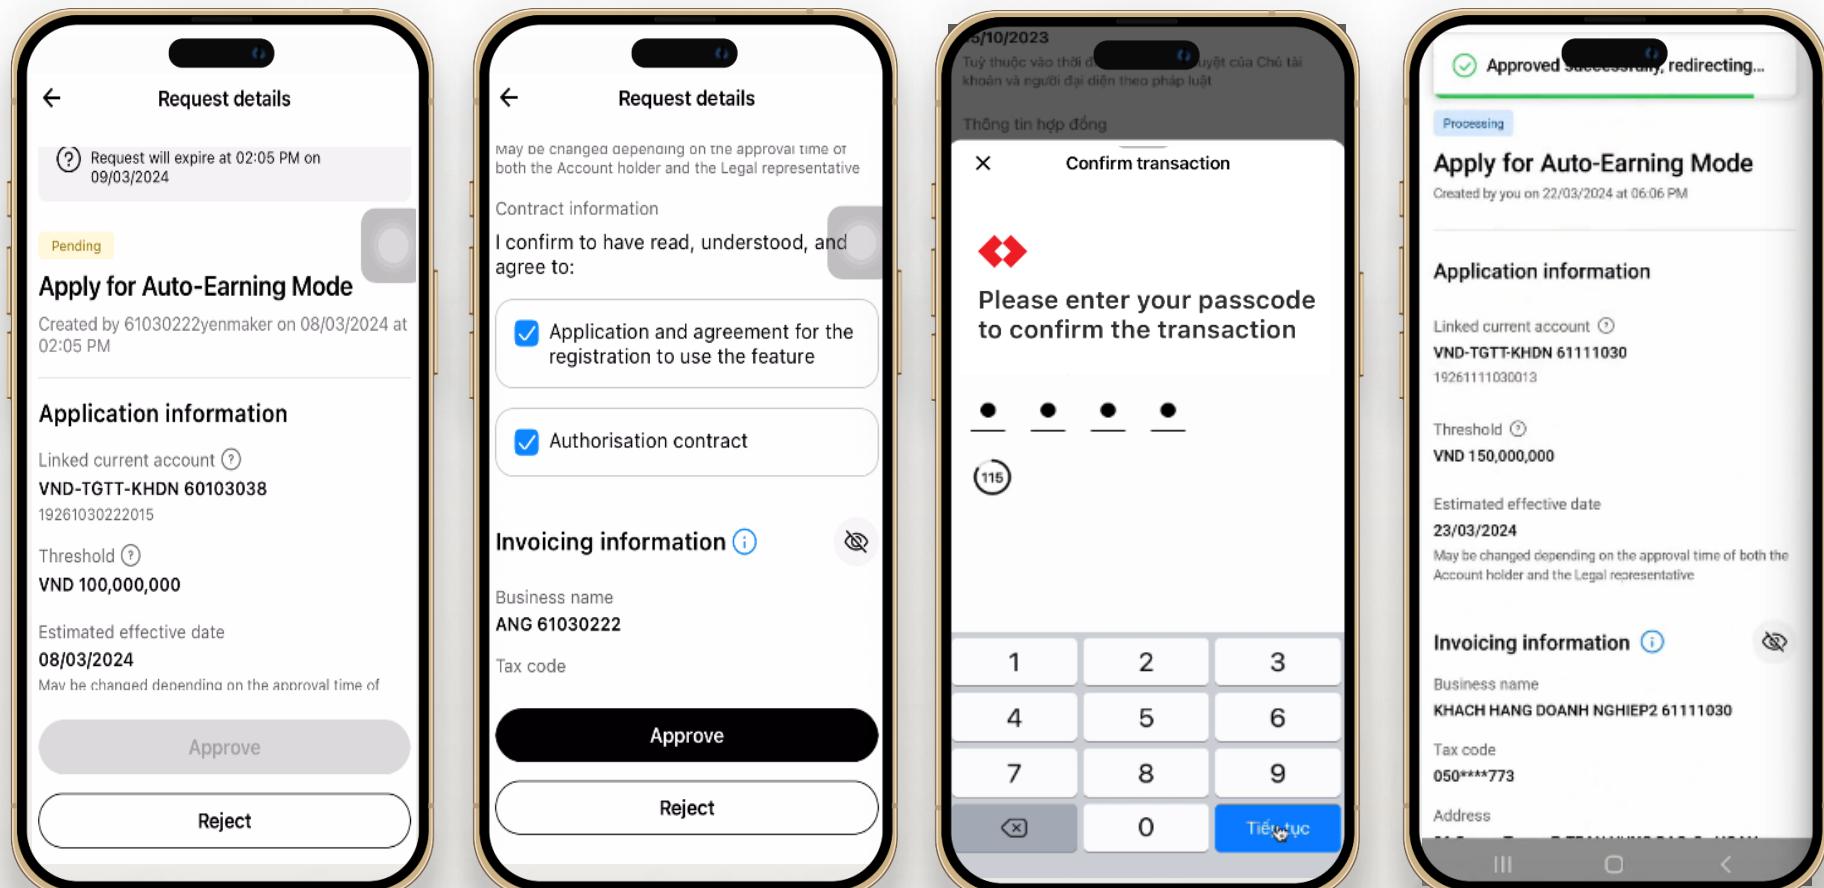

11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App (continue)

After CA submits the request, Account holder and Legal representative access TCBB Mobile App and approve the request normally.

TCBB displays detail **Application and agreement for the registration to use the feature** and **Authorisation contract** for reference as well.

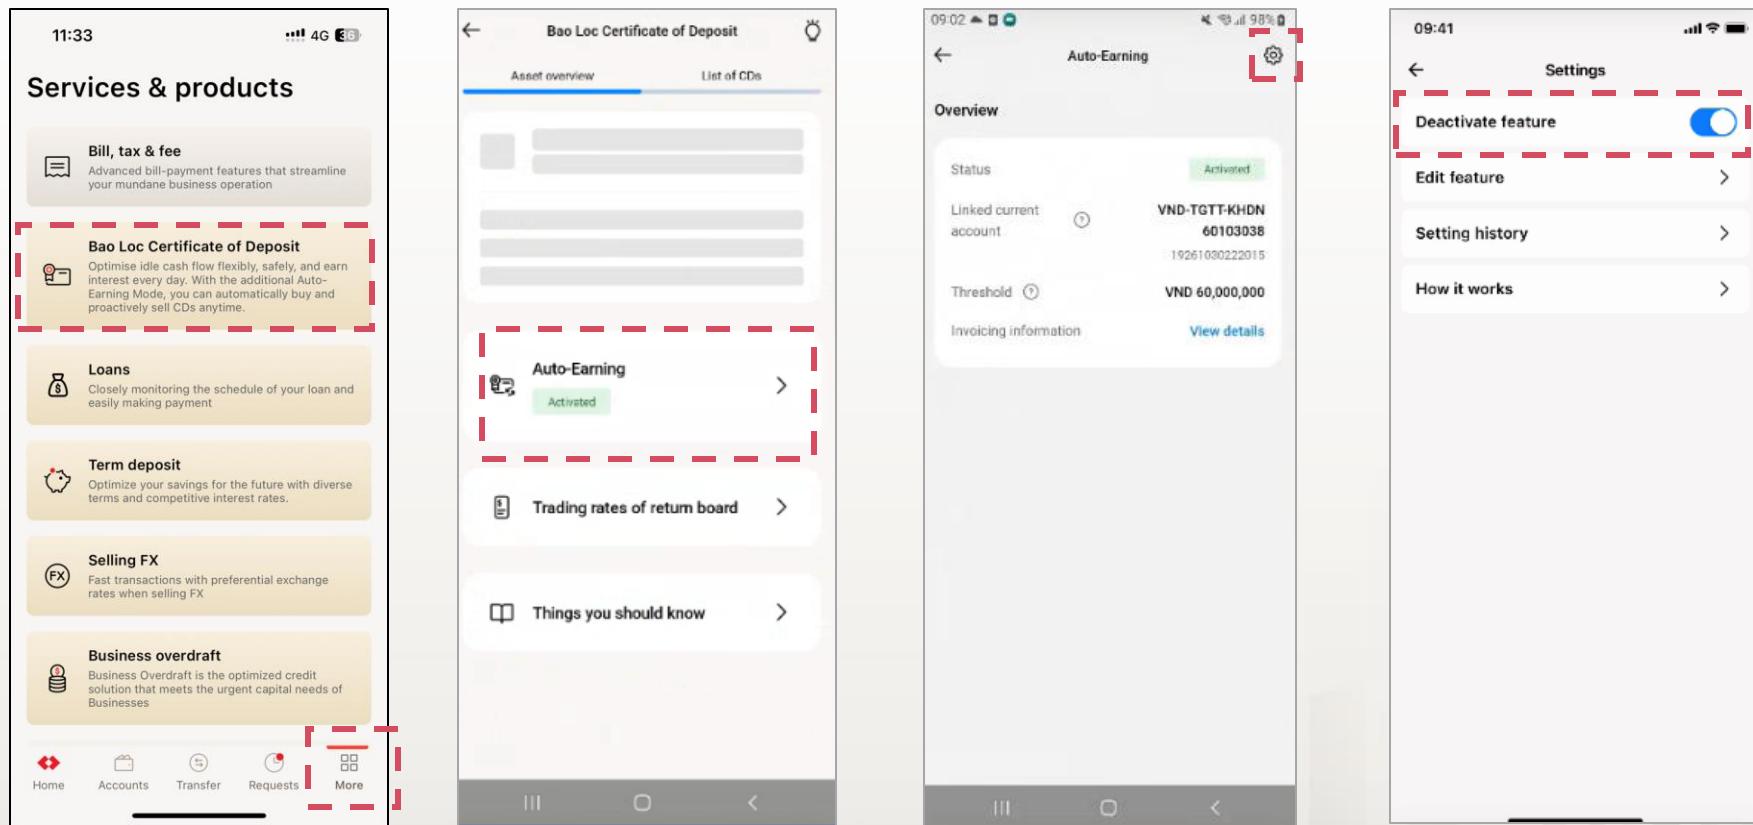

11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App (continue)

If customers want to deactivate feature, users can choose More > Bao Loc certificate deposit > Auto-Earning > Settings > **Deactivate feature**.

Users also **Activate feature** again (no registration required) when needed.

Requests will also require both submission and approval steps.

► 11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App (continue)

Registration 100% online, request submitted by CA (or authorized CA) and **Approved by Account holder** (or authorized account holder) and **Legal representative**

Customers need to review detail **Application and agreement for the registration to use the feature** and **Authorisation contract**.

Registration could be processed **24/7**, however the system will automatically cancel pending requests which are submitted over 24 hours.

Each customer (each Cus. ID) registers feature for 1 current account only.

► 11. CD Bao Loc Auto-Earning

11.1. Register the feature online via App (continue)

Exceptional cases when customers could not complete the registration journeys

Account holder
and/ or Legal
Rep. do not
have user TCB

The Chief Accountant can request feature registration using one of the following methods:

- Contacting a Corporate Customer Relations Specialist.
 - Directly reaching out to the Customer Service Hotline for support.
- The project will update the information and create additional user accounts for:
- The account holder.
 - The legal representative with query rights to approve requests.

CA could not
submit the
registration
request

Due to unsynchronized information, customers are unable to self-register for the feature. Please contact a RM or visit a transaction counter to update your information/create a new account. Afterward, you can proceed with the feature registration.

► 11. CD Bao Loc Auto-Earning

11.2. Advantages of Auto-Earning and remarks

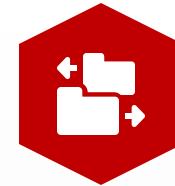

Customise profitability threshold as needed

Customer register Standard balance (The minimum standard balance of account). When the account's balance is larger than Standard balance, TCBB will buy CD Bao Loc automatically.

Transact automatically everyday

Flexibly turn feature on and off

Register feature 100% online via App TCBB Mobile.

- ✓ Buy and sell CDBL automatically when needed, quick liquidity
- ✓ Easy to customize profitability threshold
- ✓ Flexible to turn on and off online features
- ✓ Make daily profit with attractive interest
- ✓ Optimize idle cash flow on CASA

► 11. CD Bao Loc Auto-Earning

11.2. Advantages of Auto-Earning and remarks

Some remarks related to the auto-earning transactions:

Auto-earning feature **applies for CD Bao Loc buying transactions** only.

CDs Bao Loc, which are bought by either Auto-earning feature or normal buying transactions, **are the same**.

TCBB can process auto-earning transactions with **par value from one million VND**

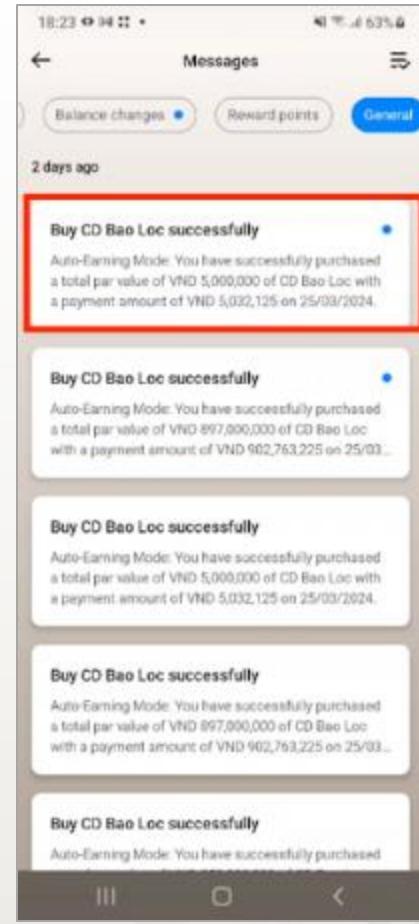

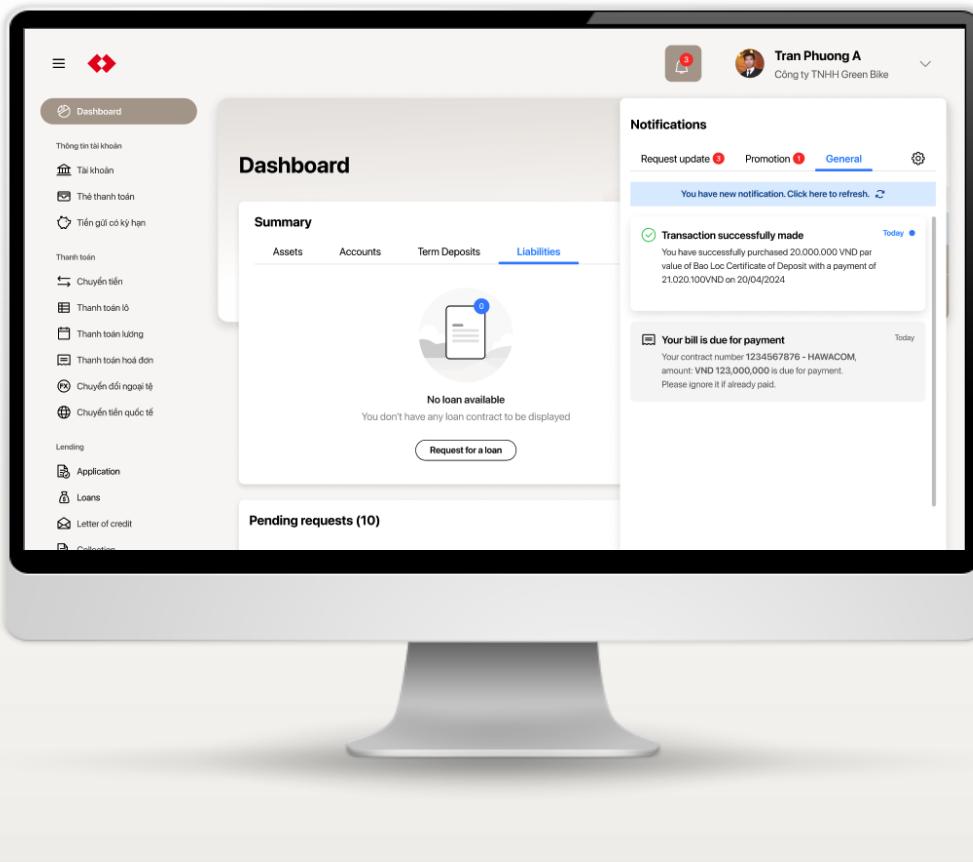

Notification on completed auto-earning transactions would be sent both on App & Web TCB.

11. CD Bao Loc Auto-Earning

11.2. Advantages of Auto-Earning and remarks

When auto-earning transactions complete, users would get the notification on both app and web TCB

12. LOAN INQUIRY

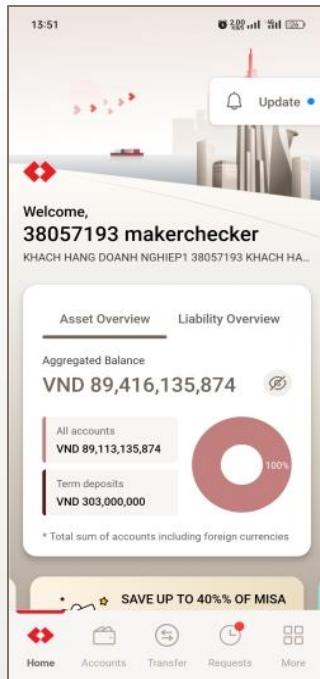

User can inquiry Loans on TCBB Mobile

12. Loan Inquiry

User can inquiry Loans on TCB Mobile. The following steps:

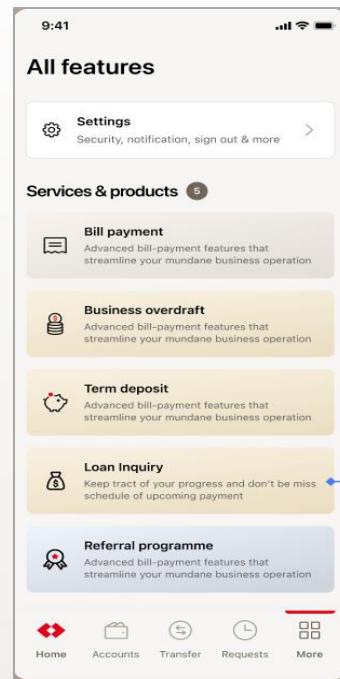

1

From the home page of
TCBB mobile, click
More

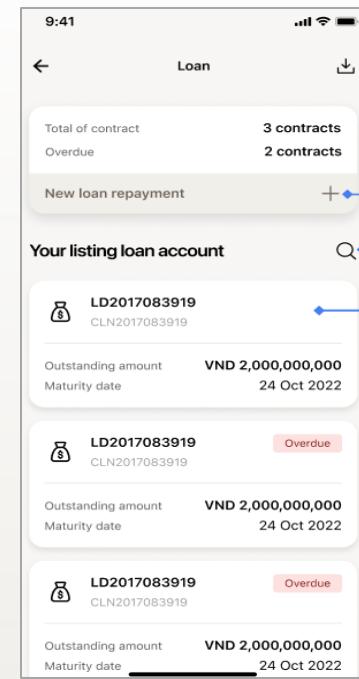

2

Select **Loan Inquiry**

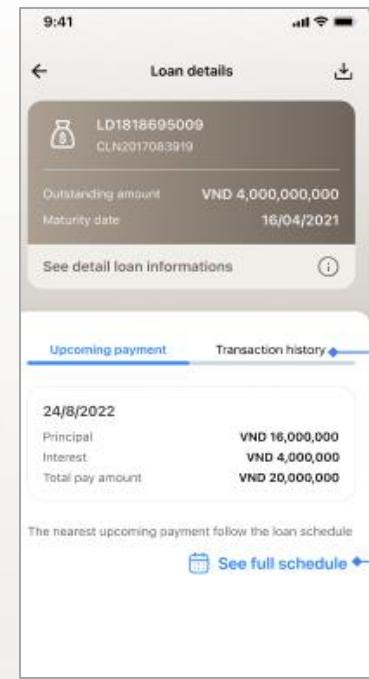

3

TCBB will show the list of
all loans

4

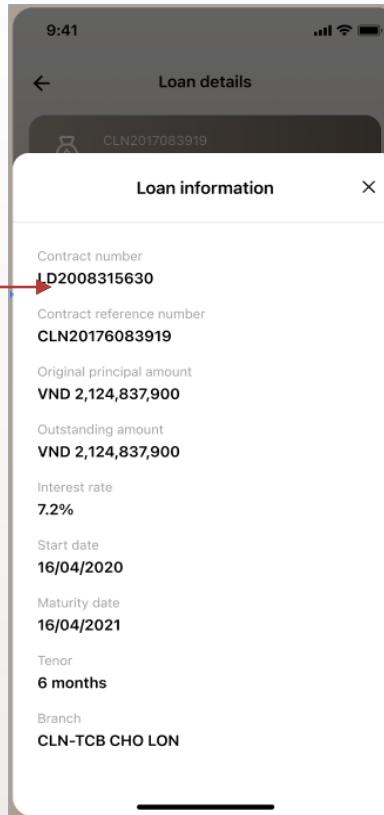

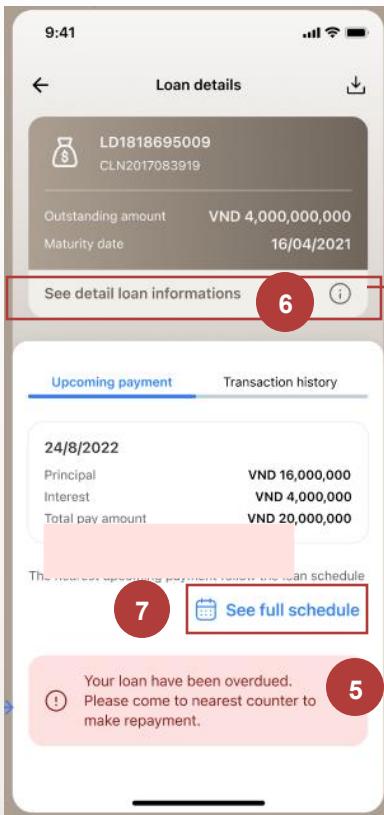

Select a loan need to view
detail

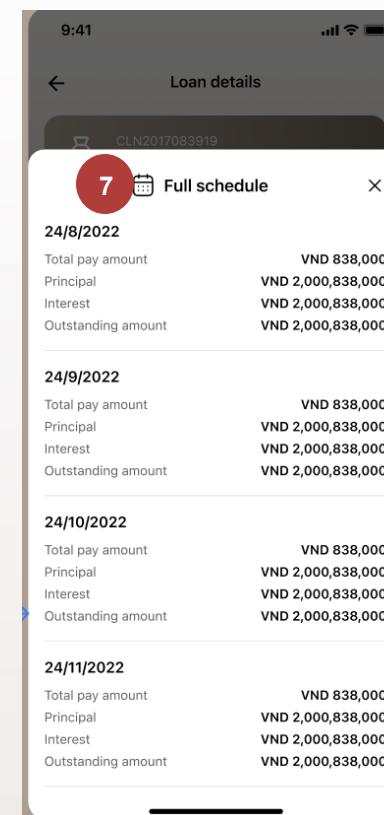

12. Loan Inquiry

- 5 If the loan is overdue, there is a notice from TCB: "Your loan has an overdue payment. Please come to nearest counter to resolve it".

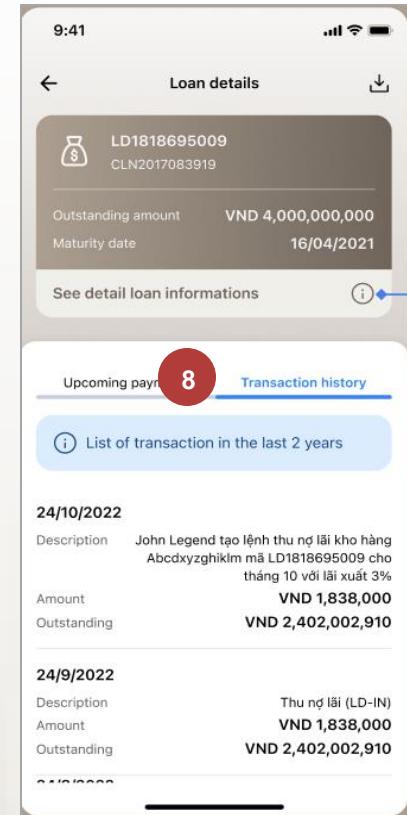

Click to see detail loan information

Click See full schedule to view repayment time, corresponding principal and interest...

User can view List of loan repayment transactions in the last 2 years

13. FX SELLING

User can use this function for enquiry or initiating/ approving FX Selling

- 13.1. Initiate FX selling – auto rate
- 13.2. Initiate FX selling – contract rate
- 13.3. Approve the transaction

► 13. Foreign Exchange

13.1. Initiate FX selling – auto rate

1 Select **New exchange**

2 Select VND beneficiary account and rate type “**Auto rate**”

3 Select source and enter the description for the transaction.

Press **Review and submit**

The screenshots show the following steps:

- Step 1: New exchange** (9:41): Shows a list of currencies (AUD, USD, JPY, SGD, EUR, GBP) with a rate of 27,000. A red circle labeled '1' is on the 'New exchange' button.
- Step 2: New foreign exchange** (15:27): Shows the 'To' field with 'VND-TGTT-KHDN 38057193' and the 'Rate type' set to 'Auto rate'. A red circle labeled '2' is on the 'Amount' field.
- Step 3: Confirm information** (15:28): Shows the transaction details: 'From' (VND-TGTT-KHDN 38057193), 'To' (VND-TGTT-KHDN 38057193), 'Rate type' (Auto rate), 'Amount' (USD 3,000.00), and 'Source' (1. From export revenue). A red circle labeled '3' is on the 'Source' field.

13. Foreign Exchange

13.1. Initiate FX selling – auto rate (continue)

5 Review all transaction's information

6 Click **Submit**

TCBB display **Terms and conditions**

7 User click “Ok, I agree” to complete making new transaction

► 13. Foreign Exchange

13.3. Approve the transaction

User checker log in TCB mobile.

- 1 From Requests select Pending requests
- 2 Select Selling FX transactions need to view details
- 3 View detail the transaction and click Approve
- 4 Enter passcode to confirm transaction.

14. FORGOT PASSWORD

This function allows users to reset password when forgot and can only be done on mobile app with a registered device.

- 14.1. Verify user
- 14.2. Verify passcode
- 14.3. Create new password

14. Forgot Password

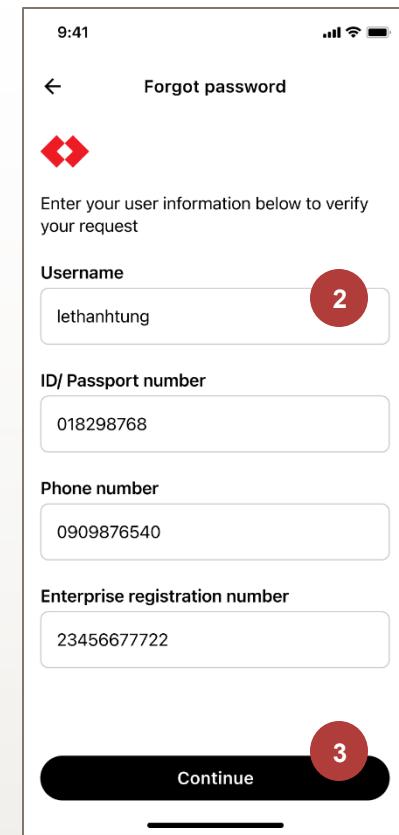

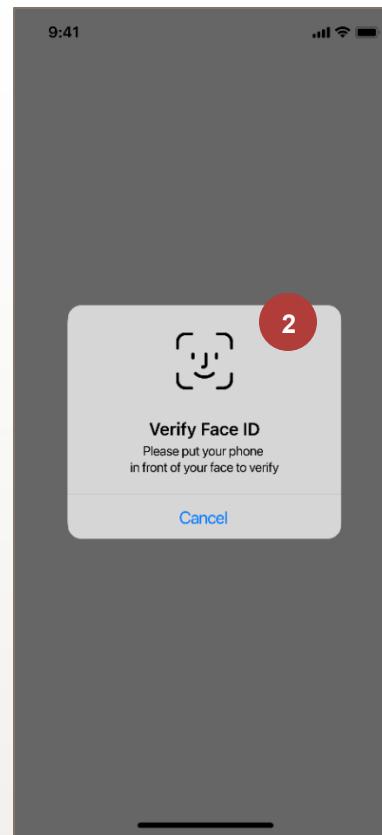

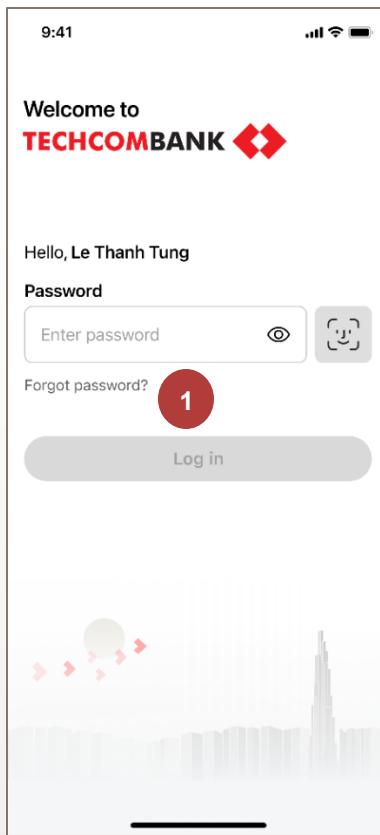

14.1. Verify user (biometrics or user information)

1 From log in screen, select **Forgot password**

2 To verify identify, user can:

- For devices with biometrics installed, the user verify face ID and goes to the next step
- For devices do not have biometrics installed, the user fills in the information, including:
 - Username
 - ID/Passport number
 - Phone number
 - Business registration number

3 After checking the information, select **Continue**

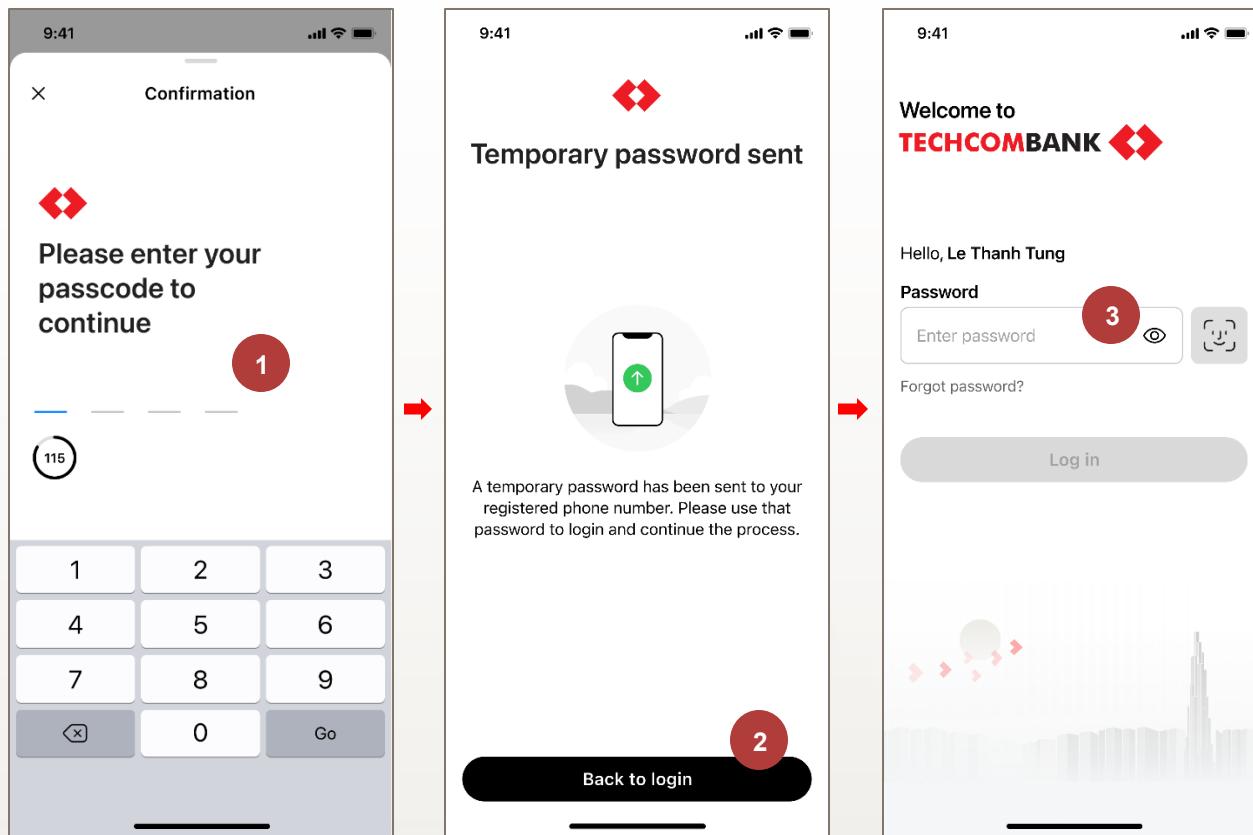

14. Forgot Password

14.2. Verify passcode

1 Enter current passcode

2 System will send temporary password to the registered phone number. Select **Back to login**

3 Use temporary password to login

14. Forgot Password

14.3. Create new password

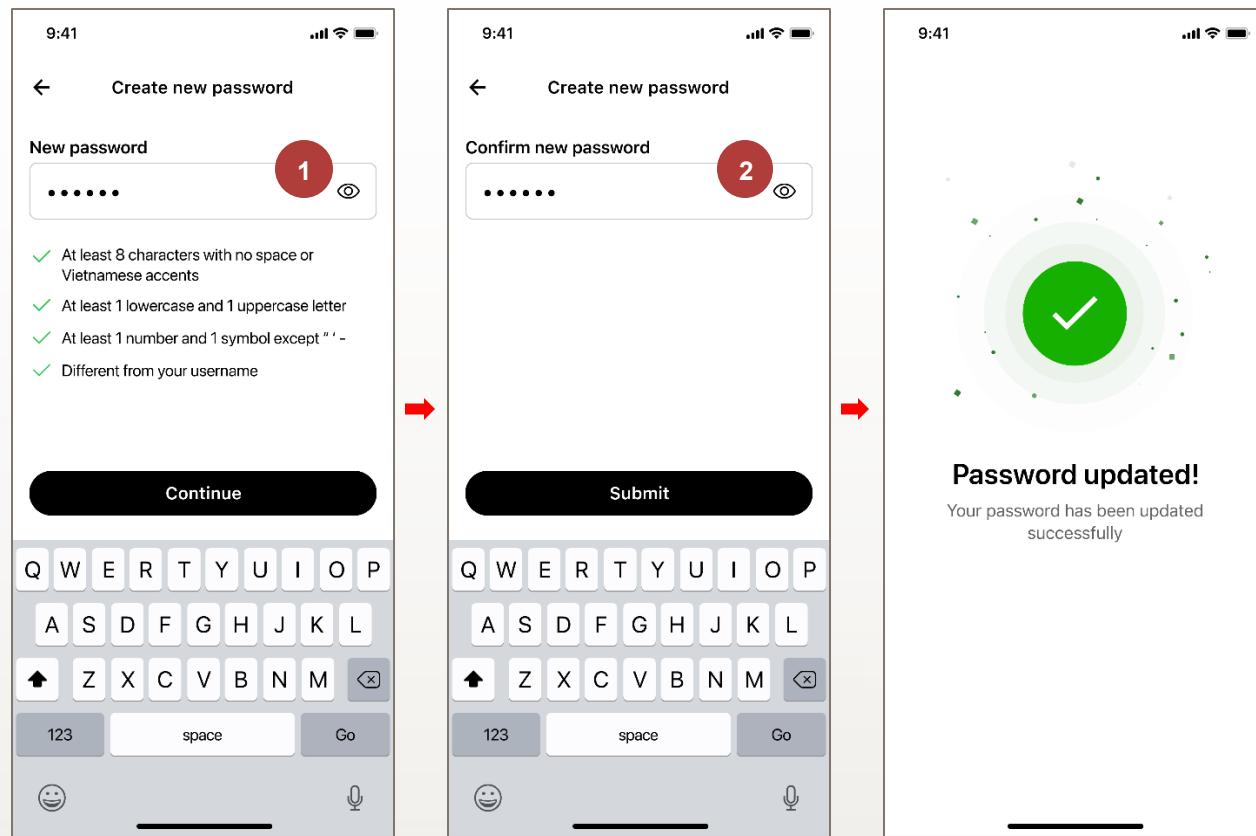

1

Enter new password and select **Continue**. Note:

- At least 8 characters with no space or Vietnamese accents
- At least 1 lowercase and 1 uppercase letter
- At least 1 number and 1 symbol except “-”
- Different from your username
- Different from 5 recent passwords

2

Confirm new password and select **Submit**.

15. SECURITY SETTINGS

This function allows users to change password (proactively or upon expiry) or passcode on mobile app with a registered device.

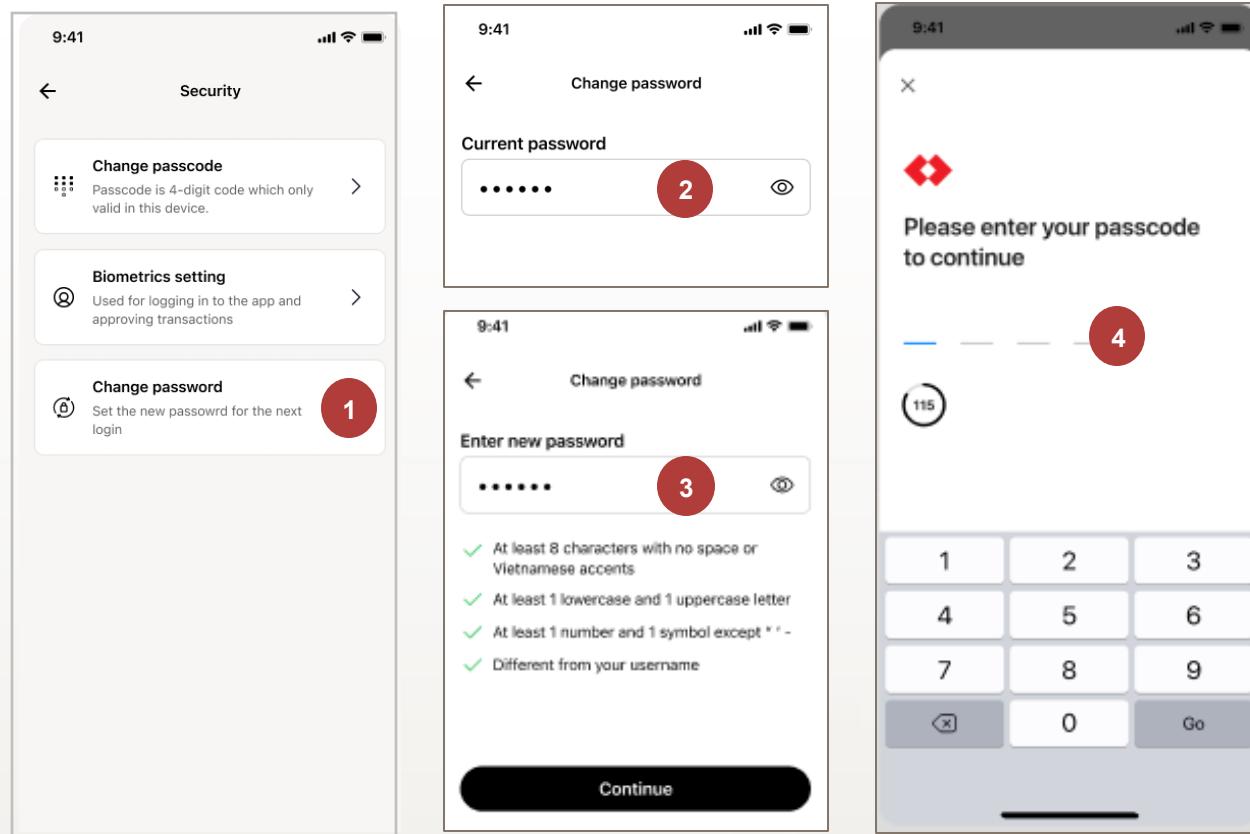

- ◆ 15.1. Change password (proactive)
- ◆ 15.2. Change password (upon expiry notification)
- ◆ 15.3. Change password (expired)
- ◆ 15.4. Change passcode

15. Security Settings

15.1. Change password (proactive)

- 1 From **More** in the navigation bar, select **Settings > Security > Change password**
- 2 Key in the current password*
- 3 Set up a new password that meets all security requirements, then confirm
- 4 Key in the passcode to verify the change*

***Note:** 5 consecutive failed attempts in step 2 or 3 in step 4 will log you the user of the application.

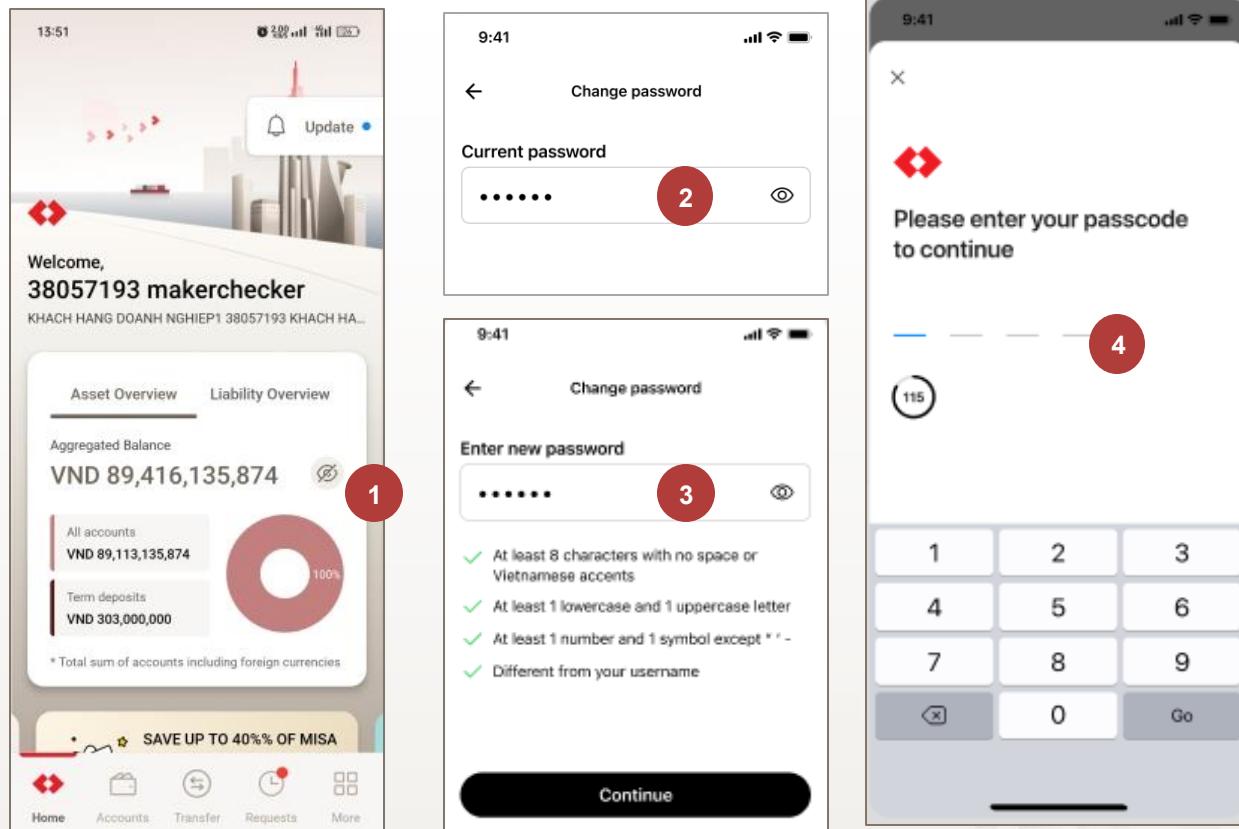

15. Security Settings

15.2. Change password (upon expiry notification)

- 1 Click into the **Expiry notification** on the main screen
- 2 Key in the current password*
- 3 Set up a new password that meets all security requirements, then confirm
- 4 Key in the passcode to verify the change*

*Note:

- 5 consecutive failed attempts in step 2 will cause account lock.
3 consecutive failed attempts in step 4 will log the user out of the application.

► 15. Security Settings

15.3. Change password (expired)

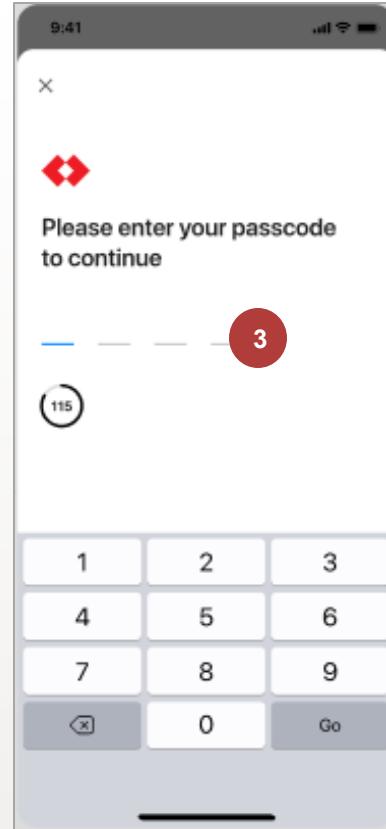

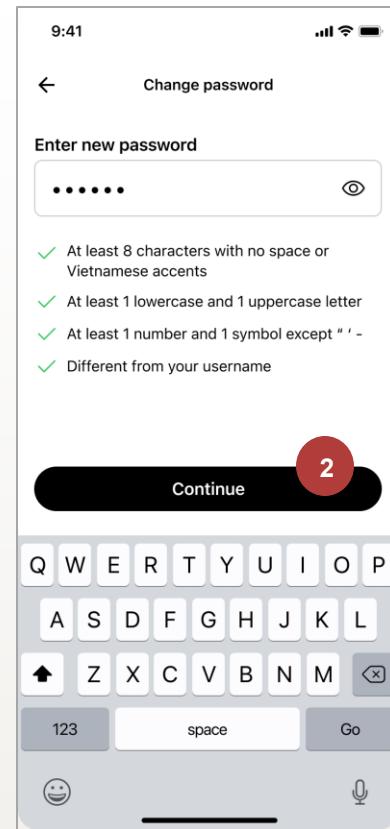

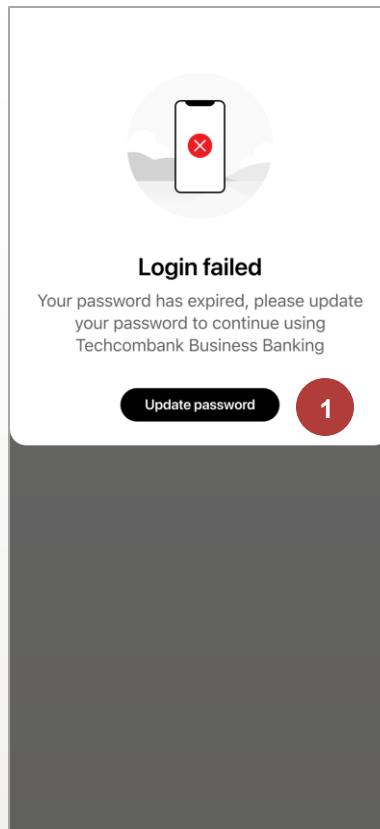

1 In case of expired password, when logging in from the lock screen, users will be requested to **update password**

2 Set up a new password that meets all security requirements, then confirm

3 Key in the passcode to verify the change*

*Note:

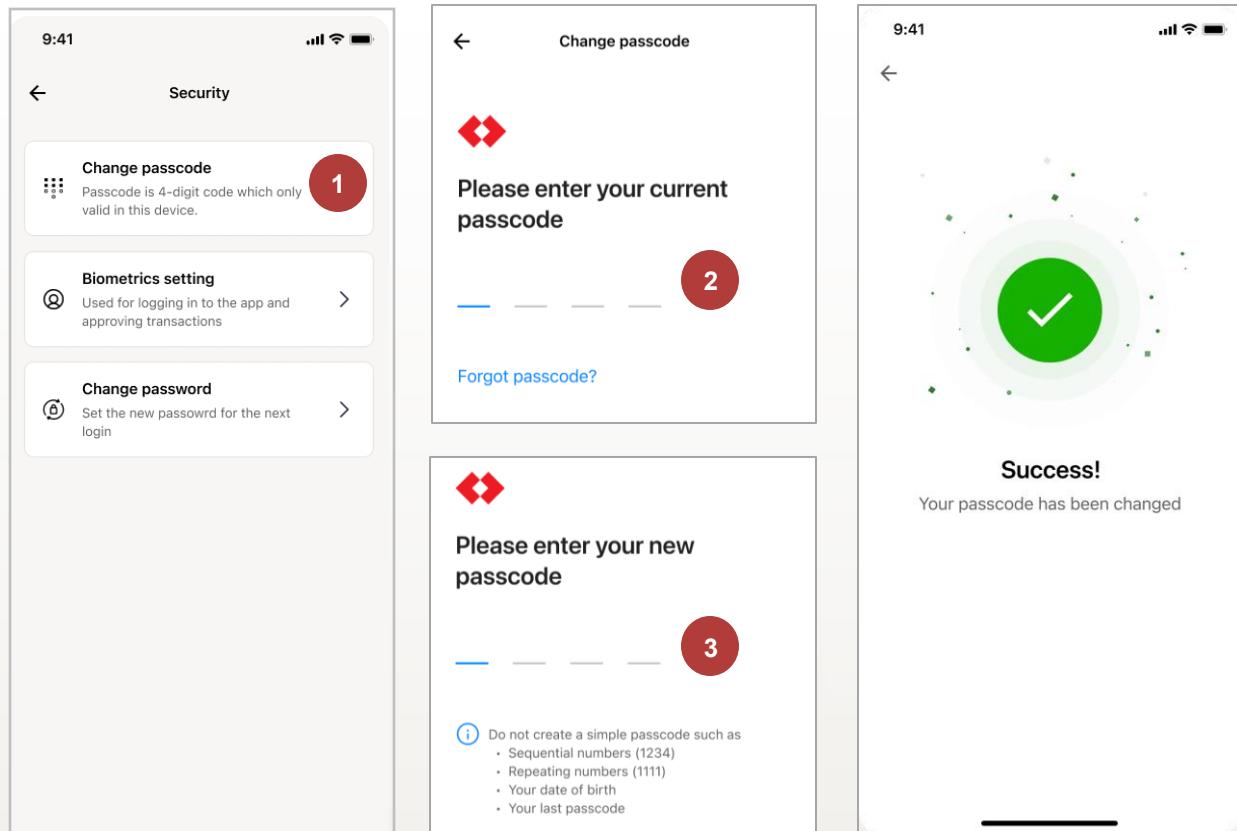

3 consecutive failed attempts in step 3 will log you out of the application.

15. Security Settings

15.4. Change passcode

- 1 From **More** in the navigation bar, select **Settings > Security > Change passcode**
- 2 Key in the current passcode*
- 3 Set up a new passcode that meets all security requirements, then confirm

16. NOTIFICATION SETTINGS

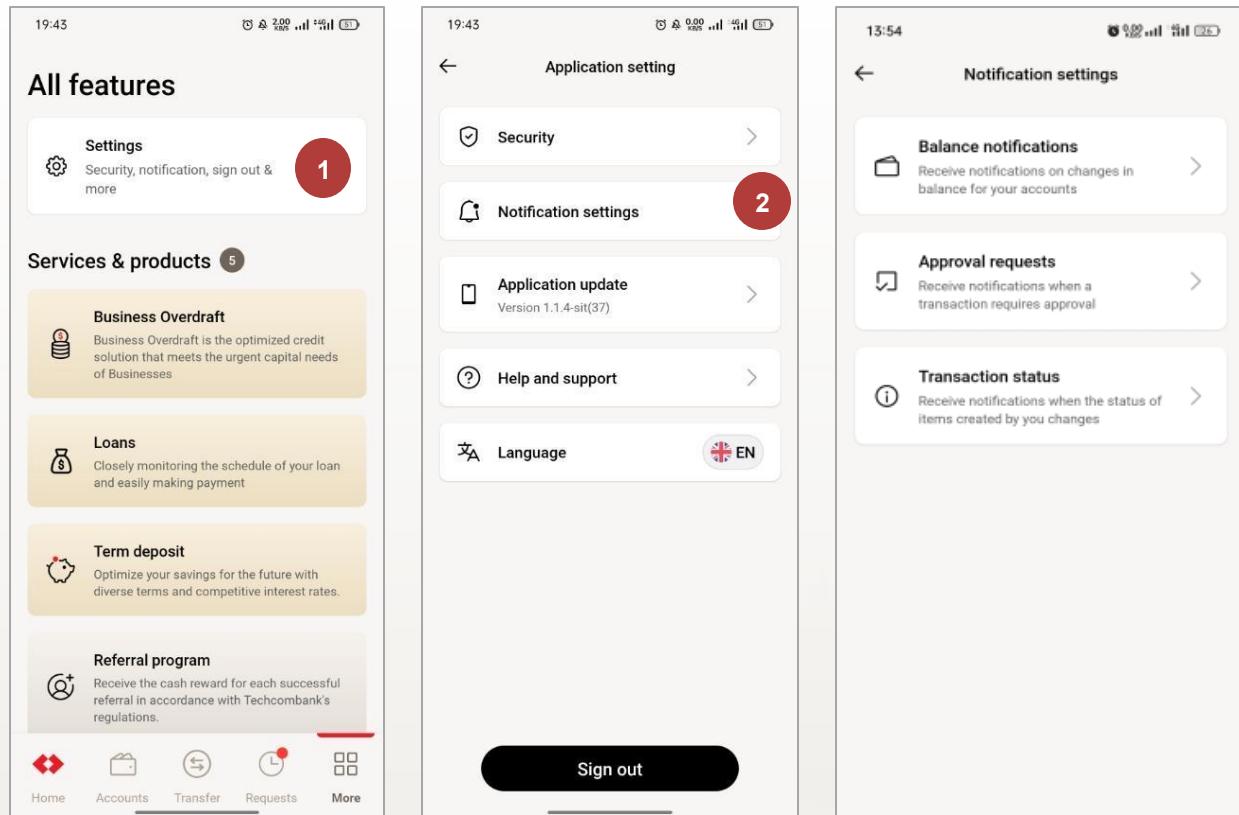

User can use QR for quick payment or send QR image to partners.

- ▶ 16.1. Balance notification
- ▶ 16.2. Transaction status (user maker)
- ▶ 16.3. Approval requests (user checker)

► 16. Notification Settings

16.1. Balance notification

- 1 Select **More** from Home page and click **Settings**
- 2 Select **Notification Settings**
- 3 Click **Balance notifications**

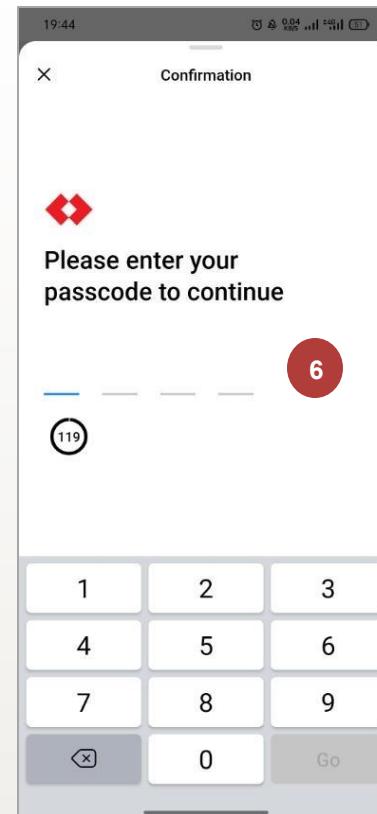

16. Notification Settings

16.1. Balance notification

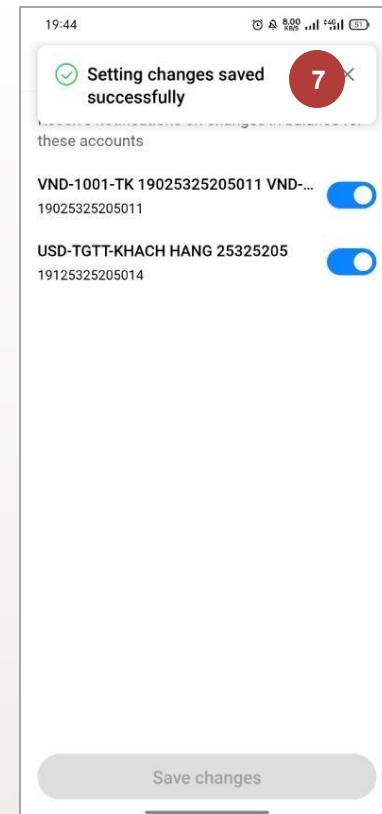

4 Turn on the notification for the account user want to follow

5 Select **Save changes**

6 User need to enter their passcode to verify new setting

7 Turn on/ turn of Balance notifications has been updated

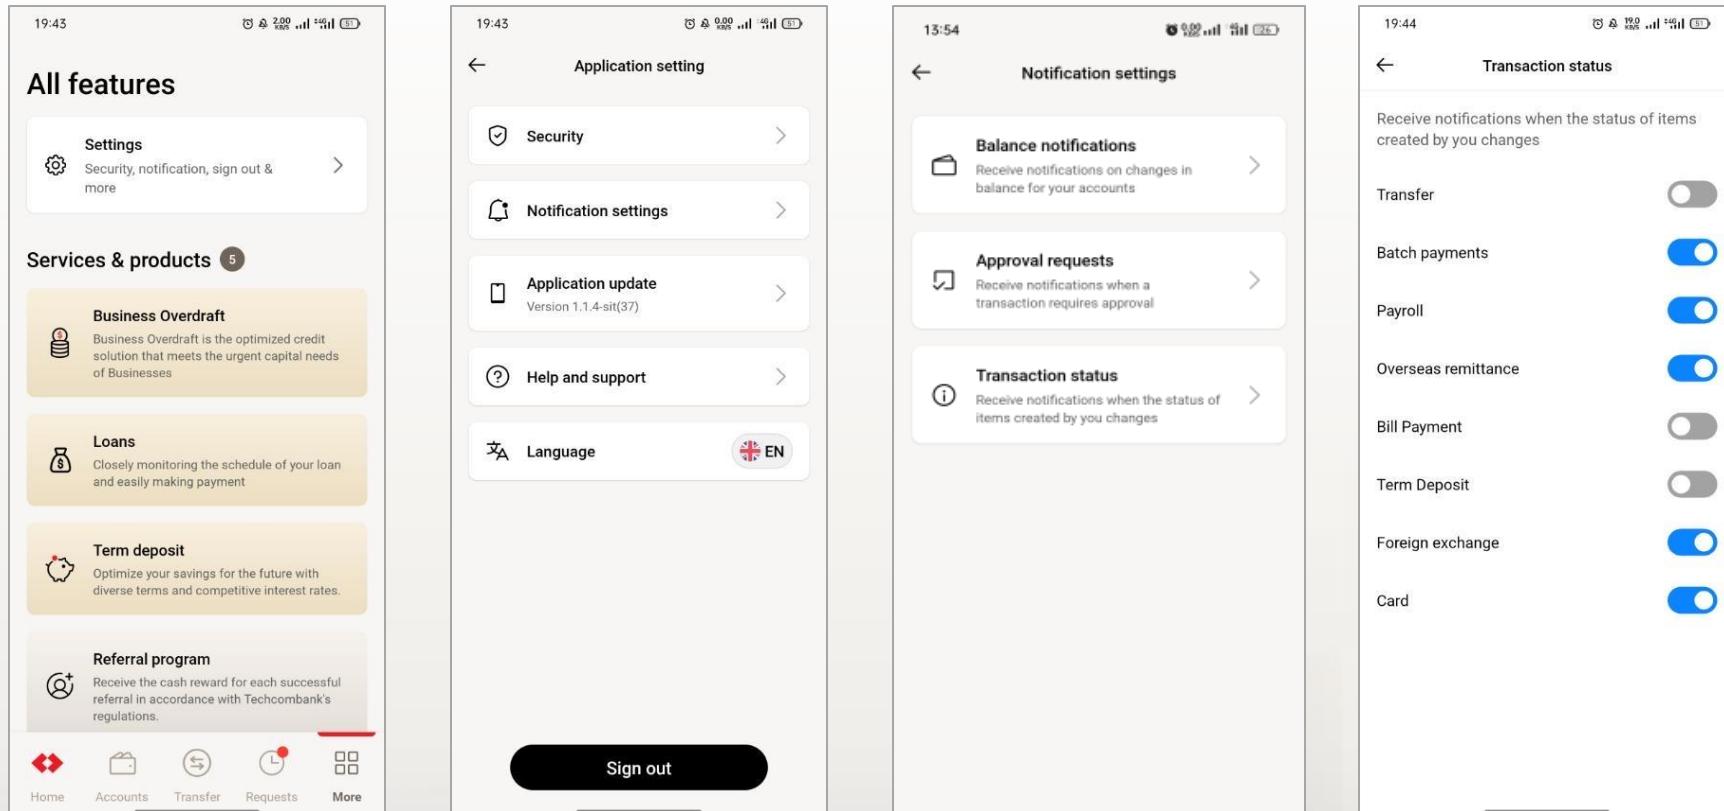

16. Notification Settings

16.2. Transaction status

Steps is the same balance notification setting, to turn on/ turn off transaction status notification, user need:

More from Home > **Setting** > **Notification Settings** > **Transaction status**

User choose to turn on with type of transaction they want to get status notification

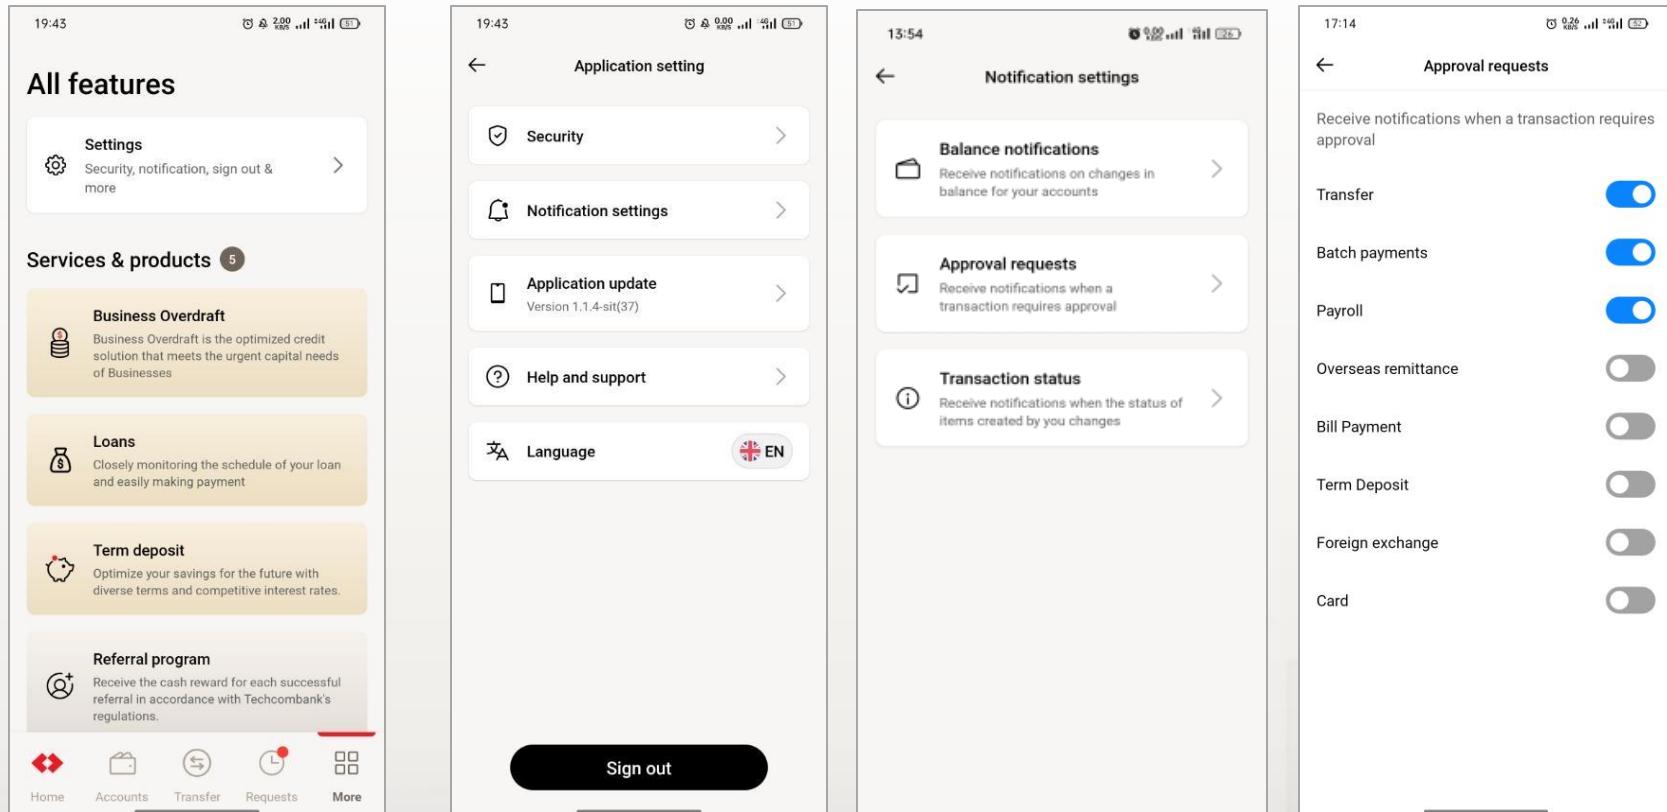

16. Notification Settings

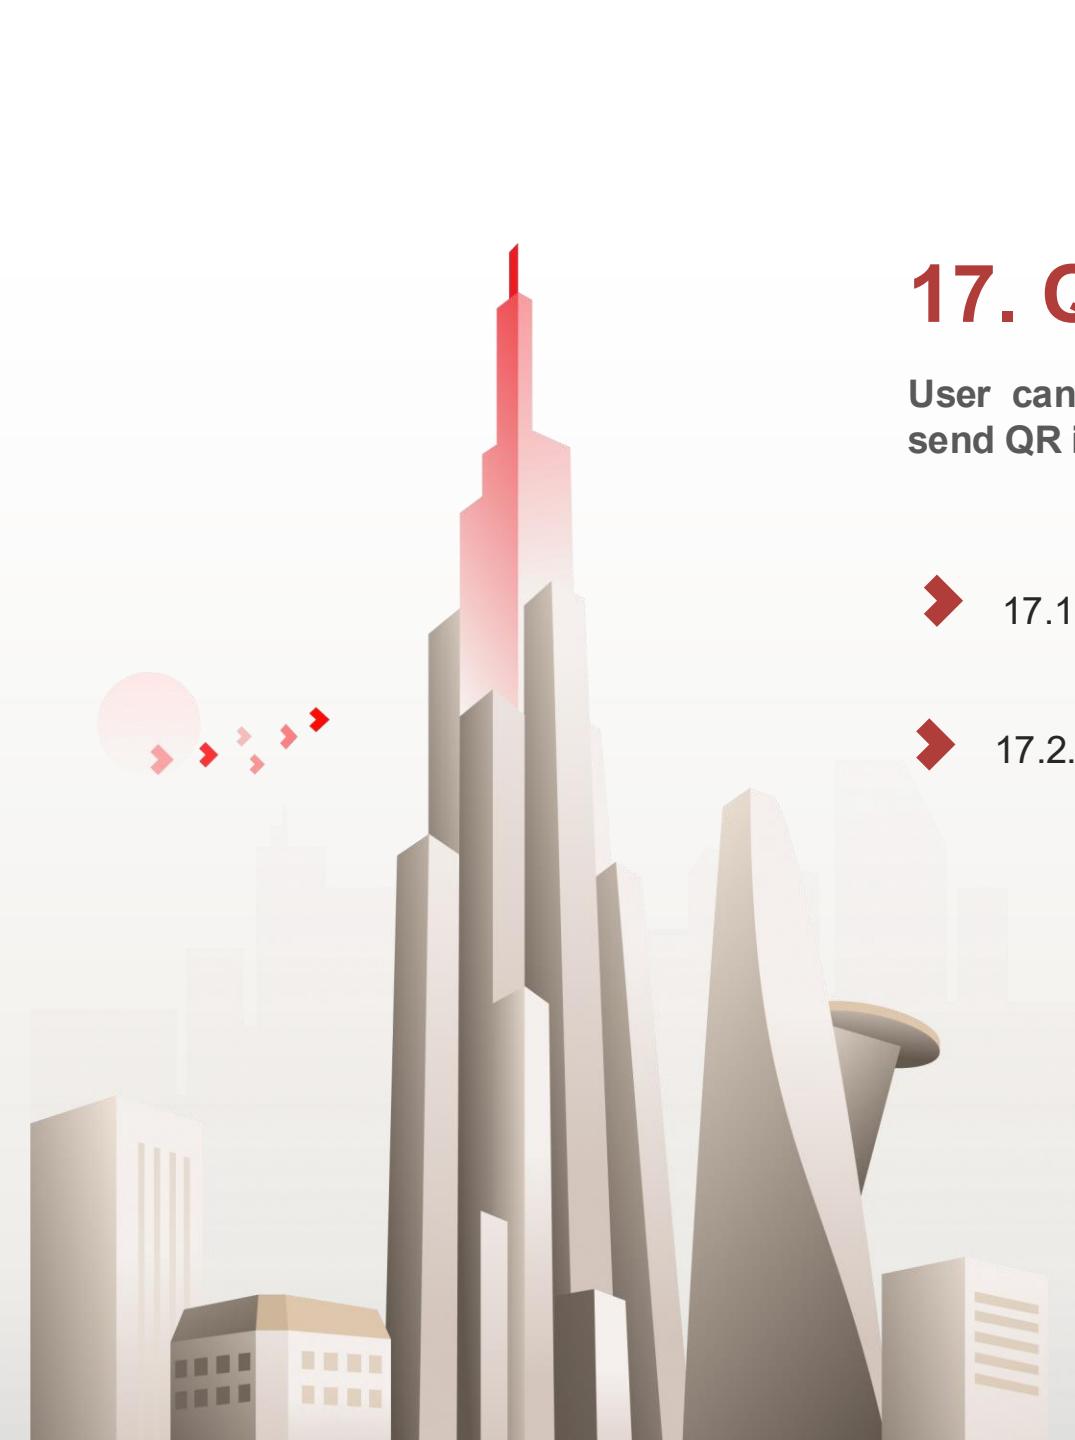

16.3. Approval requests (user checker)

Steps is the same balance notification setting, to turn on/ turn off Approval requests notification, user need:

More from Home > **Setting** > **Notification Settings** > **Approval requests**

User choose to turn on with type of transaction they want to get approval request notification

17. QR PAYMENT

User can use QR for quick payment or send QR image to partners.

- ▶ 17.1. QR payment
- ▶ 17.2. QR payment – Add amount

17. QR Payment

17.1. QR payment

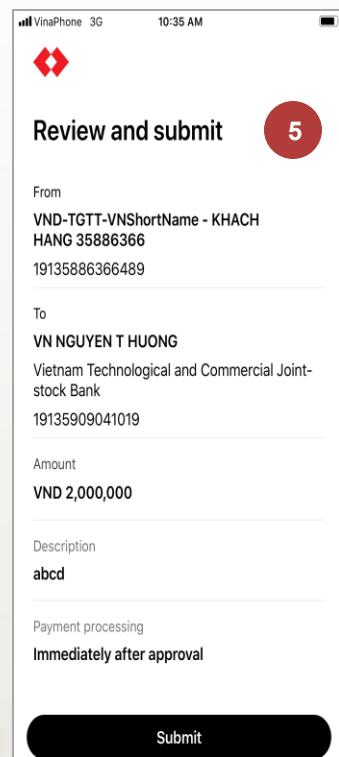

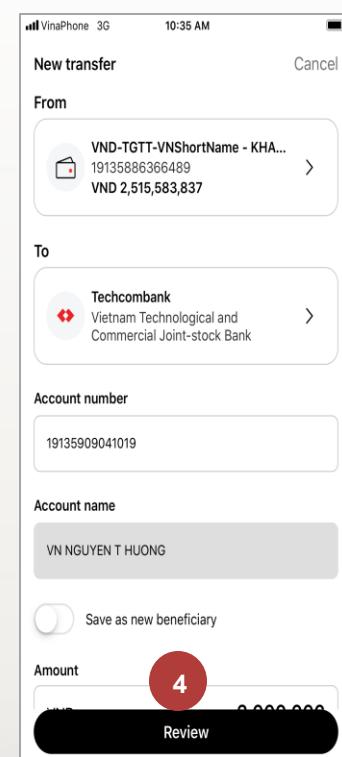

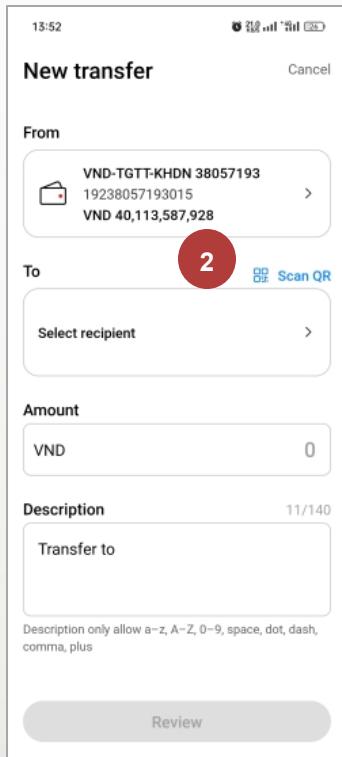

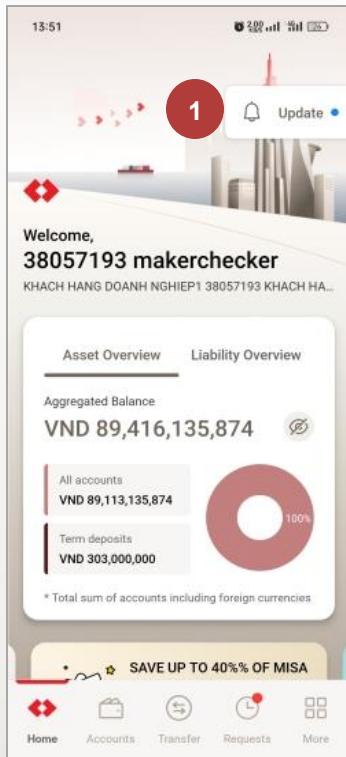

1
From **Home** >
select **Transfer**

2
Select **Scan QR**

3
Scan the QR

4
TCBB displays
beneficiary
information, user enter
amount and note

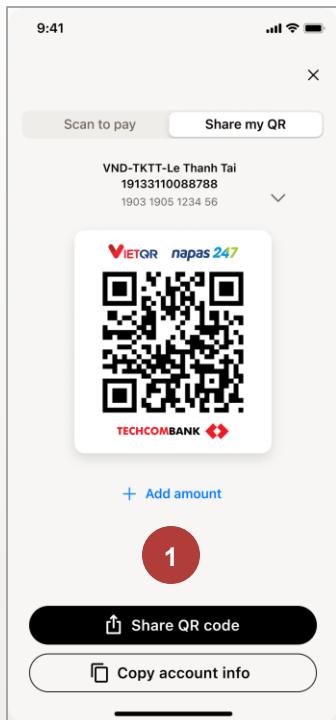

5
User reviews the
transaction and select
Submit to complete
the initiating

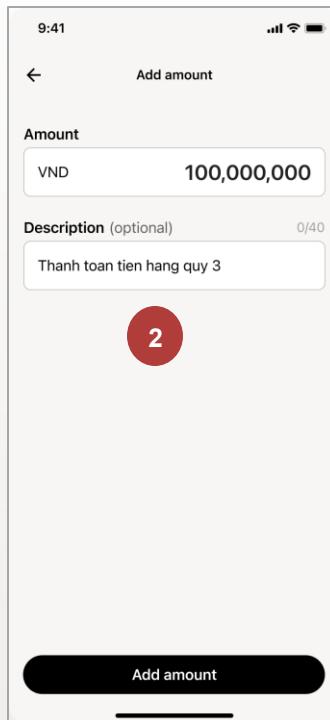

17. QR Payment

17.2. QR payment – Add & edit amount

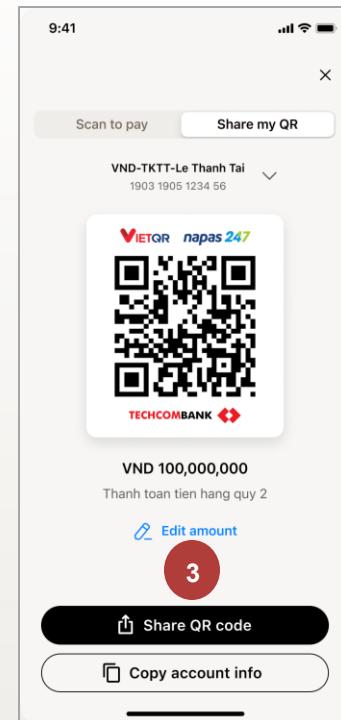

From **QR Pay**, select **Share my QR** and click **Add amount**

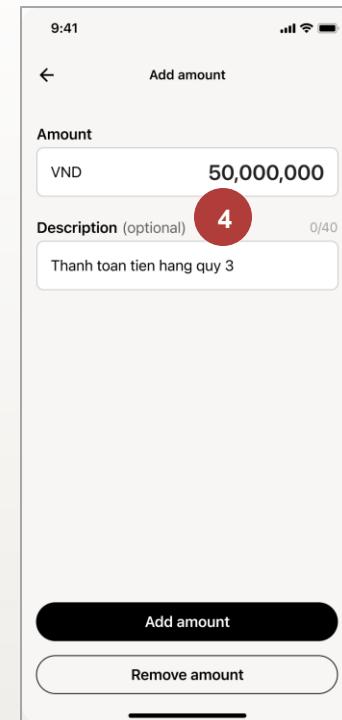

Enter amount and description

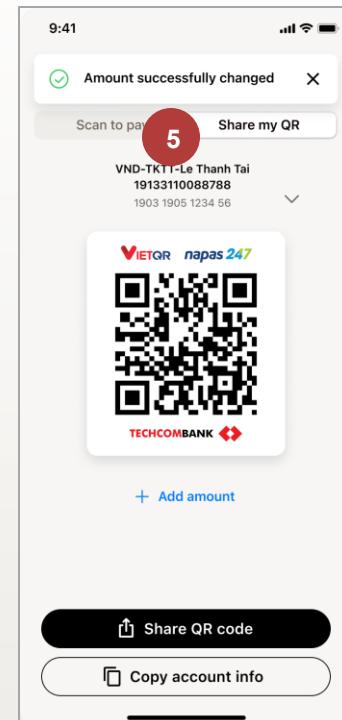

After adding amount, user can **Edit amount**, too.

Change amount and description (if need)

Update successfully

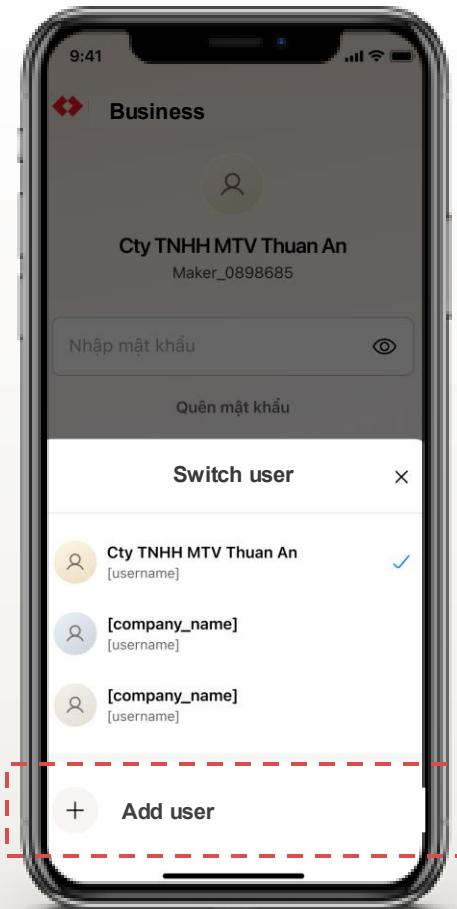

18. SWITCH USER

- ▶ 18.1. Conditions
- ▶ 18.2. Add user
- ▶ 18.3. Log in another user

► 18. Switch user

18.1. Conditions

Conditions to log in another user on App TCB Mobile:

1. All users must be registered by only one person (with the same ID) on Techcombank's system
2. All users are not registered on any devices except the current device.

In case customer wants to transfer login user from one device to another device, customer will need to follow these steps:

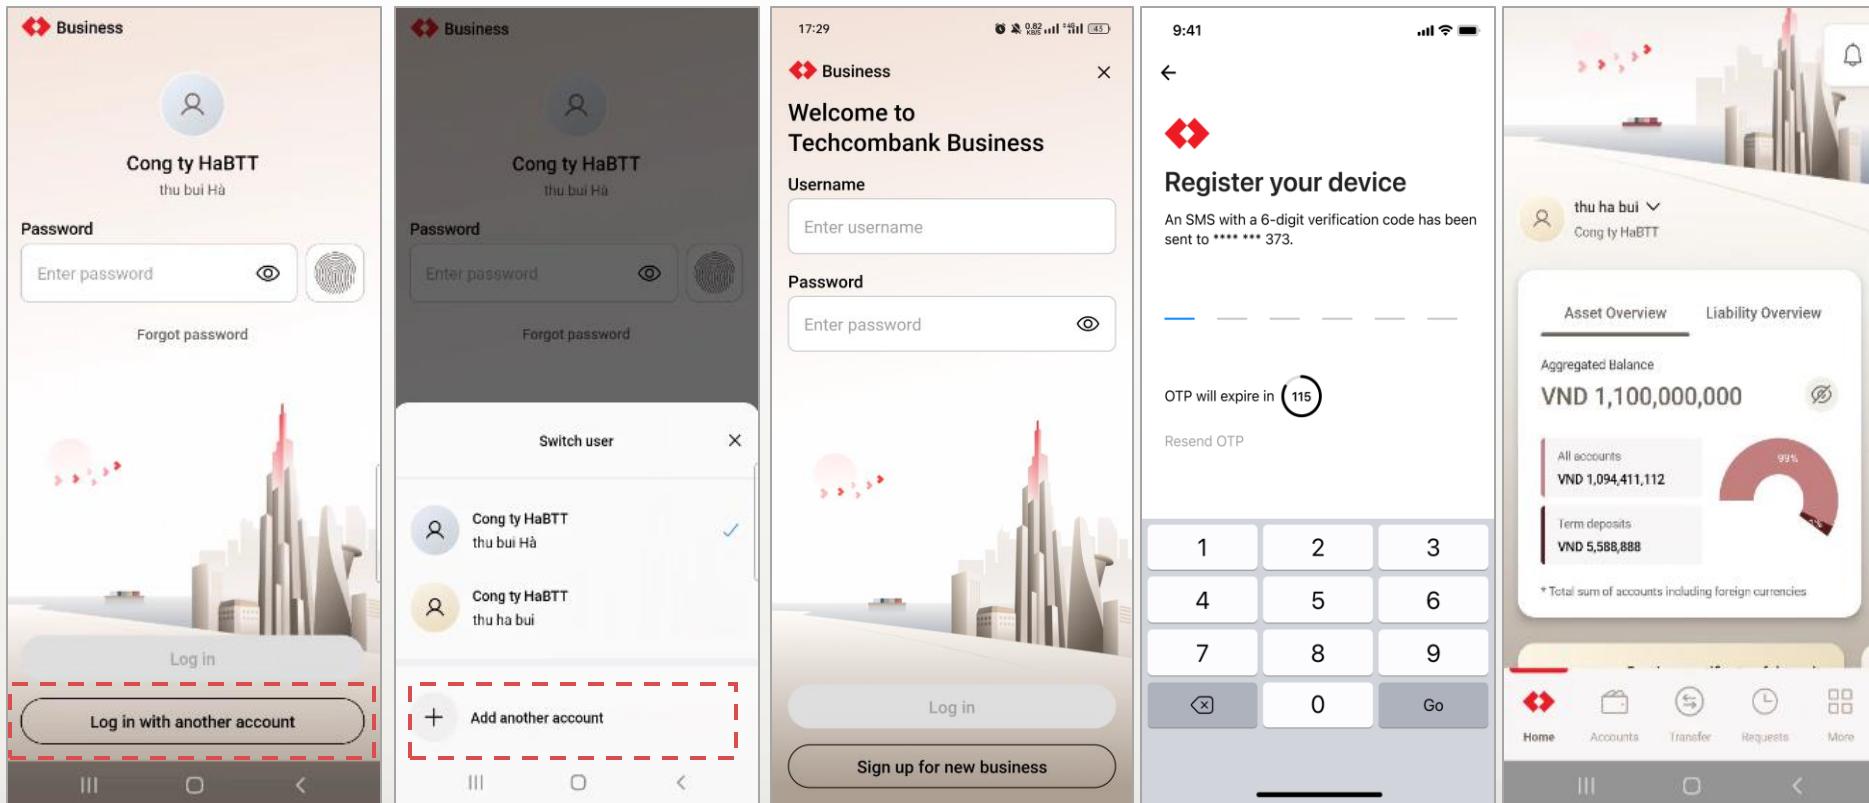

- *Revoke registered device on TCB Web*
- *Confirm revoked registered device with OTP send via SMS*
- *Register user on new device*

18. Switch user

18.2. Add user

On TCB Mobile App log in screen > Select Log in with another account > Add another account

- Insert Username/ Password of new user
- Proceed registering device for the new user by entering the OTP that has been sent to your mobile number or email
- Add new user on TCB App Mobile successfully and customer will be switched to the new user's screen

18. Switch user

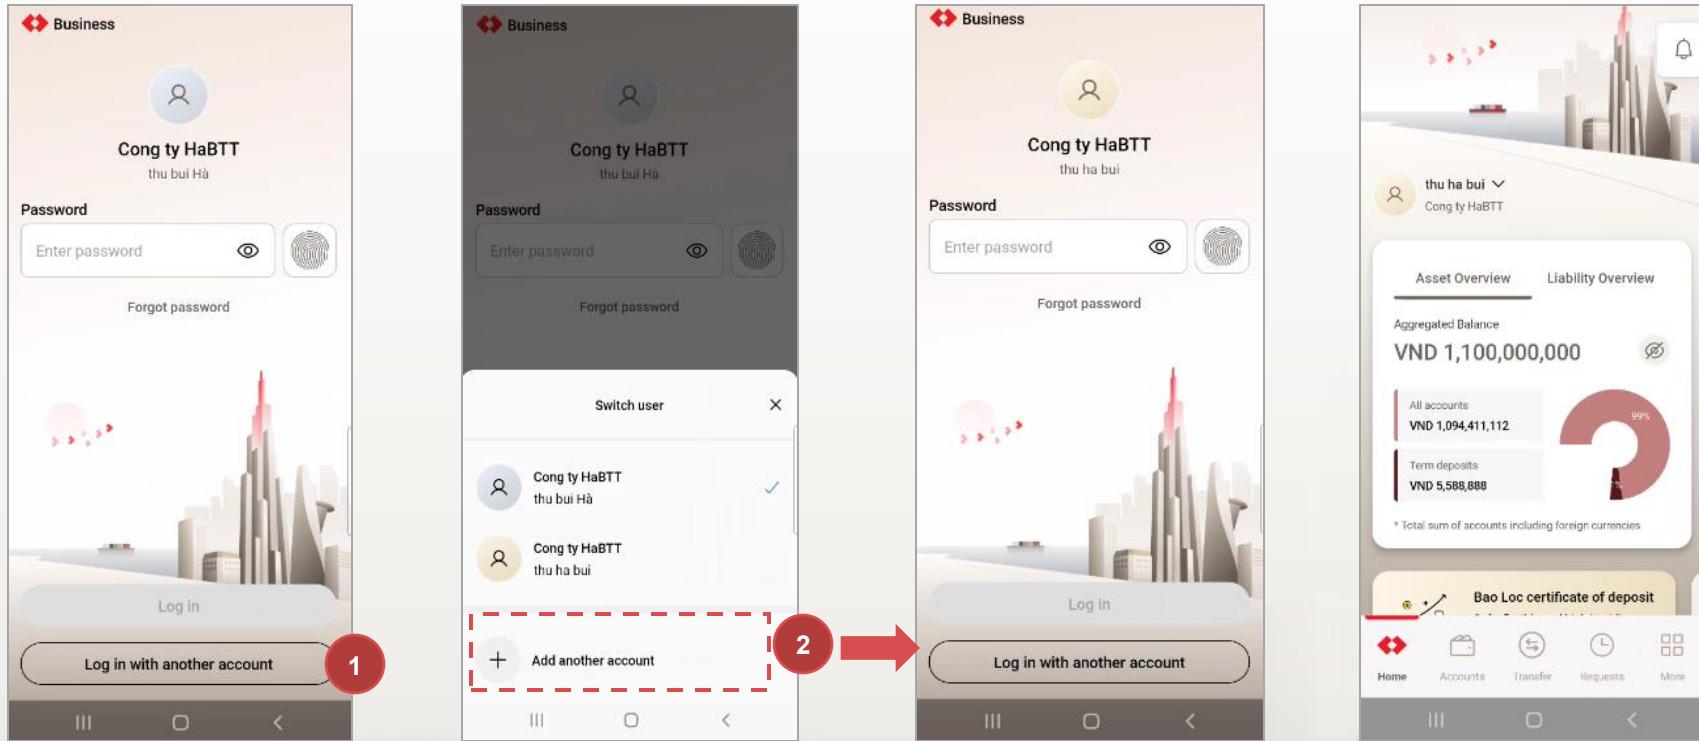

18.3. Log in another user

After registered users on TCBB Mobile App, customer can choose from registered users list that display on TCBB Mobile's login screen to login to the desired user by follow these steps:

1 Select **Log in with another user**

2 Choose desired user to log in

The system will switch to log in screen of selected user.

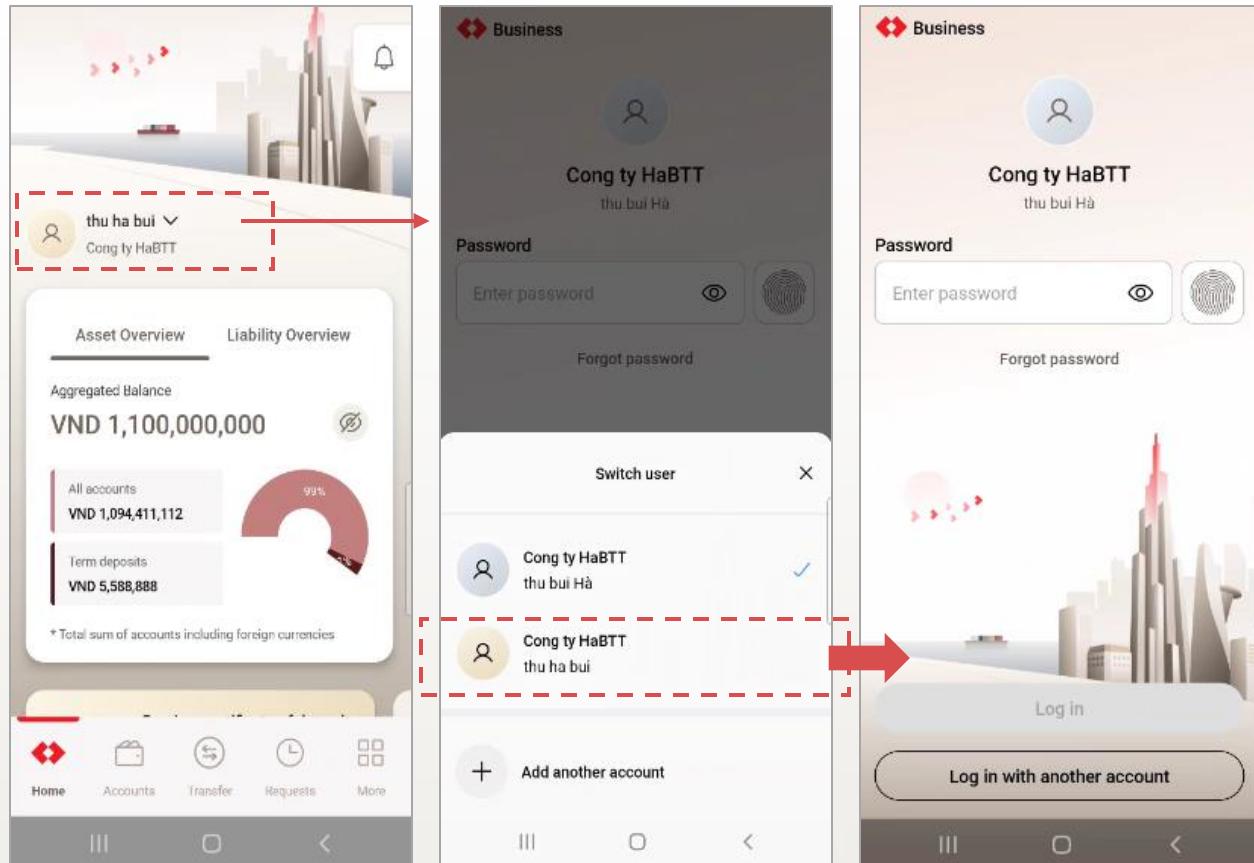

18. Switch user

18.3. Log in another (continue)

To quickly switch between accounts, customer can follow the steps below:

From user's **Dashboard** screen:

- Tap narrow down icon at **Username/ Company name**
- The system will display a list of registered users on current device.
- The system will automatically log out current user when customer selects login to another user and switch to selected user log in screen.

18. Switch user

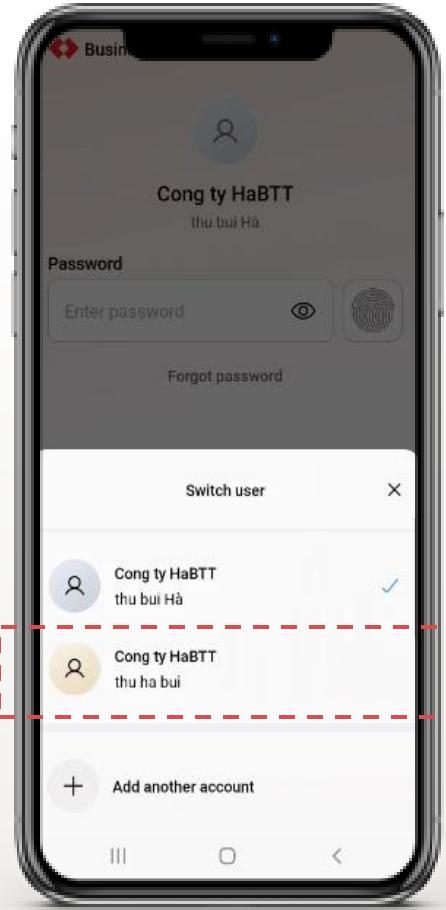

Several important notes when add user and switch user on TCBB mobile

In case user turns on biometric function (Face ID/ Touch ID), logging in by biometric as usual even when another user is selected.

User information displays according to the syntax such as: **Company name – User full name** in order to customer to keep track and select easily.

TCBB system will **NOT limit the number of users** registered in one device (with TCBB App Mobile)

TCBB will save all registered users in device and always **display last log in user** when customer accesses to the App.

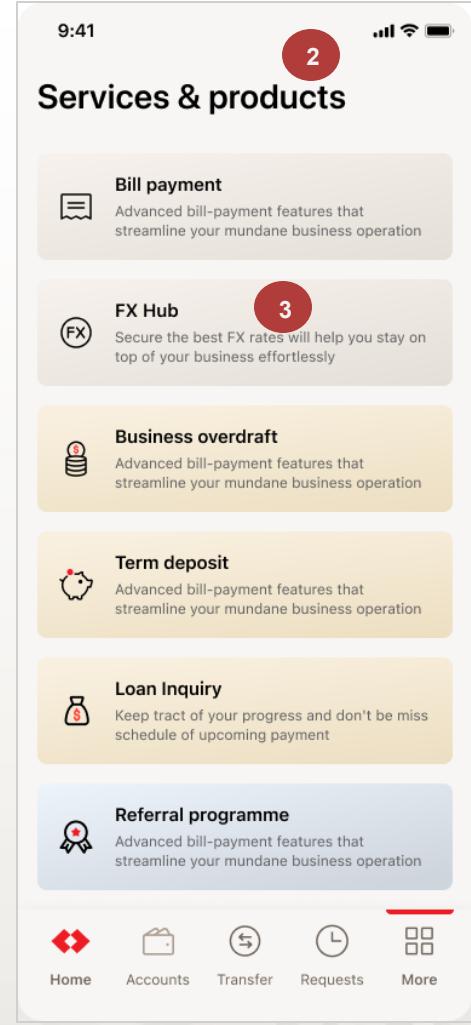

19. FX Hub

- ▶ 19.1. Key features of FX Hub
- ▶ 19.2. FX pricing alerts

19.1 Key features of FX Hub

- 1 Log in App TCB, select **More**
- 2 Select **Services & Products**
- 3 Select **FX Hub**

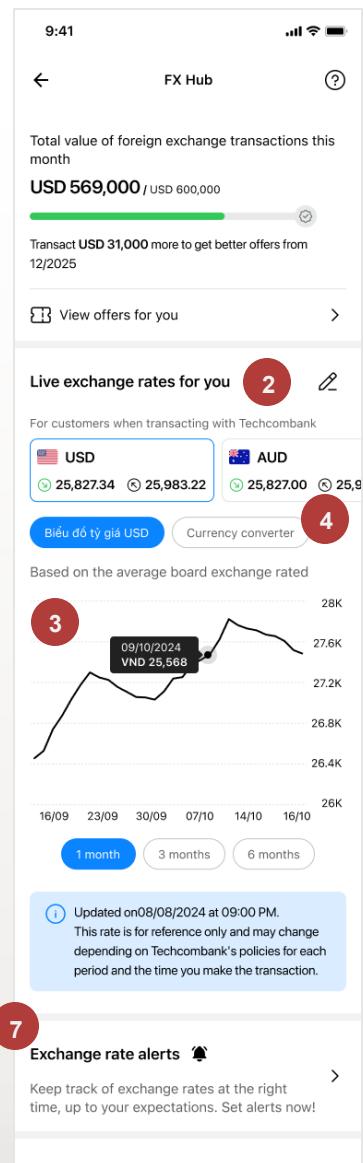

19.1 Key features of FX Hub

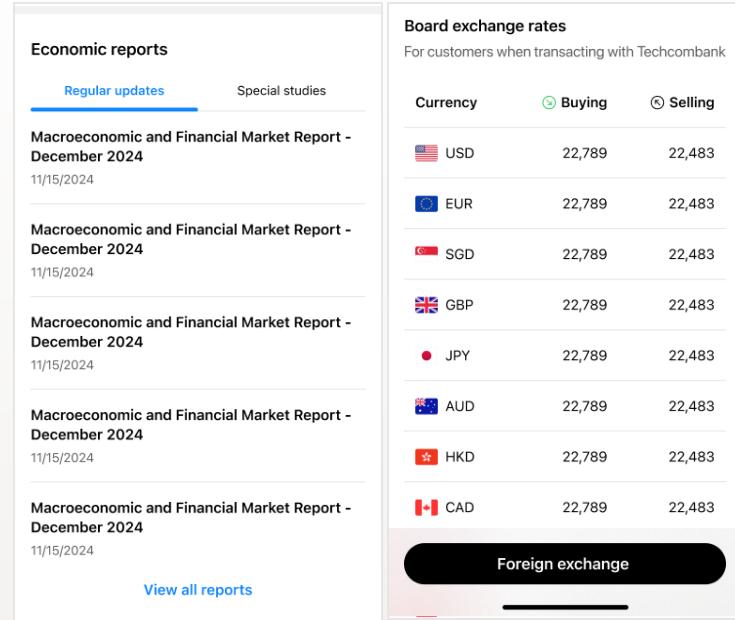

The system will display the following information:

- 1 Offers for you (for specific customers only)
- 2 Exchange rates
- 3 FX rate chart in 1/3/6 months
- 4 Currency converter
- 5 Economic reports
- 6 Board exchange rates
- 7 Exchange rate alerts
