### 2. Interest rate

#### 2.1. In addition to the listed interest rates for deposits according to Techcombank's regulations from time to time, customers and deposits that meet the conditions in section 1 are entitled to an additional interest rate ("Inspire Day Interest Rate") to calculate Additional interest for the customer's deposit, specifically as follows

$$\text{Inspire day Interest rate (\%/year)} = \frac{1.0\%/\text{year} \times A}{\text{Sum of new deposit/rollover deposit balance on "Inspire days"}}$$

In which:

- A is the smallest value of one of the following two values:

- Increased deposit balance (\*)
- Sum of new deposit/rollover deposit balance during the policy application period

Where: (\*) The increased deposit balance during the month is determined by the following formula:

$$\text{Increased Deposits balance} = \text{Balance at the end of month } T - \text{Balance at the end of month } T-1$$

- ✓ *The deposit balance is the balance of all savings deposits and time deposits (excluding certificates of deposit) of the customer held at TCB with a tenor of 1 month or more in VND.*
- ✓ *End of month T: is the last day of the month for determining the increase in deposit balance.*
- ✓ *End of month T-1: is the last day of the month immediately preceding month T.*

- The additional interest rate is taken to the second decimal place.
- 2.2. Inspire day interest rate will be automatically updated before the maturity of the deposit or within a maximum of 45 working days from the effective date of the deposit
- 2.3. The interest rate applied to the deposit after adding the additional interest rate must not exceed the interest rate ceiling of the State Bank of Vietnam (SBV) and Techcombank announced in each period, determined at the effective time of the deposit. Specifically, it will not exceed **4.75%/year for a 3-month tenor, 5.80% for a 6-month tenor, and 6.00% for a 12-month tenor.**
- 2.4. Inspire day interest rate is only applied to the first term of the deposit and is not applied to subsequent rollovers.
- 2.5. Inspire day interest rate does not apply to deposits withdrawn before maturity. If a deposit is withdrawn before maturity, the non-term interest rate at the time of premature withdrawal, as per Techcombank's regulations, will be applied.
- 2.6. Multiple Inspire day interest rate cannot be applied simultaneously to the same deposit, except for cases approved by the competent authority. If a deposit meets the conditions for multiple policies simultaneously, it will automatically participate in the policy with the highest additional interest rate.
- 2.7. Techcombank will send a notification to the customer after the additional interest rate is updated. Customers can access the Techcombank Mobile e-banking application, Online Banking, or contact the nearest branch for detailed information about the interest rate after the addition.
- 2.8. Customers have the full right to refuse the application of the additional interest rate for the deposit. If, within 7 days from the date Techcombank notifies the customer about the updated interest rate according to this policy, and the customer does not respond with a refusal, Techcombank will consider that the customer agrees to apply the adjusted interest rate for the deposit that meets the policy conditions. Other agreements in the Deposit Contract/Agreement remain in effect.
- 2.9. The contents not specified in this Appendix will be implemented according to the Deposit Contract/Agreement between Techcombank and the customer, the Account Opening and Service Usage Agreement at Techcombank, or other relevant service request documents of the customer at Techcombank.
